MANY PROMINENT MEN COME OUT FOR TANLAC

MAYORS, JUDGES, HIGH OFFICIALS, BANKERS, LAWYERS, DOCTORS
ENDORSE IT.

FELT IT THEIR DUTY TO
GIVE TESTIMONY.

Unhesitatingly Tells Suffering Humanity
What Celebrated Medicine has
Done For Them.

It is seldom, indeed, that men of prominence, especially men holding high public office, will publicly express their indebtedness to a proprietary medicine. Many prominent men however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, leading educators, government officials, and even ministers of the Gospel have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well known fact that these splendid endorsements have been given Tanlac time and time again and they will continue to be given just as often as new tests of its power are made: and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

Doctors Prescribe it.

Dr J T Edwards of Fayetteville, Ga, one of the best-known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the South. "In my thirty years of actual practise as a licensed physician in the State of Georgia, says Dr Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients every day."

Prof. C T Clotfelter, prominent educator and principal of the High School at Ben Hill, Ga, says:

"I was in such bad physical condition that I feared I would have to give up my duties. I suffered from rheumatism, sluggish liver, nausea and terrible bilious headaches. I have taken 3 bottles of Tanlac and I feel better than I have felt in years."

Noted Texan Talks.

Hon. Archie R Anderson, ex-sheriff of Harris county, Texas, is unquestionably not only one of the best known, but one of the most popular men that ever held office in Texas. He served the people in this office for 15 consecutive years.

"I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third. I'm a different man already."

H W Hill, president of one of the leading banking institutions of South Pittsburg, Tenn., and one of the most successful bankers and business men in Tennessee, said:

NOTED EX-MAYOR RECOMMENDS IT.

Former Mayor Frank V. Evans, of Birmingham, Ala., Makes a Strong Statement.

One of the latest additions to the large and rapidly growing list of prominent men who have publicly endorsed Tanlac for the good it has done them, is the name of Hon Frank V Evans, former Mayor of Birmingham. Mr Evans, is one of the best known men in public life in Alabama today, being at one time editor of one of the South's great news papers, the Birmingham Age-Herald. He was also examiner of public accounts of Alabama. In telling of the benefits he had derived from Tanlac, Mr Evans said:

"For years I suffered with gastritis and indigestion in the worst forms. I was habitually constipated and had pains in my shoulders and my head ached continually. My appetite failed me almost entirely and everything I would eat would hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath."

"I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

"I suffered from rheumatism and other ailments for many years and Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."

"I'm telling all my friends about Tanlac and am recommending it to them regardless of their age and trouble."

Dr G W De LaPerriere of Winder, Ga., is not only one of the best known physicians and druggists in the State of Georgia, but is also a man of extensive property and wide influence, ranking as one of the leading citizens of that entire section. He has been in the drug business in Winder for 25 years.

Recently Dr De LaPerriere wrote:

"Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller, I have ever had in this store."

Other prominent men who have endorsed Tanlac are:

Professor Elmer Morris of Dover, Tenn; Professor W A Wood of the Central Graded Schools, Winder, Ga; C C Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon S S Shepherd, member of the Atlanta city council; Hon George Samuel Riley, Chief of Police in Macon, Ga.; Hon C G Lavender, register of Williamson county, Tennessee; Dr W H Brown, 4822 Charlotte Ave, Nashville, Tenn, founder of and president of the Tennessee Protestant Home for girls and John F Carroll, cotton mill superintendent of Chattahoochee and Atlanta.

Tanlac is now sold in Salisbury by the Smith Drug Co. S M Purcell, the Empire Drug Co. and by leading druggists everywhere.

Priest Wanted.

Has any body around here seen Sheehan—Sheehan with the Roman collar and the Catholic countenance? He is wanted at Oregon, Illinois—so earnestly wanted that a reward of fifty dollars is offered for his arrest and detention.

Daniel J Sheehan is his name, Roman Catholic priest is his profession, and George D Banning, sheriff, Oregon, Illinois, offers reward because Sheehan is charged with an unmentionable crime.

