

Indians Will Face Newberry Here This Afternoon

Large Crowd Expected To Be Present

Business Places Expect To Close During Period Of Game

PRIZES OFFERED

Coach Kirkland's Catawba Indians, fresh from an impressive victory over the Bridgewater Eagles, in which the Virginians were taken for a 58 to 0 ride, have improved their weak spots in both offense and defense in order to be at their best here this afternoon, when they tangle with Dutch McClean's Newberry Indians, twice conquerors of Catawba in the same number of years. Last year the Newberry club turned loose a heavy hard-charging line and several fleet backs that outplayed the local Indians, 19 to 6. This same Newberry team, with the exception of a few of the veterans, has returned intact for this year's gridiron campaign, and McClean has high hopes that his great Captain Beck will repeat his performances of last year, when he ran through the Catawba team almost at will,

Morgan Marksman

NEW YORK... Morris Fisher (above), holder of all important rifle and pistol shooting titles and "two breasts full of medals" is one of the guards at the J. P. Morgan Wall Street Bank. Fisher was a Sergeant Major in the U. S. Marines, just retired.

and ripped the Catawba line to pieces, as he made brilliant runs in return of punts, scoring two of his team's touchdowns and aiding substantially in the other tally. A general cessation among the business houses of the city is expected during the hours of the game, and interest is fever heat and a large crowd of local fans and citizens are expected to witness this game. A number of merchants of the city have offered prizes to sellers of tickets.

Home Coming October 13th

Banner Elk.—Former students of Lees-McRae Institute and Lees-McRae College and their friends will be interested to know that October 13th has been set apart as the date for the annual Home-Coming.

This will be celebrated by a basket dinner with a barbecue in the Maple Orchard about noon, followed by a football game between the Lees-McRae Bulldogs and the strong Boiling Springs aggregation. It is hoped that many former students will be present to enter into the festivities and make this a memorable day in the history of their Alma Mater.

Wachovia Bank Sues Walter McCannless

The Wachovia Bank & Trust company filed two suits here last week with the Rowan clerk of the superior court for a total of \$24,000 against W. F. McCannless, well-known local cotton mill man and a member of the city council, and his wife.

The amount is alleged due on two notes, one for \$20,000 which was made in 1927. A commissioner also is requested by the bank to sell four pieces of local residential property and one piece in Baden, the property having been mortgaged to secure the obligations.

Profits of Montgomery Ward Up In 7 Months

Chicago.—Montgomery Ward & Co. reports for August 1934 net profits of \$726,948 after all charges, including depreciation and Federal and State taxes.

For 7 months ended August 31, net profits were \$4,885,643, compared to a net loss of \$2,484,000 for the corresponding period last year.

Cotton Grade And Staple Reports For Week Ending September 27th

The cotton grade and staple reports for Georgia, Alabama, Florida, North Carolina, and South Carolina, issued in Atlanta continue to show that high grades comprise large proportions of the ginnings in the Southeastern States. Middling and Strict Middling grades of White and Extra White predominate with relatively small proportions of cotton below Middling and also with small proportions of spotted or colored cotton. The predominant staple length for Georgia, Alabama, and Florida is 7/8 inch, represented by 62 percent each for Georgia and Alabama

and about 75 percent for Florida. The staple length in greatest proportion in North Carolina, and also in South Carolina, is 1 inch. This length comprises 38 percent of the ginnings thus far in North Carolina and about 33 percent of the ginnings in South Carolina. Cotton shorter than 7/8 inch, which is untenderable on futures contracts, constitutes about 26 percent of the ginnings in Alabama, about 8 percent in Florida, 6 percent each in Georgia and North Carolina, and only three tenths of 1 percent in South Carolina.

S. Clay Williams Head NRA Board

Administration assurances that "sweeping changes by sudden fiat will be discouraged" went out to business from the now multiple-headed Blue Eagle administration.

This word came directly from Donald R. Richberg, lawyer who helped mold NRA policies in their infancy, and now directs an administration committee specially created to advise Mr. Roosevelt on NRA and other recovery policies. Simultaneously, Clay Williams, wealthy 50-year-old industrialist, of Winston-Salem, was chosen to head the National Industrial Recovery board now vested with all the business-bossing powers once wielded by Hugh S. Johnson.

