## LABOR NEWS

By F. T. CORNELIUS, Secretary, Salisbury-Spencer Central Labor Union  
"Out of the tears that have come to America as a consequence of the failure to adopt a reasonable and sane economic policy, the probability is that public attention will be so focused on the question of establishing a future economic policy in America that not only will we witness an organization which favors a reduction in the hours of labor but in the reduction of the number of working days in each week without a corresponding reduction in the wages of the workers of America. The leaders of religious thought the representatives of every faith are joining hands with organized labor in the development of an economic program which will make for stability, for security, for serenity, that will make for a worth while future for the United States of America."

JAMES CURLEY, Mayor of Boston, Mass.

### OPPOSED TO SCRIPT

The Central Labor Union, assembled in regular session Monday night, October 26th, placed itself definitely on record as being opposed to the part of the local unemployment relief program that calls for the payment of those employed under this plan with script. While labor will not assume any

part of the responsibility for the deplorable conditions which exist, because labor had no part in the building of these conditions, local labor has expressed itself as being anxious to cooperate with any relief program that will relieve suffering and distress among the people but is of the opinion that the use of script will in no way be of benefit while on the other hand will be a backward step toward peonage.

### LOCAL LABOR INVITED

A meeting of special interest will be held on Thursday evening, October 29th, by Machinist local No. 263, Charlotte, N. C. All local labor is invited. This meeting will be attended by all groups and classes, including School Teachers, Parent-Teachers Association representatives, Automobile Mechanics and leaders from all walks of life. R. R. Lawrence will be the principle speaker and a large crowd is expected. Plans are being made for a number of local people to attend.

### COUNTY WELFARE DEPT. COMPLIMENTED

The members of the Central Labor Union highly complimented the efficiency and co-operative spirit of Mrs. Linton and Mrs. Soudley. The central body desiring to show its appreciation of the work performed by this department ordered check drafted to support this wonderful work.

## GOVERNOR GRANTS REPRIEVE TO TWO STEWART SLAYERS

With the electric chair staring them in the face Bernice Mathews and J. W. Ballard, slayers of J. Frank Stewart, filling station operator, were granted reprieves until November 25 by Governor O. Max Gardner shortly before the time set for execution last week.

Upon the conviction of the defend-

ants when tried here last September, counsel for the defendants gave notice of appeal. Later, they advised Judge P. A. McElroy they desired to withdraw the appeal as the negroes had confessed the slaying while en route to Raleigh. Judge McElroy ruled, however, that in the absence of the defendants the appeal could not be withdrawn.

This matter will be called to the attention of the Supreme court on November 24 at which time it is expected the state will make a motion for dismissal of the appeal. A new date for the execution of the two slayers will probably be set at that time.

## TAX PAYMENTS HERE ARE SLOW

Rowan county taxes are coming in slowly although the delinquent list have been advertised the past four weeks, tax officials said yesterday.

The delinquent tax list is being published for the last time this week. Sale of the lands for taxes will be held Monday, Nov. 2, at the courthouse door. Most of the property now advertised will be bid in by the county, it is expected.

"THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night.

My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. R. Gibson, Fort Payne, Ala.
