BISHOP ELDER.

We copy below, from the Natchez Courier, of July 20, the order of General Brayman respecting Bishop Elder. The statements in the preamble are lies, as everybody knows who has the least acquaintance with the Catholic ritual:

HEADQUARTERS U. S. FORCES, Natchez, Miss., July 22, 1864. General Orders No. 11.

Extract V. It appears while the country was at peace, William Henry Elder, Bishop of Natchez, caused to be read, as a portion of the proper and recognized religious service of the Roman Catholic Church, within his ecclesiastical jurisdiction, the usual prayer for the President of the United States, etc., whereby was signified and taught a true and loyal spirit towards the Government and authorities of the United States and a pious desire for the prosperity and maintenance thereof.

It further appears that after the establishment of the pretended Government of the "Confederate States of America," in violation of the Constitution and laws of the United States, and in treasonable and armed rebellion against the same, the said William Henry Elder, Bishop of Natchez, did cause to be abolished and struck from the proper and usual service of the Roman Catholic Church, within his ecclesiastical jurisdiction, the prayer for the President of the United States, etc., and did substitute and cause to be read in place thereof, a like prayer for the President of the pretended "Confederate States," etc., whereby he publicly renounced his allegiance to the Government of the United States, and declared allegiance to a power then in armed resistance against the same, and compassing its overthrow; such act being in violation of his duty as a citizen of the United States, and of evil example to those under his ecclesiastical authority; he well knowing that thereby was instigated and promoted, rebellion and armed hostility against the lawful authority of the United States.

It furthermore appears that on the 21st June, ult., a special order (No. 3) was issued by the officer then commanding the U. S. forces at Natchez, requiring that the prayer for the President of the United States, etc., should be restored and appropriate read as a part of Divine Service, as has been the custom aforesaid in the Roman Catholic Church at Natchez.

The said William Henry Elder, Bishop of Natchez, being still in rebellion against the United States, and ill disposed towards the Government thereof—not having repented of, nor retracted his treasonable conduct and teachings as aforesaid; but, on the contrary, repudiating and denying the authority of the Government and its officers in that behalf; and having for a long time, though frequently warned, contumaciously refused, and still utterly refusing obedience to said order, thus encouraging the people under his authority to treasonable practices, and impairing the force of discipline: It is therefore

Ordered—

1. That said William Henry Elder, Bishop of Natchez, be expelled from the lines of the Army of the United States, not to return without permission, on pain of imprisonment, during the continuance of the rebellion.

2d. That the Provost Marshal close, and hold military possession of St. Mary's Cathedral, situated in the city of Natchez, and all other houses or places of worship within this command, and under the ecclesiastical jurisdiction of said Bishop William H. Elder, in which the prayer of the President of the United States has heretofore been, but is not now, read.

Inasmuch, however, as the said Bishop William H. Elder has requested, in a respectable manner, that any action under said order No. 31, be suspended until "communi-

cation can be had with the authorities at Washington."

It is further ordered, That action under said order No. 31, and the paragraphs "First" and "Second" of this order, be accordingly suspended until further orders, and that in the meantime, the Provost Marshal of Natchez cause the said William H. Elder, Bishop of Natchez, to appear in person, within twenty-four hours after receiving a copy of this order, to the officer commanding the United States forces at Vidalia, and remain within his military lines, under the penalty of the immediate execution of the before named orders.

The Provost Marshals of Natchez and Vidalia, respectively, will see to the strictest observance of this order.

By order of Brig. General M. BRAYMAN. J. H. ODLIN, Captain and Ass't Adj't General.

Of the nature of Bishop Elder's imprisonment at Vidalia we have already spoken. It is said that the Yankee General is about to make use of the Cathedral and the other Catholic Churches in the diocese for negro schools, and it is thought there will be something of a row among the Irish troops if he does.

PROSPECTUS OF "THE AGE."

A SOUTHERN MONTHLY MAGAZINE.

The undersigned has commenced in the City of Richmond the publication of a Monthly Magazine, under the above title.

It will present to its readers, selections from the best European Periodicals, of Literary and Scientific articles, of Novels and Sketches, which, having already received the imprimatur of an enlightened taste, cannot but prove acceptable to the Southern public. The effort will be made to keep the readers of the Magazine as nearly as possible abreast of the literary progress of the age. Arrangements have been made which, it is hoped, will enable the proprietors to secure this end.

The Magazine will also present original articles from our best writers, in all departments, and a special aim of the proprietors of this periodical will be to foster Southern authorship by offering an adequate and remunerative field for their exercise. They will not, however, under the plea of this design, encourage, by reproduction in its columns, that class of compositions which create a vivid and unhealthy taste, to be stated only by that hybrid literature which Yankee ingenuity has contrived, under the name of sensational romance.

The Industrial Resources and the Educational Interest of the Confederacy—the twin foundations of true independence—will receive the important share of attention they deserve. In the development of these questions, its object will be to make a practical application of the doctrine of States Rights to the policy of the country. It will endeavor to explain the mission of the Confederacy, which is to demonstrate liberty regulated by law, to exhibit a system of States, each supreme within its foundation, and only bound by a voluntary alienation of powers. It will vindicate those elements of National Independence, which are secured by a high standard of intelligence and refinement, by accumulated capital, varied industry and by abundant facilities of intercommunication. It will promote the adoption of all those measures in which the Confederate States are now deficient. And, what the Constitution of the Confederate States forbids the General Government to organize and operate enterprises of a nature calculated to attain these results, the projectors will consider it their duty to urge upon the States the development of interests so indispensable to the attainment of these ends. It is thus that, through the aggregate ability of the separate States, the power of the Confederate States will be made manifest. It is thus that the collision of sectional interest and the oppression of a common head will be avoided.

The various departments of literature to which the Magazine will be devoted, may be named as follows:

1. Essays, original and selected, political literary and scientific, and biographical sketches.
2. Novels, Tales and Sketches, original and selected.
3. Reviews of Books.
4. Educational Essays and News.
5. Notices of the progress of Science and Art.

In the fourth section, it is the design to afford to Teachers information needed in their profession, and a field for the interchange of ideas on that subject, to which end, their assistance and collaboration is invited. Southern School Books will be noticed and reviewed; and the Southern system of Education as opposed to New England empiricism and practicalism, duped, developed and defended.

Terms—Each number \$1.50. For three months \$4. For six months \$8.

SCHEDULE OF PRICES IN NORTH CAROLINA.

The Commissioners of Appraisal for the State of North Carolina, again present their schedule of prices to govern the purchasing officers of the Government for the next sixty days, unless in the interval facts and circumstances should arise to induce an alteration. Every item has been carefully revised and with the valuable aid of Mr. George W. Mordcaia, they trust the schedule now presented will prove satisfactory to both the Government and the people. They would respectfully urge the people to hasten on with their supplies to maintain and feed our gallant army now assembled just on our borders, and in whose gallantry and fortitude, under God, we alone owe our exemption from the horrors of a revolution of our homes and families by the barbarous, inhuman foe, who have constantly shown they only want the power, and not the will to destroy us and take all we have.
