

## Getting Ready For Rental Payments

The adjustment of cotton re-  
duction contracts to make the  
claims of past acreage and pound  
age conform to the known figures  
for the production in each county  
should be completed within the next  
few weeks, according to Dean I.  
O. Schaub of State College.

Efforts are being made to start  
the rental payments by the latter  
part of April, so that the money  
may be available to the farmers  
for use in the cultivation of the  
present crop.

The checks will be sent out from  
Washington, headquarters of the  
AAA, as fast as the revised con-  
tracts are accepted there.

Tabulations at State College  
have finished the checking of  
original contracts in 24 of the 67  
cotton growing counties. There  
is some overstatement in the claims  
of past production, but little dif-  
ference is anticipated in adjusting  
the figures, Schaub said.

Catawba and Lincoln counties,  
the first two to be checked have  
already revised their contracts and  
returned them for final approval  
before they are sent on to Wash-  
ington.

The other counties in which the  
checking has been completed, and  
which are now ready for the re-  
vision work by local agents, are:  
Polk, Yadkin, Cabarrus, Stanly,  
Alamance, Orange, Chatham,  
Hoke, Vance, Wilson, Camden,  
Pasquotank, Perquimans, Chowan,  
Beaufort, Guilford, Gaston, Ty-  
rell, Alexander, Gates, Warren and  
Randolph.

**Why  
Liquid Laxatives  
are Back in Favor**

The public is fast returning to the use  
of liquid laxatives. People have  
learned that the right dose of a  
properly prepared liquid laxative will  
bring a perfect movement without  
any discomfort at the time, or after.

The dose of a liquid laxative can  
be varied to suit the needs of the  
individual. The action can thus be  
regulated. A child is easily given the  
right dose. And mild liquid laxatives  
do not irritate the kidneys.

Doctors are generally agreed that  
senna is a natural laxative. It does  
not drain the system like the cathar-  
tics that leave you so thirsty. Dr.  
Caldwell's Syrup Pepsin is a liquid  
laxative which relies on senna for its  
laxative action. It gently helps the  
average person's bowels back to  
regularity.

You can always get Dr. Caldwell's  
Syrup Pepsin at any drug store, ready  
for use. Member N. R. A.

### Homesick Girl

NEW YORK . . . Katherine  
Hepburn (above), American actress  
awarded highest honors for out-  
standing performance in 1933, went  
abroad for a rest. At the end of the  
fourth day in Paris she booked re-  
turn passage home. . . "I was  
homesick" was the smiling reason  
for returning so soon.

### HOGS NEED PASTURE FOR RIGHT GROWTH

Green grazing is essential to the  
development of hogs, yet they  
cannot thrive on pasturage alone,  
says Earl H. Hostetler, head of  
the animal husbandry research at  
State College.

Southern swine growers have an  
advantage over their neighbors,  
he said, in the year-round pastures  
which can be maintained in the  
warmer regions.

Pigs which have access to suc-  
culent grazing before the fatten-  
ing period will put on weight even  
when fed the concentrated fatten-  
ing feed in a dry lot.

But those which were not sup-  
plied with green grazing before  
the fattening period, in recent ex-  
periments under Hostetler's super-  
vision, failed to gain weight nor-  
mally and finally died when not  
provided with green feed, legume  
hay, or cod liver oil.

Temporary grazing is especially  
valuable to sows which are suck-  
ling pig litters, since it is during  
this period that young pigs are  
liable to become infested with  
worms and other parasites. A  
fresh pasture that has not been  
grazed by swine in some time will  
decrease the danger of infestation.

Young pigs should not be allow-  
ed to graze in pastures along with  
older hogs, as the mature animals  
may infect the pigs although not  
apparently suffering from the  
parasites themselves.

Hostetler says that continuous  
temporary grazing can be provid-  
ed throughout the year in eastern  
and Piedmont North Carolina by  
seeding abuzzi rye and crimson  
clover from the latter part of  
August to September 15, spring  
oats or dwarf Essex rape from  
February 15 to March 15, and  
and successive seedings of soybeans  
from May 15 to July 15. The  
soybeans will be ready for grazing  
when six inches high.

## Are YOU HAPPY After Meals

Or Do  
Gas on Stomach  
and  
Sour Stomach  
make you  
Miserable?

Too much food, or the  
wrong kind of food, too  
much smoking, too much  
beer, make your body over-acid. Then you  
have distress after eating, gas on stomach,  
heartburn, sour stomach.  
ALKA - SELTZER relieves these troubles  
promptly, effectively, harmlessly.  
Use Alka-Seltzer for Headache, Colds, Fatigue,  
"Morning After Feeling," Muscular, Sciatic and  
Rheumatic Pains.  
Alka-Seltzer makes a sparkling alkaline drink. As  
it contains an analgesic (Acetyl-Salicylate) it first  
relieves the pain of everyday ailments and then by  
restoring the alkaline balance corrects the cause  
when due to excess acid.  
Alka-Seltzer tastes like carbonated mineral spring  
water—works like magic. Contains no dangerous  
drugs . . . does not depress the heart . . . is not laxative.  
Get a drink at your Drug Store Soda Fountain. Keep a package in  
your home medicine cabinet.
