

WELCOME ALUMNI OCTOBER 24th

Plans For Campus Day Now Approach Completion

Parade, Skits, Songs, Will Be Featured

(From The Pioneer)

The date of Catawba's annual Campus and Homecoming Day has been set for October 24, the day that Catawba plays Guilford in football, and the day that has been chosen for the dedication of the new grandstand on Shuford athletic field. Campus Day was initiated in 1933, and has since been held annually, each year profiting from the preceding years in color and originality, and in its present form, offers a spectacle well worth the while of all Alumni to witness. On Campus Day, each class adopts some theme, unknown to the other classes, in which it uses for development of that theme only the class colors. Every effect must be brought about by the use of only the two class colors. Classes may adopt such themes as Valentine's Day, some political issue, or some particular nationality, such as Indians, or Alpine people.

This year, Campus and Homecoming Day promises to be the best ever held, by reason of the large number of students expected to take part, and by the early interest and preparations of the various classes. Chairman Strauch has already organized his judging committee, and has prepared a general outline of the program for the day. With the start of the parade, at 10:30 Saturday morning, until the judges' decision in the evening, the day promises to yield plenty of fun for all, the new students especially, and for a renewing of acquaintances for the many alumni expected to be present.

In the morning, there is a parade of all classes to the North campus, where class songs are sung, and stunts sometimes presented. Points are awarded for rendering of songs, beauty of costume, and the success in carrying out of the theme. In the afternoon, the Homecoming Day football game is played, at which time, between the halves, the dedication of the new stands will take place, and perhaps there will be some fun between the freshmen and the Sophomores, perhaps in the form of a tug war—one side getting wet. The evening program

Refreshing Relief When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

BLACK-DRAUGHT

MODERN WOMEN

CHARL ORMOND WILLIAMS, President of National Federation of Business and Professional Women's Clubs, Inc.

Two married women teachers have just won a distinct victory in New Jersey. The news is particularly gratifying to the National Federation because we have opposed with all our strength discrimination because of marriage. The New Jersey Supreme Court, ruled in ordering the reinstatement of the two, Mrs. Elsie Hokanson and Mrs. Beatrice M. Sharp, both of Wildwood, N. J., that married school teachers cannot be discharged simply because they have husbands to support them. The teachers were discharged two years ago without a hearing and solely because they were married.

It seems astounding that one woman has been able to trace more than 5,000 missing sailors, but that is the record of Mrs. Janet Roper, house mother and head of the missing seaman's bureau of the Seaman's Church Institute of New York. She has devoted twenty-one years to this service and is called the angel of worried mothers and wives. Mrs. Roper has established contacts with superintendents of seamen's missions and operators of seamen's boarding houses all over the world. Each month she sends to them a bulletin containing the names, ages and nationalities of all the seamen she is trying to find. Mrs. Roper has worked at missions in Portland, Oregon and Gloucester, Mass.

Another advance for women in the business world is marked by the appointment of Miss Avis Lobdell special representative of the executive vice president of the Union Pacific System. She is the daughter of Judge Charles E. Lobdell, a member of the First Federal Farm Loan Board under President Wilson.

95, HE WORKS 11 HOUR DAY

Saline, Mich.—The only concession Dr. Alfred Daniels, ninety-five, veterinarian of this city, will make to his age is to cut his working hours from 16 to 11 a day. Daniels has been practicing for 52 years, and still boasts of a large practice.

Daniels has no pet formula for retaining health in old age. He doesn't drink or smoke to any extent, but attaches no particular importance to that.

He said: "My father lived to be ninety-seven, my grandfather died at one hundred. It's mostly a matter of being born into a long-lived family."

IGNORANCE IS BLISS

"D' you know, Mrs. 'Ariss, I sometimes wonder if me husband's growin' tired of me." "Whatever makes you say that, Mrs. 'Iggs?" "Well, 'e, ain't been 'ome for seven years."

Old and New In Kitchens

THE modern housewife never mourns the "good old days" when women were chained to a dull and dreary kitchen preparing three square meals a day. Contrast the picture of patience at a last century cook stove with the cheerful and efficient modern kitchen which has freed the homemaker from culinary cares. Scientific kitchen planning, gay colors, ample cupboards and shelves and time-controlled gas ranges which start the oven heat automatically and attend to baking without anyone's attention do much to simplify the problems of today's housewife. These many modern features also help to make cooking more interesting to the growing genera-

Total Registration Reaches Mark of 410 Students

Pennsylvania Sends 101 Representatives

(From The Pioneer)

Totals of the registration were released by the office on Friday, October 9, after their approval by the executive committee. The total number of registered students is now 410. This includes 179 day students. Pennsylvania again leads the state in the number of boarding student representatives. This year the number from the keystone state amounts to 101. This is an increase of fourteen students. North Carolina is second in the number of boarding students with 88 registered at present. When the day students are added to this there is a total of 267 for the Tarheel state.

Maryland, New Jersey, and New York states have sixteen, ten, and seven representatives, respectively, in the student body. Thirteen states, the District of Columbia, and Japan are contributors to the cosmopolitan group making up Catawba's student group. These states range from Vermont in the North to Florida in the South and Missouri in the West. This does not include the home of Mr. Joseph Stoudt, Japan. Included in this area are the states of Delaware, South Carolina, Georgia, West Virginia, and Illinois in addition to

the states already named.

A religious census of the students reveals astounding facts. Eighteen religious faiths are represented on Catawba's campus. The Evangelical-Reformed, church which has 99 members in the student body, is run a close second by the Methodist church which has 98 followers on the campus and in town. The Lutheran is next in line with 65 students and is followed by the Presbyterian and Baptist churches with 47 and 46 representatives each. The Episcopal belief has 15 students and the Catholic church has 13 while the United Brethren churches and the Hebrew church each have five representatives. The other students are members of one of the following beliefs: Christian Scientist, Associated Reformed-Presbyterian, Moravian, Universalist, Friends, Protestant, Evangelical, Christ Church, or Congregational. The male element in the college still holds its own. The girls number 194 to the boys' 205. In this connection, the boys are in a minority when it comes to day student registration.

The senior class numbers 84—girls 46, boys 38; the junior class, 68—girls 36, boys 32; sophomore class 91—girls 43, boys 48; freshmen class, 156—girls 69, boys 87. North Carolina 267 Pennsylvania 101
