REPORTS OF THE PRESS ASSOCIATION.

Entered according to act of Congress in the year 1863 by J. S. TARRASER, in the Clerk's office of the District Court of the Confederate States for the Northern District of Georgia.

FROM THE WEST.

MOBILE, Oct. 22.—The operator at Tusculumbia, 21st, reports a flag of truce yesterday at Decatur. Yankee officers say Hood is beating Sherman at his own game of flank. It is reported our force hold Rome, Dallas, Kinston, Resecca, Missionary Ridge, and advancing on Chattanooga, which place the Federals were concentrating by withdrawing unimportant garrisons. Sherman's forces are on short rations. Nashville papers of the 17th, and the Louisville Journal of the 18th, says Guerrillas are overrunning Kentucky. Vouchers are rejected by 10,000 majority. 75 counties in Ohio give an Abolition of 2700. Philadelphia despatches of the 7th, claims the State for the Republicans by 3000 majority.

MERIDIAN, Oct. 22.—Trans-Mississippi Journals announce that Gen. Standwaite attacked the enemy at Cabin Creek, in Choctaw nation on the 19th inst., and after fighting several hours defeated the enemy, capturing twenty-five wagons, one hundred and twenty prisoners. Yankee loss in killed and wounded, two hundred. Ours slight.

Yellow fever still prevails in Galveston and Houston. A correspondence between our forces and the enemy at Brazos Island, reveals the fact that Cortinas is a Brig. Gen. in the Yankee service, and Eschasta is Colonel.

FROM RICHMOND.

RICHMOND, 22.—The Baltimore American, evening edition of the 20th received by the Whig. Stanton's official bulletin to Dix says another great battle fought yesterday 19th at Cedar Creek, though at first a great disaster, finally resulting in a victory for the Union forces under Sheridan, more splendid than any heretofore achieved. Forty three pieces of artillery captured and many prisoners on our side. Gen. Wright, Ricketts and Grover, wounded, and Bigwell killed. Sheridan's official report admits his army was driven in confusion four miles. He hastened from Winchester where he was on return from Washington and took affairs in hand, and formed a new line of battle in time, and repulsed the enemy after some cavalry charges, he attacked the enemy when the darkness intervened to set off greater results.

A telegram from Chattanooga of the 19th says Sherman attacked yesterday in pursuit of the rebels who were retreating Southward via Bloomtown Valley. The same telegram claims that Roddy's cavalry was routed at Rome on the 12th by Minty's brigade of cavalry.

Thirty armed desperadoes, supposed to be in the rebel employ, from Canada, invaded Saint Albans, Vermont on the 19th, and robbed the Banks of large sums of money, and shot several citizens. Eight raiders were subsequently captured and fifty thousand dollars recovered.

The result of the vote on the new Constitution of Maryland is yet doubtful. Dispatches from Halifax confirm the report of the capture of the Roanoke by the Confederate. She was taken to Bermuda and her passengers landed. Braine then put to sea and burnt the vessel off Bermuda, he and crew returned in boats and were arrested by the British authorities.

Forest was making a raid through the western portion of Kentucky. The Cincinnati peace Convention adopted peace resolutions, favoring peace on basis of the sovereignty of States and calls for a Convention of States to settle the difficulties.

RICHMOND, Oct. 23.—Lincoln was serenaded and made a speech of some length in which he alluded to intimations that he would seize and control the government if defeated in the coming election, declared whoever was constitutionally elected in November should be duly installed President on the fourth of March. If the people deliberately decide to have immediate peace, even at the loss of their country and their liberties, he knew not the power, nor the right to resist them. He believed, however, they were still resolved on perseverance, consistency and liberty; and in this, in office or out, he was resolved to stand by them.

Glasgow Missouri and Garrison captured on Saturday by Shelby. City Hall and other buildings destroyed. The greatest excitement prevails on the Kansas border and Leavenworth is being fortified.

Gold 275.

RICHMOND, Oct. 23.—The New York Herald of the 21st received. No late news from Sherman. The latest official report from Missouri states that the main rebel army was still east of Blackwater river.

The Vermont raiders were arrested in Canada East. The Gov. Gen. of Canada has assured the Gov. of Vermont he will respond to the requisition of the United States for the delivery of these criminals. The outrage created great excitement in Vermont.

