

## WARRANTS ISSUED AGAINST BROWNS AND DEPUTY WIKE

### Eight Warrants As The Result of Melee at Dance Hall Several Nights Ago; Date of Trial Indefinite.

Warrants have been issued against Jake Brown, Mrs. Jake Brown, Frank Brown and Deputy Sheriff Wike as the result of a fracas several nights ago at a dance hall located between China Grove and Landis.

Three counts are lodged against Jake Brown: possession and transporting liquor, assault on an officer and resisting an officer while in the discharge of his duties.

Mrs. Jake Brown was charged with two offenses: drunk and disorderly and resisting an officer.

Frank Brown was indicted on two counts: drunk and disorderly, and obstructing an officer in the performance of his duties.

Deputy Sheriff Wike was indicted for an assault with a deadly weapon.

It will be recalled that Deputy Wike, in response to a call, went to the dance hall. After making a survey of the hall, Deputy Wike approached Jake Brown to relieve him of a small quantity of liquor which Wike said Brown had on his person. A general melee followed in which, it was stated by Officer Wike, all three Browns participated. In the scuffle that followed, Jake Brown was shot several times in the leg by Deputy Wike and several other participants were the recipient of blows and bruises.

Jake Brown is in the Salisbury hospital with a broken leg and several gunshot wounds.

The date for the trial has not been set. It will probably be several weeks before the cases are tried, depending on the recovery of Jake Brown.

### Brown and Vann Install Shoe Cementing Machine

Brown and Vann shoe shop have recently installed a new and modern shoe cementing machine that will accommodate four pairs of shoes at the same time. This machine eliminates the use of nails or stitches and the finished product has no stiffness. This is considered a new thing in the shoe repairing machinery.

Brown and Vann are located at 105 East Innes street and the public is cordially invited to visit the shop and inspect the new machine.

### Completes Evidence

Asheville, Aug. 19.—The state reached the end of its road in the trial of Luke Lea and three others, charged with conspiring to defraud the Central Bank and Trust company here of \$1,300,000.

### Love Is Called Health Insurance

Oxford, England, Aug. 19.—Sir Arthur Thomson, famous biologist, told the British Hygiene Council today that the safeguard of life is to fall in love.

"Love," he said, "has three notes—physical fondness, which is indispensable; emotional attraction, linked to purely physical attraction through appeal of beauty and strength; and a third note, often missed altogether, of higher sympathies in intelligence, purpose and ideals."

Cancer claimed 1,053 lives in 1930 and 1,004 in 1929 in Mississippi.

### WILD WEST PUT TO SHAME

Elko, Nev., Aug. 19.—The Wild West atmosphere of the movies was put to shame when a caravan of cars loaded with a ton of bullion bars arrived here from Jarbridge. Ten bootlegged, sombered men accompanied the precious metal as guards.

They were walking arsenals, armed to the teeth with six guns, rifles and sawed-off shotguns. The bullion was sent to the mint in Salt Lake City.

## Girl's Masquerade As Man Is Discovered

High Point, Aug. 19.—A golden-haired lass of nineteen, clothed in the garments of a man and carrying her worldly possessions wrapped in a black oilcloth sack, who arrived in this city aboard a packing truck and was promptly detained by the local welfare department pending communication with her people to determine whether they wished her returned, has expressed her determination not to go back to her home, but to get work in a local mill and make sufficient money to pay her way through business school and put herself in a secretarial position.

The girl, Rosa Johnson, is reported to be showing considerable intelligence, speaks very correctly and has changed her boyish garb for a neat dress. She speaks bitterly of her home. She says that she had to leave school in the eighth grade to take care of an ill mother and that subsequently she went to work and paid the way of her two sisters through high school. Now she wants to complete her education and says that she finds her family unwilling to help her.

"I'd have got by if I'd have had my hair cut," she declared in lamenting that her effort to pose as a man had been successful. She believes that women find it more difficult to obtain jobs than do men, and a job, she declares, is what she wants and needs most now.

## Money In Circulation In U. S. Is Increased

Washington, Aug. 19.—An indication that fear caused by the depression might be giving way to a little more spending was seen by officials today in Treasury figures showing money in circulation increased \$15,274,262 in July over June, bringing the total to \$4,837,207,719.

Per capita circulation rose 8 cents from \$38.57 to \$38.65. It was \$35.90 on July 31, 1930.

The Treasury statement showed the total money in the United States was \$9,152,338,017 at the end of July, a new high record.

Of the total \$4,948,341,721 was in gold coin or bullion, while \$3,761,704,365 was held by the Treasury. Of the gold and bullion held by the Treasury, however, \$1,694,936,579 was held in trust, against gold and silver certificates and Treasury notes, while \$1,858,356,378 was held for Federal reserve banks and agents.

