

Governor Will Get New Lincoln Sedan

Raleigh—Governor Ehringhaus is to have a new Lincoln automobile, to succeed the old Lincoln which has traveled some 200,000 miles, carrying Gov. O. Max Gardner for nearly four years and Governor Ehringhaus for more than a year. Governor Ehringhaus drove "Old 96" to Durham Thursday and to Gastonia Friday, and that was to end the labors, except over Sunday. The new car is to arrive early in the week. The 1933 general assembly authorized A. S. Brower, director of purchase and contract, to get a new car, but it was delayed. The cost, exclusive of the trade-in allowance on the old car, is \$4,551. The old car has broken down half a dozen times in the last few months, and made an occasional "hitch-hiker" of the state's executive. The new car will end that.

War Vets Do Not Get Consideration

Raleigh—World war veterans will get no more consideration from permanent employment than other citizens, Commissioner of Labor A. L. Fletcher has been informed by Washington authorities. The letter on it reads: "In our program of tapering off, and in the case of temporary reduction of forces, the question arises as to whether or not veterans have preference for permanent employment. The general counsel of Public Works informs me that "All preference accorded veterans pertains to initial employment, and is exhausted at the time of employment. Selection for continuance on any job or project requiring reduced working forces should be made purely on the basis of merit, and necessity for work to be performed."

Leota Childress Was Murdered

Investigation in the death of Leota Childress several weeks ago at the home of her foster parents in Wilkesboro has led to the arrest of a group of five persons, and Luther Tilley is charged with the murder. Writing experts traced the note found in the apron worn by the dead girl to its proper source, and it looks now as if there is sufficient evidence to convict the Tilley group and those others who were interested in getting the girl out of the way. The boys who are looking for a chance to marry a rich wife, might reflect that there are a good many rich girls, looking for a chance to marry a man who will come when he is called, and do just as he is told, and stay where he is put.

It is suggested that the women should form a political party of their own, and a highly popular plank for the platform of such an organization would be one calling for a law requiring all husbands to get home at 10 p. m.

RUPTURE E. J. MEINHARDI OF CHICAGO HERE AGAIN