Sheriff Banning puts out a card which bears a likeness of the long sought Sheehan; and detectives who are looking for employment, as well as all others who would like to possess a picture so striking in its portrayal of priestly piety and masculine vigidity, might obtain one on request.

George D Banning, sheriff of Ogle county, with office at Oregon, Ill, holds a warrant for Sheehan's arrest, and requests anyone who knows his whereabouts to wire at his expense.

How is Your Complexion?

A woman should grow more beautiful as she grows older and she will with due regard to baths diet and exercise, and by keeping her liver and bowels in good working order. If you are hazy and yellow, your eyes losing their lustre and white becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders.

Decrease in Expenditures.

March was the first month in which a decided decrease in army expenditures occurred, an official statement issued shows. In that month expenditures were \$49,000,000 or just 58 per cent. of the previous monthly average. Of that total the quarter master corps spent 71 per cent. Contracts suspended and cancelled by the war department since the armistice now total \$24,000,000. The value of ordinance items which is proposed to complete on war orders has been reduced to \$103,000,000.

Three Year-Old Child Knows Operas.

A dispatch from New Orleans, La., says that Octavious Roy Cohen, Jr., three-year-old son of Octavious Cohen, author and playwright of Birmingham Ala., proved before a jury of educators and musical critics that he knows 200 operas by heart. The baby in a formal test identified and lisped the names of opera after opera unerringly as phonographic selections by the jury were played.

Nicholas Bauer, Acting Superintendent of the New Orleans public school, headed the examining body and pronounced the exhibition the most phenomenal in his experience. The three-year-old child capped his operatic test by identifying a score of operatic selections beginning with the Peer Gynt Suite, when his father tapped the rhythm of the music with a coin on a table.

Are You Happy?

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effectual, easy and pleasant to take.

ROWAN'S LOSS IN THE WORLD WAR.

Out of 1300 Soldiers and Sailors the County Loses Only 33.

Reports so far received and compiled as carefully and fully to date as possible show that thirty-eight Rowan men were either killed in action, died of disease in France or died in cantonments in the United States. Sixteen of these were killed in action, two died of wounds, one was lost at sea, seven died of disease in France and twelve died in camps in the United States. A carefully prepared list has been made of these and if there are any others known to relatives or friends it is desired that their names and other information be reported to E. H. Bean.

The list of Rowan men as compiled to date from data are as follows:

Killed in Action:

Marvin Trexler
Carl Hooker

Bank Has a Good Year.

There was a meeting of the stockholders of the Bank of China Grove in the office of the bank Tuesday, April 15th. The affairs of the bank were carefully gone over and everything was found to be in excellent condition. The old officers were re-elected and a nice dividend declared.

Discuss Attitude Toward Hungary.

London via Montreal—April 19—During the visit to Budapest recently of General Dan Christian Smuts, who was sent by the Paris conference to investigate the Hungarian situation, he obtained from Bela Kun, the communist foreign minister, assurances regarding the protection of foreign interests in Hungary, the Press Bureau announces. Nevertheless it is declared, the Hungarian government is still endeavoring to confiscate foreign property.

In the circumstances Foreign Secretary Balfour has addressed a note to Bela Kun warning the soviet government that it will be held responsible for the fulfillment of this undertaking regarding foreign interests.

Sharp Challenge Issued.

"Match Asheville N. C.!"

Such is the challenge that Asheville has sent out through the Fifth Federal Reserve District

Asheville has made this statement that it will subscribe its entire Victor Liberty Loan allotment in two hours.

One hundred and twenty minutes and the allotment is taken and Asheville is over the top—Bang!—Just like that!

Asheville says it is going to do it, and it wants to know if any other place in North Carolina or in the Fifth Federal Reserve District or in the United States for that matter can match it.

