IS THIS A DELIBERATE FALSEHOOD?

In a recent bulletin published by the State Board of Health it was admitted that these so-called sanitary closets produced mosquitos, but the writer tried to dodge the responsibility adding that they were the harmless variety. The combined testimony of hundreds of honorable and intelligent people who know where of they speak consider the following statement little short of a deliberate falsehood.

"I can absolutely state that the sanitary closet is not responsible for the great number of mosquitos in this city, and if a little kerosene is poured into them occasionally they will absolutely breed no mosquitos - Health Officer.

The thing to do to get rid of mosquitos in Salisbury is to demand that the town and county authorities fill up these so-called sanitary closets at their own personal expense, and discontinue this health officer FARCE. There are some who are in favor of demanding that the aldermen county commissioners and members of the legislature who are responsible for this so-called health law be forced to reimburse, out of their private purse, the expenses incurred in the erection of these closets and hired meddlers. It was done without the consent or request of the people and it is high time that some steps were taken to see that officials who ride on high horses be made personally and financially responsible for their stewardship. Of course they will laugh at such an idea, but it will not ever be thus.

The proposition to extend the limits of Greensboro was voted down by the people yesterday. However the Greensboro News won a great victory or rather it succeeded in selling quite a lot of advertising space at so much per owing to the agitation it originated.

The foreign element in our country are now showing how much they appreciate American hospitality and institutions. Drastic immigration laws should have been enacted fifty years ago and the mistake made by Presidents Taft and Wilson in vetoing the recent immigration bills is now painfully apparent. People who come to America for any other purpose than to make good citizens should always be debarred.

The idea of a parent-teacher's association in some respects is a good thing, that is if all the parents get into the association and direct the conduct of the schools as they should, but if they are to be mere puppets for the manipulation of the teachers which seems to be the case, it will likely be more harmful than helpful. The public schools are the most autocratically conducted institution in the State and the teachers have already gone far in the usurpation of parental authority, and now it looks as though they not only want to manage the child, but the parent also. Later, we suppose they will want to take charge of the home. Let the parents do the bossing or stay out of this game.

The Watchman has no time for the class agitator and general calamity howler, but believes all public affairs should be conducted in an orderly, sane way, after mature consideration and according to the wishes of a majority of all fairly expressed, and, owing to this view, it finds itself entirely out of harmony, with the faddists, freaks, many public officials and largely with the trend of the times, yet in harmony with the masses. Equal and exact justice to all men of whatsoever persuasion, etc., year ago was a dogma that was popular among statesmen, but seldom heard today. It has been supplanted by time serving demagogues, office hunters and grafters, and sneak legislation, class legislation, and the general subversion of governmental affairs to their selfish purposes. The governor and the last legislature put up a howl about the, equalization of taxes, which judging by the tearful pleas made, one would have thought their doddering hearts were for once on the right side. The people, however, are almost disillusioned. The inequalities in the assessment of property, as far as we can determine by the reports of honorable men, are as bad as ever, if not more so, more deliberate and more unjust.

The poor man, the man with a little home, or renter, has always, and it seems must continue to bear the burdens of taxation, and not being satisfied with this inequality and injustice, the last legislature, proceeded to lighten the load of the man with ready money and increase the burden of the already overburdened poor. Hence, instead of our government being one of helpfulness, justice and generosity to those who need the benign influences of fair play, becomes an oligarchy by and for the well to do, who never fail to shape legislation in such a way as to make the rich richer and the poor poorer. Thus the poor finding that our so called Democracy having lost its savor, having changed its course seek other methods to right their wrongs. We find him joining the labor unions and the I W W's and taking part in demonstrations against the government against private ownership of property and even against God and religion. The people are responsible for this condition for they do not use the forethought necessary in the selection of their legislators, take too much for granted, fail to instruct those selected, and, as a consequence the demagogue and trickster rises to the top, holds sway, forgets the public and enacts such legislation as he personally desires. Thus the necessity of the people organizing and managing their own affairs fairly and urgently presents itself. It is patent to all that something must be done to prevent popular government perishing in the home of its friends.

Here is a specimen of the kind of laws referred to in the above. "All taxes shall be due on the first Monday in October in each year and all taxes paid in the months of October and November a discount shall be given the tax payer one per cent. All taxes paid in the month of December shall be paid at the net amount charged, and from after the first day of January a penalty of one percent shall be added on the taxes paid, and in the month of February, after the first day of February a penalty of two percent shall be added, and an additional penalty of one percent for each additional month of delay in settlement of same."

This was enacted by the last legislature without the knowledge, request or consent of the governed. Ask our members of the legislature "How come?" and see them squirm. What is the sheriff and deputies for, and why is he paid a salary, if not call on the people as other collectors do to collect the taxes.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, 30c.

Last week we published a report of a meeting of the county teachers held here and hinted at what might be termed our embryo autocracy. By reading this report you will note that advisers from every neck of the woods none by the wish or election of the people were there. The dear people you know for whom so much solitude is alleged, are only expected to pay taxes furnish the children and keep still. When one remembers that only one person connected with the vast public school system of the state is elected by the people, that of State superintendent of public instruction, the balance of the too numerous officials superintendents, supervisors, teachers, and clear down on to district committeemen, being hogged by officialdom, the complete autocracy of this great butwork of the public welfare appears. Not only is this true of the office-holding regime, but it is also true of the selection of the books, preparations of the curriculum, introductions of fads and freaks, and the refusal to adopt desirable methods, arrangement of hours and establishment of rules and regulations. In short the public school system had just as well be directed from Berlin so far as the home people's control over them is concerned. How can an autocratic institution teach Democracy? Why not Democratize the public school system?

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound. If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

You Do More Work,
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.
GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.
GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.
The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.
