Large Local Investments
Woodmen activities in this state are always noted with interest by national headquarters. It is said, as the association has large investments in municipal, county and state securities in this area.

The Woodmen of the World is today the strongest fraternal life insurance association in the world, with assets of \$124,493,972, as of January 1, 1937.

During 1936 alone, the Woodmen of the World enrolled more than 90,000 new members, with insurance protection totaling in excess of \$108,000,000.

Woodmen membership now totals nearly 400,000 men, organized in about 8,000 local camps, in 44 states.

Two \$1,500,000 Refunds
In the spring of 1936, and again in February, 1937, the association returned about \$1,500,000 of assessments to its members. These were the largest single refunds ever made by a fraternal society, and affected nearly 300,000 members each year. Eligible for refunds were all members who had held a beneficiary certificate (in good standing at the end of 1936) for two years or more.

THE FAMILY DOCTOR

By JOHN JOSEPH GAINES, M.D.

ABOUT THIS BABY OF YOURS
Now let's not talk about vitamins and calories and modified milks and adenoids and all that; leave it to the specialists to theorize on the fine-spun; let's talk about the baby—YOUR baby.

First: Baby is supremely selfish. He's too busy attending to his own affairs to bother about the comfort of any one else—and, he's exactly right; if more people attended to their own business we'd soon have a better race of people.

Second: A baby is just a digestive tract, an air compartment, and a minute, nervous bundle with a water-cooled motor. So long as he is comfortable he will

ed considerably after the war in industrial countries, especially in our own. Statistics show that in 1910 women in clerical positions numbered 696,000 and in 1930 the figure was 2,136,600. The increase in men non-manual workers is considerably less. Women stenographers and typists show the largest gain during this period.

Flying has opened up another job for women, air-marking cities and towns for the benefit of women licensed to fly as said to be working toward permanent employment.

Denver has a bright girl of eighteen who conceived the idea of making a mural with cuttings of colored paper. Miss Rose-marie Davis, daughter of Forrest Davis, editor of the Denver Rocky Mountain News, won a first trip to Europe for her novel decoration.

From the International Labor Office at Geneva we learn that the number of women employed in nonmanual work increases

not kick up a row. No respectable baby will tolerate a safety-pin boring into his unbilical remains nor will he fail to resent rough seams that grind his arm-pits or groins; remember, if he is comfortable he will be peaceful. No baby enjoys howling any more than you do. Treat him with sense.

Third: Baby will cease feeding when he has enough, and he'll do it every time; but don't urge him to take more; whenever he lets go is the instant for closing the seance. Of course he's just like you, and would over-stuff himself just as you do; then trouble comes. The keenest of judgment is in knowing when to stop.

Lastly: Maybe you have one of those cute, idiotic Pomeranians; if so, turn it over to the maid, and take care of baby yourself. It's a religious duty of yours to care for your own flesh and blood. A worthwhile parent will entrust the baby to no alien hands.

Preparations For May Day Near Final Stages As Date Approaches

Mrs. Lynn Foil and Miss Mary Omwake Direct Dances and Decoration

HUPPER CHAIRMAN

Original Dances And Costumes Carry Out Theme Of "Toy Shop"

(The Pioneer, Catawba College)
With the appointment of committees and participants in the dances, activities for May Day, May 4, are well under way. Dance rehearsals and decoration projects are progressing rapidly under the direction of Mrs. Lynn Foil, Miss Mary Omwake, and Miss Dorothy Hupper, student chairman of May Day.

All dances are original compositions of the student committee and are in accord with the theme, "The Shop." Eleanor Smith, Edith Scott, Helen Baer, and Theresa Taylor comprise this committee. The steps in all the dances are characteristic of doll's movements. Dancing dolls are of every type and variation. They include: Dutch, Mamma, Hobby Horse, Red Riding Hood, Tin Soldier, Pierrotte, Gypsy, Popeye and Olive Oyl, and Shirley Temple dolls.

The platform and throne will be converted into a little toy shop. The place will be decorated by a committee composed of: Virginia Wyand, Mildred Lloyd, and Sarah Hollyday. The plans for decoration have been completed, but active work will not begin until a few days before the annual festival.

Costumes for the dances are designed and in the process of making. There will be little organdie dresses and bonnets, little red capes, colorful trousers, and every kind of costume imaginable. Misses Dorothy Craven, Helen Craven, and Charlotte Eves designed the costumes.

Don't put up with useless PAIN Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them. Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.
