

Homecoming Day Will Be Held October 19th.

Classes Prepare For Events

Day's Activities Will Attract Many

(The Pioneer)

The traditional Campus and Homecoming Day will be celebrated on Saturday, October 19, with all classes participating.

The morning program will begin at 10:30 with the class processions (seniors first, juniors second, etc.). The class themes this year promise to be full of variety and color. The seniors, in green and white, have adopted as a theme their class motto, "Not at the Top, but Climbing." The juniors, in red and white, will portray "The Spirit of Valentine." The Sophomores, in purple and white, have selected Huey Long's slogan, "Every man a king, and every girl a queen." The freshmen in yellow and white will bring "Alice in Wonderland" to life. The costumes, songs, and skits are to remain a secret until presentation on Campus Day. During the grand march, the band will accompany with appropriate music.

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered, Theodor's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theodor's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

BLACK-DRAUGHT

At noon a barbecue luncheon will be served on Zartman lawn. The luncheon will be free to all boarding students, but a small charge will be made to town students and all visitors. From past experiences one can expect the food to be plentiful and delicious.

A fast, close, and exciting football game is anticipated between Catawba and Hampren-Sidney, of Virginia, at 2:30 o'clock in the afternoon, with the traditional sophomore-freshman tug-of-war between halves.

Climaxing the day's entertainment will be the class stunts or skits, which will be presented in the college auditorium at eight o'clock. A welcome change from last year's procedure will be community singing by the audience between the skits. This will eliminate the tiresome wait while shifting scenery.

The concluding act will be the presentation of a silver loving cup to the class receiving first place, according to the system of judging. The decision will be made by three local judges.

A very large audience is expected to be present to witness the combined activities of the day. All the parents, friends, and relatives of the students are welcomed to come and spend the day. Especially, the alumni are strongly urged to return and enjoy the festivities. The president of the Alumni Association, Mr. Foil Essick, has announced that the executive committee of the association will meet during the day, at which time important new business will be discussed.

To acquaint the students with the system of judging at Campus Day, the rules of judgment shall be presented on each phase of the program (costumes, stunts, songs); "cleverness of application to the theme of each particular class," and "the nearest to the supreme excellence of idea represented."

The Dutch Settlers Made Jelly

Practical saleswomen as well as good cooks, these pupils of Theresa Durlach's modern school held a "school made" jelly sale. Their parents wiped out the supply.

JUST like the early Dutch settlers, these pupils of Theresa Durlach's school in New York City make their own jelly. Dressed in authentic costumes of the Dutch period when New York was New Netherlands, these young people whose schooling is of the most realistic nature, spent a day living as the early Dutch did. They were very fond of preserves, especially jelly and jam. Ask any pupil of the Durlach school and they'll tell you. But these pupils have it all over the Dutch settlers in one way. They make their jelly and jam in the modern short-boil way, and are certain of results. With Concord grapes in the season at the beginning of the school year, the students have made the following:

Grape Jelly
4 cups (2 lbs.) juice
7 1/2 cups (3 3/4 lbs.) sugar
1/2 bottle fruit pectin

To prepare juice, stem about 3 pounds fully ripe grapes and crush thoroughly. Add 1/2 cup water, bring to a boil, cover and simmer 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice. (Concord grapes give best color and flavor. If Malagas or other tight-skinned grapes are used, use 3 1/2 cups grape juice, and add juice of 2 medium

lemons). Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute. Remove from fire, skim, pour quickly. Paraffin at once. Makes about 11 glasses (6 fluid ounces each).

Grape Conserve
4 cups (2 lbs.) prepared fruit
1/2 cup lemon juice
1 cup nut meats, finely chopped

To prepare fruit, stem and crush well about 3 pounds fully ripe grapes. Add 1/4 cup water and simmer, covered, 30 minutes. Remove seeds and skins by sieving. Squeeze juice from 2 lemons and grate rind. Measure sugar into large kettle. Add nut meats, raisins, lemon juice, rind, and prepared fruit, filling up the last cup with water if necessary. Mix well and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Then stir and cook by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin at once. Makes about 12 glasses (6 fluid ounces each).