Before the world believes in us, we must believe in ourselves.

## JUROR MUST SERVE TERM FOR CONTEMPT

### Discussed Murder Trial After Being Warned Not To By Trial Judge.

Columbia, S. C., Aug. 19.—The supreme court affirmed the sentence of J. T. Babb of Greenville, sentenced to 90 days in the Greenville county jail by Judge W. H. Townsend for contempt of court while Babb was serving as a juror in the case of J. Harmon Moore, on trial for murder in the death of Sheriff Sam D. Willis of Greenville county.

Judge Townsend sentenced Babb when he found the latter guilty of talking about the case while serving as a juror and absent from the court room during the night. The court had instructed jurors the case was not to be discussed.

The opinion, concurred in by all justices, read in part:

"... in passing sentence upon the exceptions we do not consider it necessary to state the questions raised but deem it sufficient to state that after careful consideration of the entire record in the case it is our opinion that the record fully supports the finding, holding and rulings of the circuit judge and the sentence imposed."

## Flier Finds Rescuer 12 Years After War

Coronado, Cal., Aug. 19.—Captain Frank O'D. Hunter, Army flier and war ace, wanted more than twelve years to be thanked for saving the life of a fellow pilot.

In a lecture at Rockwell Field, where Hunter commands the ninety-fifth pursuit squadron, J. R. Pearson, Jr., a war-time flier with the Eleventh Aero Squadron, related how he escaped in a crippled bomber after being attacked by four enemy planes.

With his gunner hit and himself shot in the left leg, he told how a lone Spad screamed down on his attackers, shooting down two of them and forcing the remaining two to retreat.

Captain Hunter detected a familiar ring to the story and sought Pearson to tell him that he had been the pilot of the Spad which saved him.

Mt. Rainier, Md., with a population of 3,832 persons, claims to be the only town in the United States without a gasoline filling station.

## Novel Timber Bridge Saves Carolina Road

Raleigh, N. C., Aug. 19.—Timbers placed atop untreated pine piles saved the day along a two-and-a-half-mile stretch of swampy North Carolina land where the concrete road had sunk so far as to be impassable. The novel timber bridging was constructed directly over the old roadway, according to a report in the Engineering News-Record by W. L. Craven, bridge engineer of the North Carolina State Highway Commission.

Spaced ten feet apart, the piles were driven deep into the oozy mud in lines on both sides of the old road bed. Caps made of concrete encased the tops of the piles in order to provide a firm basis for the timber decking. A layer of asphaltic concrete covered this decking of the emergency road. While the piles were being driven it was still possible to leave a minimum of thirteen feet of the old road open to traffic.

## Hawk Drops Rattler On Workmen's Heads

Pasadena, Cal., Aug. 19.—It's bad enough to watch a threatening rattlesnake squirm about on the ground, but it's worse to have one dropped on your head.

This was the experience of a group of city workmen who were making a fire trial on a mountainside near Charlton Flats.

A large hawk flew over the workmen carrying a four-foot rattler, but the squirming reptile proved too much for the bird, which released its hold, dropping the snake on the workers.

Only 6 per cent of the money spent on road building in 1930 was contributed by the Federal government.

## COLLEGIANS UNCOVER OLD INDIAN RELICS

Lubbock, Texas, Aug. 19.—Human skeletons and implements of a civilization which existed about 1,800 years ago were unearthed alongside the Te-colote river near Las Vegas, N. M., by members of the 1931 Texas Technological College archaeological expedition.

Digging in ruins the eleven students who comprised the party found several skeletons—presumably of Indians, who lived there centuries before this country was discovered—and arrowheads, stone drills and other articles.

A study of Aztec culture at Mexico City has been planned tentatively for the college's 1932 expedition.

## GOLD BRICK FOUND

Washington, Aug. 19.—N. N. Walack bought thirty old magazines at a book auction for \$1. Before he left the place a parchment dated April 11, 1803, and bearing the signatures of Thomas Jefferson, President, and James Madison, Secretary of State, fell out of one of the periodicals. The auctioneer wanted to buy it back for \$100.

The document was a land grant of 1,000 acres in Ohio to Capt. Larkin Smith, a Revolutionary officer.

## MOTHER OF 20 DIES IN NORTH CAROLINA

Marion, N. C., Aug. 19.—Mrs. J. T. Lail, mother of 20 children, choked to death at her home here during a severe attack of coughing. A hemorrhage is believed to have caused her death.

She was married when 16 years old and of her 20 children, seven boys and eight girls are living.
