A BIG NEW INDUSTRY

More than five hundred different concerns are engaged in the newest of America's major industries. That is air-conditioning houses, offices, stores and theatres that the temperature and humidity can be controlled at all seasons and under any weather conditions, has at last come out of the experimental stage and become a practical reality of everyday application.

It is in about the stage in which the automobile was when Mr. Ford turned out his first "Model T" thirty years ago. It will be years before an air-conditioned home will be as much a necessity for every family as the automobile is today; but it is pretty nearly a certainty that same will come.

As with automobiles, increased production will bring costs down. Today only the fairly well-to-do can afford to equip their homes with air-conditioning devices, but in a not far distant tomorrow a house not so equipped will be regarded as out of date and fit only for the very poor to live in.

Permanent prosperity is brought about through the successive development of new industries. Air-conditioning is the largest and latest of these and holds unlimited possibilities for America's future prosperity.

TAX THE TAX EATERS

Is there any good reason why a man who draws his income from the public funds should not contribute his due share to the support of the government which supports him? We know of none; yet Congress has exempted from the Federal income tax not only most employees of the Federal government but all who draw their pay from state and municipal governments, while the state governments exempt Federal salaries from tax.

Is there something so sacred about a public office that the person who holds it is not like other men, but entitled to special consideration because of his position? It has never until lately been so considered in America. The people who are supported by taxes are, or should be, the servants of the taxpayers, not their rulers, set apart from the common herd.

The number of government employees is steadily and rapidly increasing. Federal, state and local. There are at least three million tax eaters. Not all receive large enough salaries to bring them under the present income-tax provisions; but the time is inevitably coming when the income tax exemption will have to

be lowered if funds enough are to be found to keep the machinery of government running.

Why should not the tax-eaters take the same medicine as the rest of us?

ABOLISHING POVERTY

It will be a marvelous thing if the prediction made lately by Harry L. Hopkins, Federal Works Progress Administrator, comes true. Mr. Hopkins said, in an address at Teachers College, New York: "I expect to see the day, and it won't take more than 20 years, when the Government eses to it that one-third of the population which is at present insufficiently clothed and fed will have a decena living standard. We have juts made a beginning." He added "it's going to cost plenty," and that the cost will "come out of the hides" of those earning more than the average incomes.

Everybody would like to see poverty abolished, but not everybody will agree that the way to do it is to take from the able to give to the less able. There is danger in reducing the competent to a state of near-poverty. Wht would seem to be the safe way to bring about a more equitable distribution of wealth would be to produce more wealth. Instead of talking about "taking out of the hides" of some particular class for the benefit of another class, it would be wiser for men holding high places of public power to be talking about encouraging those who control the machinery of production to produce enough more, commodities so that nobody would have to go without.

That is the progress by which Amrica has made its people—all of them—wealthier than the people of any other nation in all history.

THE SCRAP BOOK

MOST OF the male MEMBERS OF the human race AT ONE time or another HAVE MARBELED at the POWERS OF observatoni EXHIBITED BY female MEMBERS OF the same RACE. AND so today we ARE TELLING a little story THAT MIGHT have HAPPENED RIGHT here in the CITY NO less than 2 weeks AGO. "DID you get the NUMBER OF that car that KNOCKED YOU down?" ASKED A bystander who SAW THE stricken lady GETTING TO her feet. "NO," WAS the quick reply, "BUT the huzzy that WAS DRIVING it wore a THREE-PIECE tweed suit, LINED WITH canton crepe, AND SHE had on a perily WINKLE HAT trimmed WITH ARTIFICIAL cherrier."

I THANK YOU.

7,530 Happier Vacations in the Making

REALLY to enjoy one of those carefree vacations that everyone dreams about this time of year, two essential things are: sufficient

money and attractive clothes. A surprisingly important aid to the solution of this nationwide problem has come to light in the valuable array of prizes offered by a new series of contests sponsored by the makers of Ivory Flakes. Money, totalling \$30,000, and silk stockings, to the extent of 15,000 pairs, will give 7,530 lucky American women a welcome head start with their vacation plans.

The kind of a summer trip that lives forever in any woman's mind can be enjoyed when \$1,000 is available for the purpose. All thirty winners of the \$1,000 cash first prizes in the Ivory Flakes contests should be able to look forward to such a happy

experience. Every week for six weeks, starting May 15th and ending July 3rd, five such awards will be offered.

Moreover, 1,250 desirable additions to a lady's wardrobe—that is, two pairs of Gotham Gold Stripe Adjustable silk stockings—will be awarded in each weekly contest.

With encouraging simplicity, the rules of the competition ask only that each entry complete, in twenty-five words or less, a sentence beginning "I use Ivory Flakes for washing my silk stockings because—" and mail with the top of one Ivory Flakes box. The entries will be judged by Miss Elsie Rushmore, National Contest Consultant, and her associates. The winners of the \$1,000 prizes will

be announced shortly after the close of each weekly contest over the radio programs "The O'Neills" and "Mary Marlin."

Beauty Hints

By Jane Heath

IT'S going to be a gay and jolly summer with everyone of us wearing brilliant colors, vivid shades and petals. If we aren't careful all this brilliancy will overshadow our features, so that we will be known for our costume and not for our faces.

Don't despair, there is always a way to overcome most things. In this particular case you'll have to highlight your features as you've never done before.

Your eyes will have to shine like stars, your eyelashes will have to be long and gloriously curled upwards. That is where that handy little eyelash curler comes in! It takes only 30 seconds and the effect is amazing!