Catawba Host To State Teachers

Geography Conference Meets Here

(The Pioneer)

In co-operation with the State Department of Education, Catawba held a geography conference at the college on Saturday, October 5, from 9:30 till noon. The purpose of the conference was to stimulate interest in the teaching of geography, and was, in part, a follow-up work from the laboratory course in geography offered in the summer school, which course was under the general direction of the state curriculum committee.

Six counties were represented at the conference: Rowan, Davie, Iredell, Stanly, and Cabarrus. The program was as follows: Mrs. T. E. Johnston. Presiding.

Greetings—Dr. J. C. Hadley, Dept. of Education, Catawba College.

State Program of Geography Education, Miss Juanita McDougald, State Dept. Education, Raleigh.

Teacher training in Geography in Colleges and Normal Schools, Dr. James E. Hillman, State Dept. Education, Raleigh.

Geography in the High School, Mrs. A. B. Combs, State Dept. Education, Raleigh.

How to Build a Geography Unit, Miss Georgia Spratt, Charlotte City Schools.

The Use of Pictures in the Teaching of Geography, Miss Marvin Misenheimer, Concord City Schools.

Demonstration of Lantern Slides and Stereopticons, Mr. J. N. Stackhouse, Junaluska, N. C.

Materials and Equipment, Dr. J. Henry Highsmith, State Dept. Education, Raleigh.

Development of Map and Globe Abilities, Miss Helen Birch, Franklin, N. C.

Reading Materials Related to

GOOD FOOD

GOOD FOOD should be demanded for all seasons, but especially at this season of the year. The youngsters are just returning to school after a summer's rest and play, and therefore should have the proper foods to get them started off in the proper way for a successful school year. We have made special preparations for this season, and are glad to say that our stocks of Groceries and Meats are now complete in every detail. We assure you of the very best—and at the same time it will cost you no more than you would expect to pay for first class foods.

Nerves Do they torture you by day? Keep you awake at night?
What is it that keeps hospitals open and doctors busy? NERVES.
What is it that makes your face wrinkled and makes you feel old? NERVES
Nine times out of ten it's NERVES that make you restless, worried, haggard.

Nerves Do they make you Cranky, Blue--give you Nervous Indigestion, Nervous Headache?
When nerves are over-taxed, you worry over trifles, find it hard to concentrate, can't sit still. Nerve Strain brings on Headache.
Nervous people often suffer from Indigestion. There may be absolutely nothing wrong with the organs of digestion, but the Nerves are not on the job to make the organs do their work properly.

Nerves Do they interfere with your work; ruin your pleasure; drive away your friends?
You're cheating yourself and the man who pays you if you work when your NERVES are not normal.
You can't have a good time when you are nervous. You can't make or keep friends when you are keyed up and irritable. You may excuse yourself, but to others you are just a plain crank.

Quiet your nerves with
DR. MILES' NERVINE
Liquid and Effervescent Tablets

2. The three score sheets of the judges shall be sealed and handed to the president of the committee, who, in the presence of the four class presidents shall open and tabulate them, and the class having the largest total of points shall receive first place.

3. Judges shall sit separate of each other during all events and shall not confer concerning the awarding of points at any time during the proceedings.

4. Points shall be awarded according to the merit in each department of scoring of the respective classes, with five points as a maximum and one as a minimum, with the exception of the department of attendance, in which the class having the highest percentage of participants shall receive five points, the next highest, three, and the third highest, one point.

A. Costumes
(1) Cleverness of application to the theme of each particular class.
(2) the nearest to the supreme excellence of idea represented.

B. Songs
(1) Cleverness of application to the theme of each particular class.
(2) the nearest to the supreme excellence of idea represented.
(3) Stunts
(1) Cleverness of application to the theme of each particular class.

(2) the nearest to the supreme excellence of idea represented.

5. Any question arising over the system of judging shall be settled by the committee on regulations, which consists of the president of the student body, the four class presidents, and the four class advisers.

The Man Who Knows
Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him
Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.
We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.
Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.
Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.
You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.
