

Evasive Indian Speedster

Sammy Pritchard

Sammy Pritchard, the Utica Welshman, has been stepping at a fast pace this year. His run-back of the Newberry kick-off will be a never forgotten epic of Shuford Field. Led by ten fighting gridders, watch him go against Lenoir-Rhyne.

Cumming's Assistant Addresses Students On Citizenship

Urges Respect To Country and Flag

(From The Pioneer)

Clyde Gooch, assistant to the Attorney-general of the United States, and a veteran of the World War, addressed the student body during the regular assembly perior recently. The purpose of his talk was a citizenship campaign. He said that the American Legion has inaugurated a campaign of Americanism. During the last year war there was no dissension in our own ranks. In discussion cooperation he said it was expected for it is appropriate to recognize the flag as a standard.

He said, "We are interested in citizenship which means a great deal to our country." He requested that those ideas be transmitted along the line so that respect be shown the flag. He compared the love and respect for one's college with love of country.

One of his statements was that it took the World War to make the United States a world power, now faced with such world problems as world relationship. In his opinion, an American is a citizen who believes in a democratic form of government and will respond to the colors if called upon.

He stated that it is to be hoped that war will be abolished with the advance in education, and that a league of nations or some kindred institution make war impossible. At the present time, Mr. Gooch believes there is more possibility for war than ever in his knowledge. He concluded his address with the ringing statement, "Let us enjoy a mutual comradeship, one union, one nation, and one flag."

Fulfillment

That I would find you dear, I've never doubted: I have been wanting, needing you so long, Fearing that ere my heart had ceased its cadence I would have missed love's pain, love's joyous song. Now that I know this sudden, singing, rapture Now that I know the search is o'er for you, These eyes are filled with star-dust, for you I'm sure dear That you in truth, were looking for me too.

Koch To Deliver 'Christmas Carol' In Auditorium

(From The Pioneer)

On Tuesday evening, December the eighth, there will be present in the Catawba auditorium, Dr. Koch of the University of North Carolina. Dr. Koch will give the famous reading by Dickens, "The Christmas Carol."

It has been Dr. Koch's custom for the past seventeen years to make a tour of the country at this time of year giving readings appropriate to the season. When he reaches Catawba he will be en route to New York.

Dr. Koch is the head of the dramatic department at the University of North Carolina. He was also the originator of the nationally famous Playmaker Group. He is acknowledged by dramatic critics to be one of the foremost in dramatic work in this section of the country.

Dr. Koch will be presented at Catawba under the joint sponsorship of the Blue Masque and the May Brawley Auxiliary of the St. Luke's Episcopal Church of Salisbury.

A Detroit man was kicked by a horse he was shoeing. One of our moderns could tell him he shouldn't have left the horse in gear.

After The Game Was Over

(From The Pioneer)

"After the ball was over, after the close of day." Yes, the game was over. Three hundred tribemen had emmassed to track down the Bears. They had sounded their hunting cry. Their war hoop was heard for miles about. And after the hunt was over, what then? The Bears, mind you, gathered themselves together and had a big dance at the Yadkin Hotel.

Yes indeed, that's just what is going to happen tomorrow night after the game. The Lenoir-Rhyne football squad is going to have a dance at the Yadkin Hotel in Salisbury. Can't you see the good Puritan supporters of Catawba drawing back in horror—"putting such ideas into the heads of our Catawba folks." Win or loose the Bears are going to celebrate.

And what will the Indians be doing? That is quite a question. What will we be doing? We, who are quite confident that the dance of the Bears is going to be a consolation affair rather than a victory celebration, what will we be doing? Some of us might go to the show. Some of us might remember that we played a football game in the afternoon and remember to tell some of the boys that they played a swell game. Some of us might—oh, there are a lot of things we might do.

But do these "might do's" compensate for the fact that on the night of one of the biggest games of the season, the underdogs will be in at the Yadkin dancing. It should be the victors who should enter into such celebrations. Some of the glory of the day should be carried into the night. The memory of the victory should not die with the passing of the closing whistle.

The night should be filled with music; the memories of the day should be recalled. The joys that we knew should not die. Such activities are as much a part of a real college life as the game itself.

But the question remains, "What will Catawba be doing the night of their win over Lenoir-Rhyne, while Lenoir-Rhyne is in at the Yadkin dancing." Oh, that's right, there's a G. A. A. Carnival.

There are 16 Ways to Build This House But Only One Way To Wire It For Safety and Convenience

It takes a higher degree of SPECIAL technical knowledge to make and execute a complete, safe and adequate wiring plan than it does to BUILD THIS HOUSE! . . .

Do not assume to be led to believe that city inspectors will TAKE CARE of your wiring. . . This inspection is merely a safety factor . . . It has nothing to do with CONVENIENCE, COMFORT OR BEAUTY.

Make sure your wiring and lighting is AS WELL PLANNED AS ANY OTHER PART OF YOUR HOME . . . Our service by specialists is without cost or obligation.

DUKE POWER CO.

"No appliance is better than the service behind it."
