

Dawes Reports More Confidence In U. S. Banks

CHANGE SPARK PLUGS, SAYS LOCAL DEALER

"Champion engineers learned by long research that it saves money and increases driving satisfaction to change the spark plugs of a car at least once a year, and the Champion Spark Plug Company as a result established an annual week for the practice eight years ago," said E. B. Bankett, manager Salisbury Ignition and Battery Company, local dealer in Champion spark plugs.

"Champion National Change Week comes in the spring, being set this year for May 9 to 16. The choice of season has proved to be wise. A new set of spark plugs is the best sort of spring tonic for a motor.

"Winter driving conditions impose extra strains on an automobile engine and spark plugs have been carrying a specially heavy burden the last few months. If an owner wants really good service from his car this coming summer, now is the time to be putting in a new set.

"Plugs a year old should be replaced in any case. A plug that has been in use a whole year has done all that should be asked of it in a modern gasoline motor.

"After 10,000 miles of driving spark plugs are coated with oil and their electrodes are pitted. They do not spark as well as when new. This means incomplete combustion of gasoline and waste of fuel, besides unsatisfactory motor performance. The car no longer has the right kind of pep. It is sluggish, out of sorts generally, and uses more fuel and oil than it should."

BABY FRETFUL, RESTLESS? Look to this cause

When your baby fusses, tosses and seems unable to sleep restfully, look for one common cause, doctors say. Constipation. To get rid quickly of the accumulated wastes which cause restlessness and discomfort, give a cleansing dose of Castoria. Castoria, you know, is made specially for children's delicate needs. It is a pure vegetable preparation; contains no harsh drugs, no narcotics. It is so mild and gentle you can give it to a young infant to relieve colic. Yet it is as effective for older children. Castoria's regulative help will bring relaxed comfort and restful sleep to your baby. Keep a bottle on hand. Genuine Castoria always has the name:

Wm. H. Fletcher
CASTORIA
CHILDREN CRY FOR IT

PAINS QUIT COMING

"When I was a girl, I suffered periodically with terrible pains in my back and sides. Often I would bend almost double with the intense pain. This would last for hours and I could get no relief.

"I tried almost everything that was recommended to me, but found nothing that would help until I began taking Cardui. My mother thought it would be good for me, so she got a bottle of Cardui and started me taking it. I soon improved. The bad spells quit coming. I was soon in normal health."

CAPITOL THEATRE

ANITA PAGE and WARNER RICHMOND in "NIGHT COURT" Friday and Saturday

"Night Court" To Be Featured At Capitol Theatre

Phillips Holmes strikes new dramatic honors in "Night Court," in which he plays the heroic role of taxi driver who matches wits with a crooked magistrate who has framed his pretty wife on a morals charge to seal her lips from revealing his duplicity.

In this striking new Metro-Goldwyn-Mayer film, which plays Friday and Saturday at the Capitol Theatre, Holmes even outdistances his fine characterization in "An American Tragedy," in the opinion of this reviewer. In the moments of lightness, especially in his bantering love scenes with Anita Page, Holmes seems more thoroughly human and at home in his role.

Adapted from Play
W. S. Van Dyke directed the daring story from the play by Mark Hellinger and Charles Beahan. It was adapted for the screen by Bayard Veiller and Lenore Coffee.

CORRIHER ITEMS

Mr. and Mrs. Albert McLaughlin are receiving congratulations. It's a boy.

Little Miss Frances Thompson of Kannapolis spent two weeks recently with her uncle and aunt, Mr. and Mrs. C. C. Corriher.

Mrs. C. C. and Mrs. M. B. Corriher attended the regular meeting of the China Grove American Legion Auxiliary held with Mrs. Lue Linn of Landis last Tuesday night. Several im-

portant matters were attended to and delicious refreshments served after the meeting.

Mr. M. E. Leazer had a fire last Tuesday night. His brooder house burned down, caused from a faulty flue. He had about 150 baby chicks in it at the time and his son, James, ran in and saved all except 30 or 40, getting out himself just before the roof fell in. Quite a narrow escape.

