City Business Directory Of 1886 and Other Items Of Salisbury Years Ago

The little towns of Charlotte and Raleigh are to have street cars. Why neither of these towns will be half as large as Salisbury in five years; if our citizens put forth a little effort, energy and enterprise. Then we ought to have street cars, too. Even Asheville that could be sufficiently lighted by one big lamp placed upon a peak in the heart of the town, has already established electric lights. Why not Salisbury? But we are to soon have water works.

Messrs. Holmes and Gaskill's tobacco factory has grown to such an extent that it be seen half way across town.

Our standing army of 26,000 men and officers, big enough, but a few Indians seem to keep it busy.

The right kind of fellow is modest and mellow and generous, brave and benign;

His nature's apperance, clear and transparent, like yours, gentle reader, and mine;

He has no verbosity, tongue tortuosity, and never is boastful and loud;

He's gentle and quiet and plain in his diet and never gets mad in a crowd;

He's grand, majestic, yet and domestic, and spends his spare evenings at home;

He don't play the fiddle, part his fair in the middle, nor dress like an Angeian dude;

When he goes to a party with Meig or McCarty, he is never noisy or rude.

He lives in fugalty and sweet conjuality, and wants pie but two times a day;

He never eats onions, nor treads on your bunions, nor groans when you get in his way;

He's wise and he's witty, persevering and grtty and has a magnificent head;

He's all light and sweetness, he's through completeness, he's perfection, in fact—HE IS DEAD.

They are talking now between New York and Washington, 330 miles away.

Best North Carolina Corn Prize of North Carolina at the Star Saloon Nat. Hotel, Quarts, only 75 cents. Porter, Ale and Beer.

Dr. Trantham narrowly escaped serious injury yesterday when he stepped into the open cellar door at the Southern Railway Telegraph office.

Cotton receipts yesterday: 120 bales.

SAYS DON'T MARRY AVIATOR

New York.—Mrs. Wiley Post, who married an aviator, advises other women not to, unless they can't help it. "If you find yourself helplessly in love with an aviator—so hopelessly that life without him would mean nothing—marry him," she said. "Otherwise find a husband among the salesmen, business men—anyone, so long as he keeps his feet on the ground."
