

Governor Roosevelt Increases Lead In Poll Vote

60 Thousand Majority Over Pres. Hoover

Tabulation Of Hearst Poll Reveals Steady Growth of Roosevelt Votes

Hoover Picking Up Some In The New England States as Poll Swells

The ninth weekly tabulation of the national Presidential poll of the Hearst morning, evening and Sunday newspapers show no change in the electoral vote of the two major candidates. Roosevelt has 37 states with 286 electoral votes, while Hoover has 11 states with a vote of 145. Roosevelt is far in the lead with the popular vote, having 232,432 to 171,496. Again the men voting for the Democratic nominee are more in number than both the men and women voting for Hoover as will be seen from the following tabulation:

Roosevelt	
Men	177,004
Women	55,428
Total	232,432
Hoover	
Men	121,809
Women	49,687

The above tabulation gives Governor Roosevelt, the Democratic nominee, a majority of 60,936 votes cast so far in the poll. The electoral vote has not changed in several weeks, and may represent in the final tabulation the Hearst forecast. However, three weeks still remain to compile the tabulation and many changes may take place during that time. The ninth tabulation, state by state, is given as follows:

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."
