

The boys all through the northern states have been longing for a chance to go out and dig for gold, but anyway they have had plenty of chance this winter to get out and dig snow.

Many ministers complain that their prayer meetings are not well attended, but no such complaint is made about the church suppers.

New secrets of the French Detective Police. H. Ashton-Wolfe tells how baffling mysteries are cleared up by scientific crime detection. One of many interesting articles in the American Weekly, the magazine which comes March 18 with the BALTIMORE SUNDAY AMERICAN. Buy your copy from your favorite newsboy or newsdealer.

### Ford Reopens Norfolk Plant

Taking the upward swing of automobile sales in stride, Ford Motor Company has reopened its factory in Norfolk, adding to the prestige of Virginia industry and at the same time evidencing its determination to make 1934 a Ford year throughout the South.

All Norfolk was elated when City Manager, T. P. Thompson, recently visited the humming Ford factory. There he accepted the keys to the first Ford car to come off the assembly line and offered congratulations to Mr. J. H. Wood, Jr., resident plant manager.

More than 1000 men are employed as a result of the opening. This means a decided boost to the combined pay-rolls of the city's industrial enterprises. Moreover, many local firms will gain through contracts placed by the revived Ford factory.

The production schedule is set high, to meet the strong demand for the new Ford V-8 for 1934. Total figures for four Southern states released by R. L. Polk & Co., show a 94% increase in registration of new Ford cars, January 1934 over the same month of 1933. The Ford total is actually 55% higher than January new car registrations of other low priced cars combined, and 48% of registration of all automobiles for the same period in these states.

Southern motorists are choosing the stylish and powerful Ford V-8 car. What's more, they have been able to get prompt deliveries due to the manufacturer's foresight in stepping up production during the late months of 1933 and in January. With the Norfolk plant running at full blast the Ford Motor Company is ideally situated to meet the unprecedented demand for its product.

Ford dealers are enthusiastic over prospects, not merely because the new Norfolk facilities assure vastly quicker and more complete attention to customers' needs, but because of the timeproved excellence of their car itself. The V-type, 8-cylinder Ford engine proved itself last year. This year it is refined to offer 12% greater horsepower plus a new degree of fuel economy. Notable of many other

advantages in the new Ford are free action of all 4 wheels and the new clear vision ventilation system.

### PATTERSON ITEMS

Patterson Grange hall has been enlarged and was ready for use Saturday night, March 3rd. We were honored that night with visitors, Mr. Fren Brenchman, Mr. Yeager and Mr. R. C. Adams, Mr. Brenchman made a fine talk on Grange work. He is well informed, as he is the Grange representative in Washington.

Saturday night March 10th was Community night at Patterson Grange hall, owing to bad weather and an epidemic of measles the crowd was small.

Patterson club met Friday afternoon at the club room, Miss Whisnant demonstrated, "What to buy in the home."

Mrs. Jno. Ketchey came home last Friday. She has been at the Lowery hospital for treatment for injuries received in an automobile wreck, January 20th. At the present she is at the home of Mrs. J. M. Ketchey.

Our community was saddened on last Friday to hear of the death of Mrs. Lee Klutz of near Cleveland, she lived in this community for several years.

Mr. and Mrs. J. L. Suther, Mesdames J. F. Litaker, W. J., J. S. McCorkle went up to the Klutz home Friday afternoon. Quite a number of our citizens attended the burial services on Saturday at St. Luke's church.

### QUICKER, BETTER RELIEF from use of Black-Draught

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

P.S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.

Prison convicts aren't supposed to read the Bible much, but probably they would be willing to read about that earthquake that threw the prison doors open.

Some parents worried because their daughters don't like books, but anyway they study the telephone book constantly so as to call up all the new boy friends.

Question is asked, should young people go to college? Don't know, but it's considered advantageous if the boys want to become football players.

### MEDICAL ADVICE

If you want to  
... keep the bowel action regular and comfortable  
... make constipated spells as rare as colds  
... avoid danger of bowel strain  
—use a liquid laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice and know.

You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you can overcome this condition just by gentle regulation with a suitable liquid laxative.

Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

**Why Hospitals use a liquid laxative**

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Will not irritate kidneys.

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drugstores have it, ready for use, in big bottles.

### YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND  
Director, Physical and Health Education  
New Jersey State Department of Public Instruction

**Not Free to Gain**

While visiting a school recently, noticed a little girl whom I mentally catalogued as a case of malnutrition. When the opportunity came I asked her how much milk she was drinking. To my surprise she answered "a quart a day."

This called for investigation, so I sought the principal and the school nurse for information. From them I learned what we should all suspect in similar cases. This child was not "free to gain," because in spite of the milk, her habits and handicaps were such as to offset the benefits.

At home she was allowed to stay up until a very late hour listening to the radio, and two or three nights every week she went to the late movies with her parents. Her teeth were in very bad condition several times a year she suffered attacks of tonsillitis. Her diet was deficient in vegetables and fruits and at the table she was called "finicky." The moral is "don't expect miracles without first removing all obstacles."

The "perfect attendance" game in which children are the pawns will be discussed by Dr. Ireland next week.

### Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well."

"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

Cardui is sold by druggists here.

Travel anywhere...any day on the **SOUTHERN** for **1 1/2¢** per mile