Over both groups—policy making and executive—Mr. Roosevelt tightened reins of personal supervision in guiding NRA toward next winter's legislative gauntlet. Williams' selection as chairman, after being the number one member named by Mr. Roosevelt, was regarded as an obvious presidential choice. In some quarters it was considered significant that with two labor men, two industrialists and a disinterested fifth member it was a business man who received the post.

Four Rowan Students At Mars Hill College

Among the 470 students enrolled at Mars Hill college at the close of the first week of the 78th session, four are from Rowan county. They are: Clara Bowen, Nelle Brown, Mary D. Tinnin and Harold Tysinger.

The statistics show further seventy-five counties of North Carolina, eighteen states, and three foreign countries represented among the students. The states represented are: North Carolina 348, South Carolina 36, Tennessee 31, Virginia 18, Georgia 5, New York, Florida, Louisiana 4 each, Indiana 3, Michigan, Kentucky, Texas 2 each, Maryland, New Jersey, New Mexico, Connecticut, California, West Virginia 1 each. The foreign countries represented are Germany, Cuba and Brazil.

Negro Is Killed At Ice Cream Supper

George Coleman, negro, was killed with a shot-gun about midnight Saturday by Will Brown, another negro, during an ice cream party given at a negro home on a farm near here. Brown told the officers he was manhandled during the progress of the party and went to his home nearby for his gun and shot Coleman, unknown to him, when he appeared to be advancing to attack him.

Lady Says She Took CARDUI for Cramps; Was Soon Relieved

Women who suffer as she did will be interested in the experience of Mrs. Maude Crafton, of Belleville, Ill., who writes: "For several years, I suffered from irregular trouble and cramping. There would be days when I would have to stay in bed. I would get so nervous, I was miserable. My aunt told me to try Cardui. She believed it would build me up, regulate me and help the nervous trouble. I knew after taking half a bottle of Cardui that I was better. I kept on taking Cardui and found it was doing me a world of good. I am in good health, which means a lot to me." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. . . . Price \$1.

Be Kind to Your Eyes...

Better Light Means Better Sight

Close work and poor illumination are largely responsible for the appalling number of children and adults who are suffering from eyestrain. Eyes are too precious to overwork under poor lighting conditions when good lighting can be had so cheaply.

Now--See the New Portable Lamps
—designed to provide good seeing conditions

A Floor Lamp

Equipped with the Mazda three-lite bulb which permits a variation in illumination from a high level to medium level or to a low level simply by turning one switch.

One turn provides a high level by operating the two filaments in the lamp which utilizes a total of 300-watts. On our new residential schedule this will cost nine-tenths of a cent an hour to operate after a total of 30 Kwh have been used.

The second turn of the switch will operate the 200-watt filament to burn. The operating cost in this case will be six-tenths of a cent per hour.

The third turn of the switch will operate the 100-watt filament. The operating cost will then be three-tenths of a cent per hour.

Price Complete With Bulb
\$12.95

95c Cash \$1 Per Month With Electric Bill Until Paid.

The Study and Reading Lamp

Is a table model which has been designed by the School Lighting Committee of the Illuminating Engineering Society for the specific purpose of providing lighting results for good seeing when studying or reading. This lamp is equipped with a 150-watt lamp. The cost of operating this lamp on our new residential schedule, after 30 KWH, is less than one-half cent per hour.

These lamps are certified by the Electrical Testing Laboratories from the standpoint of producing lighting conditions specified by the Illuminating Engineering Society.

Price Complete With 150 Watt Bulb . . . **\$7.50**

50c Cash \$1 Per Month With the Electric Bill Until Paid.

The Miller Indirect Lamps

The totally indirect Miller lamps using a 300-watt bulb provide excellent illumination for bridge playing, etc. These splendid lamps are endorsed by hundreds of users.

Two Models Available
\$10.95 and \$13.95

95c CASH

\$1 Per Month With Electric Bill Until Paid.

Every home should have one or more of these lamps to assure the best possible seeing and to protect the eyes from strain and possibly permanent injury.
