

Newberry-Catawba Game Be Played Here Oct. 5th

Much Interest Is Being Manifested

Car To Be Donated To Seller Of Most Tickets

Interest has been at fever heat for the past few days, and indications point to a record-breaking crowd at the second home game of the season for Catawba college.

The occasion which will be known as Rowan County Day, is expected to be a red letter day for the local college, and most of the business houses of the city are expecting to close for the period of the game.

Raney-Cline Motor company are offering as an inducement to swell the sale of tickets a sport model used car, while other merchants are also offering prizes.

Catawba will share the proceeds of the game with the Rowan memorial hospital. When three thousand dollars more are raised the large subscriptions to the hospital

will be available and the Duke endowment will match all subscriptions to the ratio of four dollars to five. This amount will total \$135,000.

The general committee appointed to arrange the details of the game consists of: Dr. H. H. Newman, chairman; Mr. T. W. Summersett, Jr., assistant chairman; Dr. Howard R. Omwake; Dr. B. W. McKenzie; and Mr. John Elliott. This committee is actively at work arranging special prizes and other features for the day.

College girls will probably act as sponsors for different stores which will offer prizes. The Salisbury High School has been invited to join in special tribute to its ex-coach. There is also hope that the Kannapolis Drum and Bugle Corps, the local American Legion Flag Escort, the Salisbury High School Band, and the Catawba College Band will help furnish entertainment for the occasion. Prizes will be offered for the largest sale of tickets.

Fashion Marches On

Fall Fashion Crop Ready With Slenderizing Styles

by Mmc. LANE BRYANT
Noted Fashion Counselor

NEW YORK—The first fruits of the fall fashion crop show no signs of a drought this season, instead, they offer choice pickings in the way of smart new dresses for the Larger Woman who seeks clothes that make her look tall and slender.

To get the effect of slenderness, designers are featuring styles finished at the neckline with jabots, wide revers, and bows. Such treatment gives the illusion of "more dress and less woman." For it is true that whatever width is added at the top makes the hips look narrower.

The new dresses come both with and without separate jackets. The jackets are of various lengths, ranging from the hip length style to the full length separate coat. For the woman of an economical turn of mind, a dress-with-jacket offers the delightful advantage that it serves as a fall suit, and again as a spring suit when one's heavy winter coat is hung away.

Silks, woolsens, and lustrous velvets now come into their own and may be chosen with the assurance that they are correct. Satin, too, comes into the fashion picture. One fashion warning, however, must be

issued for the benefit of the Larger Woman—be wary of satins! Glossy satins, unless cleverly manipulated, are treacherous. Their lustrous surface catches every gleam of light and highlights every spare ounce! But in the picture above is shown a satin creation that cleverly avoids the usual pitfalls. Glossy satin is used for the blouse, but the effect of the lustre is minimized by a softly draped neckline. Below the waist, the dull side of the satin is used. And slenderizing features, a curved seam at the hip, setting into a flare, do first rate work in making the Larger Woman look slimmer.

The second dress, in silk crepe, is also ideally suited for the Larger Woman wear. It displays transparent velvet appliques, and wide revers. And its pointed fitted wrist, plus curved seams and pleats in front, bring out the slenderizing idea.

If you would like to know more about these dresses, or if you have fashion difficulties which this article does not answer, I will be happy to help you in any way I can. Write me: Mme. Lane Bryant, Fashion Bureau, 6 East 45th Street, New York City.

Cars Killed 71 In Last Month

Automobile accidents killed 71 persons and injured 573 others during August, the state motor vehicle bureau reports. Seventy were killed in July accidents.

The August toll raised to 541 the number killed this year in eight months, compared with 500 fatalities in automobile wrecks during the similar period of 1933.

An astonishing record noted by Mrs. Belle Stronach, statistician who keeps the accident reports, was the fact that seven children under four years of age were killed by automobiles while they played in the streets in August and seven others were injured.

One 18-months-old child and one of two years of age were among the "pedestrians" killed. A total of 21 pedestrians was killed and 65 injured.

There were 389 accidents in August, involving 579 drivers.

Hit and run drivers killed six persons and injured 22, while five persons were killed or injured in accidents in which intoxicated drivers figured. There were 14 deaths and 75 injuries attributed to accidents caused by reckless driving.

The young folks, say the poets, are just setting sail on the voyage of life. Well, if they sail the old ship through the rapids of life as fast as they drive the car around the street corners, they will either reach their destination or smash up against a rock quite soon.

The claim that the first year of life is the most difficult one, but so far as our recollection goes they did not bother us any at that time about the rent or the monthly bills, or how we were going to pay the taxes, and whom we had got to vote for.

Four Year Scholarship Offered By Morrissions

The Cameron Morrison scholarship providing tuition for a four-year course in dairy husbandry at State College will be given to the 4-H Calf Club member in North Carolina making the best record with Jerseys this year.