To make your eyelashes and your brows luxuriant and silky, use Kurlone and put it on every single night before you go to bed. Use it on those days when you go masquerade—it gives your eyelids that youthful shiny look.

As for eyeshadow, you'll find yourself using it in the daytime as you never did before. The colors will be fascinating blues, from aqua to royal. Greens will be of great importance too, particularly spring-green. You'll want to use silver or gold for evening glamour. Be sure to paint it on with an eye-beauty brush so you achieve a smooth, lovely line. Don't smear on Shadette with your finger.

DAVIE MAN HELD FOR AUTO DEATH MRS GIDEON SINK

Prominent Shiloh Woman Fatally Injured Saturday Night in Auto Wreck

FUNERAL HELD MONDAY P. M.

Davie County Independent: Rad Bailey, young white man of Fork Church community, will probably be given a preliminary hearing within ten days on charges of manslaughter and hit and run driving.

Bailey is alleged to have been the driver of an automobile which figured in an accident on highway 14 late Saturday night in which Mrs. Sallie Sink occupant of the other car which was driven by a daughter, was killed. Three other persons were injured but it is thought not very seriously. The collision was near the center of the highway and was head on according to information received here. Bailey was committed to jail shortly after the accident by Sheriff C. C. Smoot and has not yet posted bail.

Mrs. Sink was in a car reported driven by her daughter, Rachel, and was accompanied by another daughter, Doris. They were returning, it was reported from a trip to her farm in Davie county when the collision occurred on Highway 64 on a curve about 150 yards west of the Yadkin River bridge. Mrs. Sink was thrown through the windshield, her throat lacerated, chest injured and scalp cut. The daughter driving suffered a broken arm, the other was painfully cut about the face, while Edward Williams, a companion of Bailey and the reported owner of the car, had one ear almost cut off, shoulder bruised and other injuries. All were carried to the Davidson Hospital shortly before ten o'clock Saturday night and Mrs. Sink died shortly after reaching there. Williams remained Sunday as a patient, while the Misses Sink were dismissed after first aid treatment.

Three young men of Davie county were in the Williams car, according to information secured by Sheriff Raymond Bowers and by local officers. Bailey is reported to have suffered painful but not serious injuries. Reports as to details of the collision, which was also investigated by Sheriff Smoot, were somewhat conflicting.

Funeral services for Mrs. Sink were conducted from Reeds Baptist church at 2:30 Monday afternoon by the pastor, Rev. Hoyle Love, and Rev. E. C. Roach, of Erlanger, a former pastor.

Surviving Mrs. Sink, a daughter of the late Addison Wood and Mrs. Martha Leonard Wood, are the aged moth-

MAN TAKEN ON ROBBERY RIDE HE TELLS POLICE

Winston-Salem. — William Howard, 32, and Ollie Cornatze, both of Bixby, were bound over to superior court under bonds of \$2,000 each on charges of robbery with firearms.

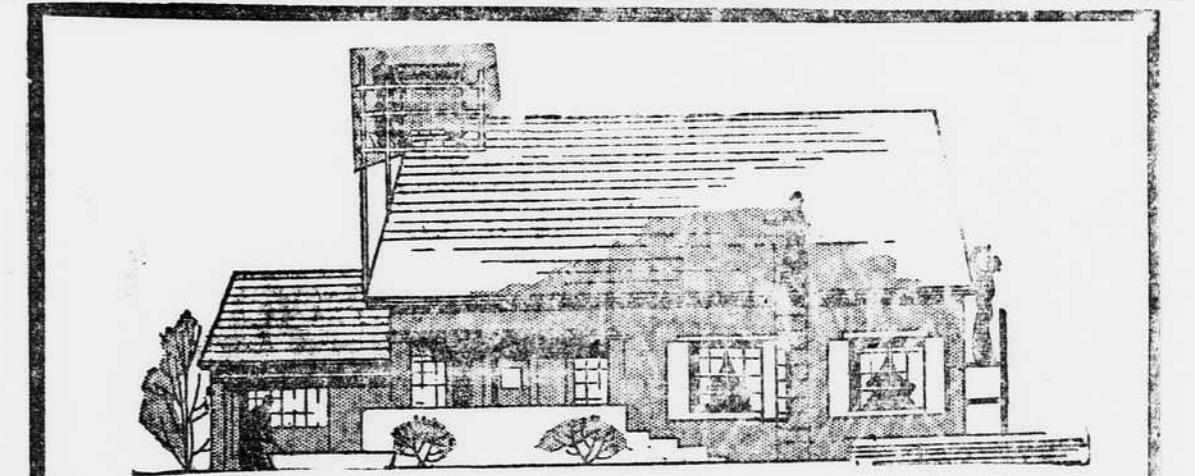

They were accused of holding up Arthur Mabe, 885 North Liberty street, on Saturday night, forcing him to ride over Davie county with them, and robbing him of \$3.50.

Mabe told police that he was accosted by the two men Saturday night as he was on his way to the City Market. One of them forced him to get into the parked car in which they were sitting, and the three drove away.

Mabe said that the men took him to Mocksville, Lewisville, and Cox Springs finally returning to Winston-Salem and stopping at Twenty-third street and Jackson avenue. There they relieved him of his money.

The holdup was reported to police who apprehended Howard and Cornatze early Sunday morning. Mabe identified the two as the robbers and they were charged with larceny with firearms. Both waived preliminary hearing before Municipal Court Judge Bailey Lippert Monday.
