Chapel Hill, Nov. 26—Carolina defeated Virginia here today 13 to 6.

LOCAL MERCHANTS WILL DISPLAY CHRISTMAS MERCHANDISE SATURDAY; BUYING FESTIVAL BEGINS EARLY

Christmas merchandise will be displayed in Salisbury Saturday. Local merchants, adopting the suggestion of the Salisbury-Spencer Merchants Association, will display their tempting Christmas wares on that date. This display will continue until Christmas, December 25.

In the past, the individual merchant has selected the date for the display of his Christmas merchandise. However, this year, the merchants, almost unanimously, have agreed to begin their Christmas advertising and display November 28.

It is hoped this arrangement will meet with the approval of the buying public as it will eliminate the usual rush and congestion the day before the festival.

Shoppers, under this arrangement, can make their purchases several weeks in advance of Christmas.

CATAWBA WALLOPS LENOIR-RHYNE BY SCORE OF 25 TO 2

The Catawba Indian football team rounded out a successful season when they trounced the Lenoir-Rhyne Bears of Hickory, Thanksgiving afternoon, at Hickory, 25-2. The game was featured by some brilliant runs of Captain Kesler and "Whitey" Witmer of the Indians.

The Indians won the toss and elected to receive. On successive line plunges, end runs, and forward passes, the Indians advanced the ball to the Bears 30 yard line. Witmer then passed to Pearson on the 10 yard line, who brought the ball across the line for the first Catawba score. Appanitis attempt to placement for the extra point went wild of the bars.

In the second quarter, the Indians continued their offensive attack which resulted in another Indian score. Passes from Witmer to Pearson and Kesler advanced the ball to the Bears 1 yard line. On the third down Appanitis crashed off left tackle for the touchdown. A pass for the extra point was grounded.

Penalties and a brilliant run by Newton, of Lenoir-Rhyne, put Catawba in the shadow of their own goal post. However the period ended with the ball on the Indian 20 yard line.

In the third quarter, after numerous line plunges, Witmer ran around left end for a score. Appanitis place kicked the extra point.

The fourth quarter found the Indians constantly threatening the Lenoir-Rhyne goal. Kesler, after repeated the line bucks, went over center for a touchdown, Appanitis attempted a place kick but it went wild.

The Mountain Bears did their only scoring in the final period by a touchdown.

The game was a successful finish for the Indians, winning seven and losing two and tying one.

Captain Kesler, Whitener and Kirchin sang their swan song for the Indians; Kesler finishing his last game by scoring a touchdown in the final quarter.

Score by quarters:

Lenoir-Rhyne	0	0	0	2	2

NO EXPENSE WILL BE INCURRED BY CITY SALISBURY

Unemployment Fund To Finance Project; Number Of Jobless Workers Will Be Given Employment.

The city of Salisbury will soon have a municipal park if plans now under way materialize.

The park will contain approximately 16 acres of land.

The tract of land lies between West Innes Street extension and Mocksville Ave., fronting on Mahaley Ave., and Grove street. Four entrances will be made from Innes Street, three from Mocksville Avenue and one from Mahaley Avenue.

M. E. Miller, city engineer, has surveyed and prepared a map of the property while Grover Marsh, superintendent of the cemeteries and Mr. Miller have landscaped the land preparatory to definite building of the park. Actual construction will probably be started within the next week or two.

The property for the municipal or community park is being conveyed to the city by Rowan Development Company, Ross M. Sigmon, Walter H. Woodson, John S. Henderson estate and L. G. Lloyd.

The city of Salisbury will not incur any expense whatever. The property is being deeded to the city by the landowners without charge and the construction of the park will be financed by the unemployment fund.

Plans for the development of the park include the construction of a lake and lily pond, wading and swimming pool, electric lights, also the erection of benches, tables, for picnics, and the planting of flowers and shrubs.

The two main driveways, extending from Grove street to Mahaley Avenue, will be constructed on the outer edge of either side of the park. There will also be walks bordering the driveways and also winding throughout the park.

R. Lee Mahaley, city manager, conceived and promoted the idea of the park. He has been working on the project for several weeks and is now completing the final details. Mr. Mahaley will present the proposition to the city council sometime in the near future.

Members of the city council have individually approved the project, it is stated.