The scholarship, offered by Mrs. Cameron Morrison, of Charlotte, will be awarded October 12, during annual State Fair week, under the supervision of L. R. Harrill, State Club Leader, cooperating with the dairy extension office.

The award will be open to any bona fide Jersey Calf Club member in North Carolina between the ages of 10 and 20 years who has completed two or more years of calf work.

A calf raised by the candidate in his club work must be exhibited in

the state calf club show to be held in connection with the State Fair.

The basis of the award, according to Mr. Harrill, will be the record made by the member. Points will be counted thus: financial gain, 30; dairy management, 10; leadership activities, 10; type and condition of animal, 35; showmanship, 15.

Mrs. Morrison has offered the scholarship to promote interest in Jersey calf club work. She and her husband, former Governor Camron Morrison, are both Jersey enthusiasts.

On his farm near Charlotte the former governor owns one of the best Jersey herds in the State. Among the animals is a prize group of 30 Jerseys imported this year directly from the Isle of Jersey.

WORN OUT?

GET A LIFT WITH A CAMEL!

SMOKING A CAMEL when weary or "low" makes you "feel as good as new." There is a delightful "lift" which quickly banishes that "all in" feeling. Enjoy this "energizing effect" as often as you want! Camel's costlier tobaccos never interfere with your nerves.

Indians Defeat Erskine College In Opening Game Salisbury Route One

Kirkland Expected To Have Fine Team

Contrary to forecasts concerning the game, Catawba Indians defeated Erskine College by the score 6-0. The score came in the early part of the game when the Indians marched straight down the field on four plays for a touchdown. Vaniewshy's try for the extra point was blocked. That fleet little halfback, Dinges, featured in the long drive. He gained 55 yards to place the ball on Erskine's 5-yard line, from where Meehan ploughed through for the touchdown.

Erskine threatened to score in the third quarter when they recovered Vaniewshy's wild pass from center on the Catawba 20-yard line. They then advanced the ball 18 yards on three plays after which Vaniewshy blocked a forward pass to end the threat.

In the final quarter Catawba again made a long drive which netted them 60 yards, but when Vaniewshy's try for a field goal from the 9-yard line missed its mark, that ended it all. Clark, Meehan, and Dinges starred for the Indians.

This game marked the dedication of Erskine's new stadium. A crowd of 1,500 witnessed the game.

Jack Wood, Charlotte Observer sports writer, has the following to say about Coach Kirkland:

"If Coach Gordon (Chubby) Kirkland has as much success with his football teams at Catawba as he did at Salisbury high school, the other teams in the North State conference are in for some tough games with the Indians.

"The young successor to Uncle Charlie Moran, made his debut last Friday with a 6 to 0 victory over Erskine's greatly improved Flying Fleet, and thereby started what Catawba fans hope will be a good season.

"They already will tell you that he is certain to improve last year's record of only two wins, and a few of the most loyal supporters have championship aspirations.

"However, Kirkland is not so optimistic as this. He believes that

he will have a good team, but as to the championship hopes he is non-committal.

(Received too late for last week.)

Mr. and Mrs. J. A. Shaver, of Kannapolis, visited Mrs. A. P. Shaver and carried home with them their two sons who have been spending some time with their grandmother. Lois Fay also went with them to enter the school at that place.

Miss Janie Nesbit, a student of Woodleaf fell and suffered minor injuries Tuesday afternoon.

W. B. Myers and Robert Gentle visited N. N. Graham on Tuesday evening.

Mr. and Mrs. R. C. Adams visited at the home of Mrs. A. R. Shaver the 16th.

C. H. Weesser and H. J. Thompson, motored to Richfield recently.

J. D. Cline has begun to cook molasses at his home near Lebanon church.

Arnold Boger, of Salisbury, is visiting at the home of Jeff Gibbons.

Mrs. W. B. Myers spent Tuesday afternoon with Mrs. J. A. Powlas.

Madge, Dorothy and Thelma Powlas spent a while Sunday afternoon with Ruth Shaver.

Mrs. W. D. Myers visited Mrs. W. B. Myers on the 16th.

Mrs. J. W. Myers has returned to her home from Lexington, N. C.

M. L. Bost has been separating wheat and vetch seed during the past week.

Farmers are finding it quite a proposition to cure and store hay because of frequent rains. Nevertheless quite an amount is being handled.

J. O. Powlas, H. J. Thompson and J. H. Myers have been hauling some sawlogs to Fraley's mill located on the Barber place.

The boys often say they could do wonders, of they could only get away from the old home burg.

Well, if they feel that way, it will be too bad to have them go, but somehow the old home town will probably be able to survive without them.

Anyway the boys seem willing to join the Back-to-the-farm movement when their money is all gone.