Asheville is inclined to doubt it, and consequently Asheville is already laying claim to the Victory Liberty Loan championship. Its claim is based upon a promise, it is true, but Asheville says it's going to turn the trick in just two hours.

In the Old North State the people have a way of doing things. In the first, second and third and fourth loans they subscribed more than one hundred and ten million dollars. They are getting ready to "go the limit" for the Victory Loan.

But watch Asheville!

Let Us Rejoice.

General Pershing's staff reports officially that if the war had lasted six months longer, one hundred thousand more American soldiers would have been killed.

One hundred thousand of those boys coming back to us every day now, would have been lying in the mud of France—if the armistice had been signed last Thursday instead of last November.

Are we grateful to those who died?

Are we grateful to those who were maimed for life in our fight?

Are we grateful to have so many boys come back to us safe and sound?

Is there enough gratitude in the world to express the thankfulness in our hearts because victory came so soon.

The money that you are putting into the Victory Liberty Loan is the money that was spent to end the war six months, perhaps twelve months! to save the lives of a hundred thousand or maybe four hundred thousand American boys, to bring your boy safely home—for he might have been one of that four hundred thousand saved from the French mud.

Well—is he not worth it? Is not each one of that four hundred thousand worth it to his loved ones.

Was it not cheap at that? Dollars can not measure the value of American life!

We have a lot to be thankful for—we might all have been wearing those little black armbands with the gold star

Put your joy into action, not words. Help pay for your boy's life with a Victory Liberty Loan bond.

Chamberlain's Cough Remedy.

The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakeney, Decatur, Ill. writes: "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for croup and have taken it myself."

THE "HOLY ROMAN CIRCUS"

Autocracy in America Still Defiant and Breeding Trouble.

All Gaelic Gotham is agog with excitement over the coming "holy" Roman show when the pope's new archbishop of that papal province will be elevated to the throne of his satrapy and receive the homage of his clergy.

The New York Tribune Magazine, of March 23, says that it will be a celebration the like of whose pagan splendor has seldom been seen in the effete East. The barbaric pagantry of the orient is to be out done, and no prince of India was ever installed with more pomp than will attend this inauguration of Pope Benedict's chief agent in his New York office.

The "holy" man first blesses the "holy" oil on the "holy" Thursday, marches in procession with priests and acolytes to the portals of "holy" St Patrick's Cathedral, kisses the crucifix, is saluted with smoke from the censor-pots of the attending priests, then the two ring performance begins with two choirs in antiphonal singing of the royal psalm "Sacerdos et Pontifex" and "Ecce Sacerdos Magnus," behold the great priest.

Then led by a cross bearer, not a Cyrenian, the procession will proceed to the high altar and thence to his throne with a mitre on his head that marks his ministerial authority derived from the triple-crowned monarch of St Peter's and the vatican.

Seated on his throne he will receive the formal homage of the clergy who will henceforth assist him in administering the canon law of popery. Vicars and members of the late archbishop's council will kneel and kiss his hands or feet according to instructions.

Having thereby brought all the lesser clergy of the province under his sway, he will then lay aside gloves and mitre and humbly kneel before the pope's personal representative from Rome and renew his oaths to support his sovereign, the pope, in all his claims and pretense to the papal pontificate, including his claim to the very "place of Almighty God on earth."

Instead of an oath renouncing allegiance to foreign thrones, princes, potentates and powers, such as is reasonably required from all other aliens seeking citizenship, he will renew his allegiance to the autocrat who claims to rule the earth by divine right from his throne in Rome.

And this is in a country where democratic simplicity is the mark of honest leadership among a people whose religious Hope was born in a manger and lived a simple life of service in behalf of humanity.

The "holy Roman circus is indeed a show in more senses than one for it not only affords the opportunity for the pope's aristocracy to parade themselves before the gaping mob, but shows the true nature of the thing which calls itself religious but wears this regalia, adopts ceremonies, assumes the privileges, and conducts itself in every particular like the aristocratic court of a heathen potentate.—The Menace.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or disperse the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