T. C. Corriher killed a 250 pound hog Monday, P. M.

Corriher Grange held its regular meeting Monday night. Quite a bit of business was attended to. An interesting program featuring Mothers'

and Fathers' Day and Gardening was rendered, after which a delicious chicken stew was served by the refreshment committee.

The Patriotic Order Sons of America Camp organized a few weeks ago at Concordia is getting along nicely. Taking in new members at each meeting.

BRITISH OFFICER, SUICIDE

"I think I am going crazy," said a note left by Major Ewart Smith, British officer of gallant war record, who killed himself with a pistol shot at Wilmington, Friday. He had been in business there for some years.

COMPLETENESS IS NECESSARY

Only a funeral director who has wide experience and has complete facilities at his disposal can render the efficient, understanding service which the people of today have come to expect.

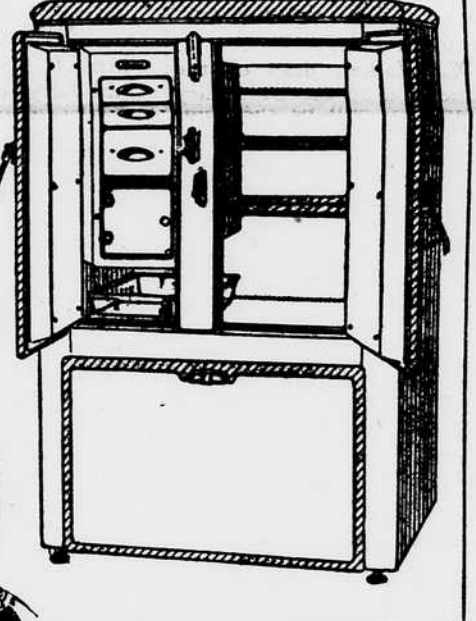

The Summersett Funeral Home has been arranged and equipped from one end to the other for the purpose which it serves. Furthermore, it is in the hands of an organization skilled and experienced in all phases of their work.

FEW BANKS HAVE FAILED WITHIN PAST FEW WEEKS

Reconstruction Finance Corporation Has Authorized Loans Aggregating \$370,437,000.

The Reconstruction Finance Corporation's purpose to restore confidence in American banks has been accomplished, it was declared by Charles G. Dawes in a recent statement. He pointed out that in the past few weeks bank failures have been reduced to a minimum.

He pointed out that from February 1 to April 19, the corporation had authorized loans to 1750 institutions aggregating \$370,437,000 of which \$285,456,000 had been disbursed. During this period \$11,384,000 had been rapidly by the borrowing institutions. These loans are available to 13 types of corporations. About one-fifth of the resources of the Reconstruction Finance Corporation has been used and General Dawes asserted that some time must necessarily elapse before full beneficial effects will be felt.

As to the types of institutions receiving the loans, \$243,248,000 was authorized to 1520 banks, of which amount \$10,047,000 has been repaid. Of this, \$5,994,000 was loaned to 67 closed banks for the purpose of reorganizing or liquidating them.

Loans aggregating \$77,515,000 have been made to 20 railroad companies. Explaining the Missouri Pacific loan of \$17,100,000 about which undue publicity has been given, General Dawes said that the \$5,850,000 which was used by the road to pay one-half of a maturing loan held by a group of New York bankers who had refused an extension, was secured by collateral worth under normal conditions \$15,968,000, thus substantially improving the margin of collateral furnished by the railroad to secure its total loan.

Also, the Corporation had approved advances aggregating \$17,326,000 to 98 building and loan associations; \$11,952,000 to 28 insurance companies, and \$14,400,000 to 24 joint stock land banks, livestock credit corporations, agricultural credit corporations and mortgage loan companies.

General Dawes further emphasized that in every loan granted, adequate security was the first factor of consideration, as required by law, and beneficial effects to result from the loan was the second element considered. He expressed the opinion there would be no loss on the principal of the Reconstruction Finance Corporation when it is finally liquidated although it may take a long time since it holds much collateral in the form of real estate mortgages.

The power of this constructive aid to business has not been fully felt because of the short time it has been in existence. It may be expected that under wise guidance it will have a far-reaching and definitely beneficial influence.