RICHMOND, Oct. 23.—By recent arrival from Europe, assurances were received at Washington, from the highest sources that no vessels capable of belligerent service against the United State, will be allowed to leave French ports for Confederate ports.

CHARLOTTESVILLE, Oct. 22.—But few additional particulars from the Valley. Our army fell back to New Market. The enemy did not pursue. Maj. Gen. Ramseur was shot in the bowels and supposed mortally wounded. He fell into the hands of the enemy. Brig. Gen. Battle was wounded in the spine and arrived here this morning. Also Brig. Gen. Connor of S. Carolina wounded in the leg on the 13th inst.

A Blessed Intimacy.—A friend once asked Professor Franke how he maintained so consistent a peace of mind. "By stirring up my mind a hundred times a day," replied Franke. "Wherever I am, whatever I am, whatever I do 'Blessed Jesus, I say, have I a share in Thy redemption? Are my sins forgiven? Am I guided by Thy Spirit? Renew me, strengthen me.' By this constant intercourse with Jesus I enjoy serenity of mind and settled peace of soul."

PROSPECTUS OF "THE AGE."

A SOUTHERN MONTHLY MAGAZINE.

The undersigned has commenced in the City of Richmond the publication of a Monthly Magazine, under the above title. It will present to its readers, selections from the best European Periodicals, of Literary and Scientific articles, of Novels and Sketches, which, having already received the imprimatur of an enlightened taste, cannot but prove acceptable to the Southern public. The effort will be made to keep the readers of the Magazine as nearly as possible abreast of the literary progress of the age. Arrangements have been made which, it is hoped, will enable the proprietors to secure this end.

The Magazine will also present original articles from our best writers, in all departments, and a special aim of the proprietors of this periodical will be to enter Southern authorship by offering an adequate and remunerative field for their exercise. They will not, however, under the plea of this design, encourage, by reproduction in its columns, that class of compositions which create a vivid and healthy taste, to be stated only by that hybrid literature which Yankee ingenuity has contrived, under the name of sensational romance.

The Industrial Resources and the National Interest of the Confederacy—the two foundations of true independence—will receive the important share of attention they deserve. In the development of these questions, its object will be to make a practical application of the doctrine of States Rights to the policy of the country. It will endeavor to explain the mission of the Confederacy, which is to demonstrate liberty regulated by law; to exhibit a system of States, each supreme within its foundation, and only bound by a voluntary alienation of powers. It will vindicate those elements of National Independence, which are secured by a high standard of intelligence and refinement, by accumulated capital, varied industry and by abundant facilities of intercommunication. It will promote the adoption of all those measures in which the Confederate States are now deficient. And, whilst the Constitution of the Confederate States forbids the General Government to organize and operate enterprises of a nature calculated to attain these results, the projectors will consider it their duty to urge upon the States the development of interests so indispensable to the national welfare. It is thus that, through the aggregate ability of the separate States, the power of the Confederate States will be made manifest. It is thus that the collision of sectional interest and the oppression of a common head will be avoided.

In the fourth section, it is the design to afford to Teachers information needed in their profession, and a field for the interchange of ideas on that subject, to which end, their assistance and collaboration is invited. Southern School Books will be noticed and reviewed; and the Southern system of Education as opposed to New England empiricism and practicalism, depicted, developed and defended.

TERMS.—Each number \$1.50. For three months \$4. For six months \$8. The trade will be supplied by GEORGE L. BIDGOODS, 161 Main Street.

SCHEDULE OF PRICES IN NORTH CAROLINA.

The Commissioners of Appraisement for the State of North Carolina, again present their schedule of prices to govern the purchasing officers of the Government for the next sixty days, unless in the interval facts and circumstances should arise to induce an alteration. Every item has been carefully revised and with the valuable aid of Mr. George W. Mordecai, they trust the schedule now presented will prove satisfactory to both the Government and the people. They would respectfully urge the people to hasten on with their supplies to maintain and feed our gallant army now assembled just on our borders, and in whose gallantry and fortitude, under God, we alone owe our exemption from the horrors of a revolution, inhuman foe, who have constantly shown they only want the power, and not the will to destroy us and take all we have.
