REPORTS OF THE PRESS ASSOCIATION

Entered according to act of Congress in the year 1864,  
by J. S. THOMAS, in the Clerk's office of the District  
Court of the Commonwealth of North Carolina, for the Northern Dis-  
trict of Georgia.

### FROM RICHMOND.

RICHMOND, Nov. 9.—In the Senate several resolutions were submitted and referred to appropriate committees, and the delay in paying troops was incidental. A purpose was evinced to adopt measures at an early day to secure prompt payment in future.

In the House, a multitude of propositions were introduced. Foote submitted a resolution declaring that the recommendation in the President's Message for dissolving Editors and the necessary employees of newspapers is one which the House can by no means approve. He declared that without the freedom of the press there could be no freedom of the people. The press was recognised in all free countries as the bulwark of public liberty. The destruction of its independence would reduce us to the most degrading servitude the world ever saw. The army would not be strengthened by it, but fierce tyranny be inaugurated. He was no favorite with the press, and sought not to win its favor. He was governed solely by public considerations.

In the resolution submitted Barksdale denied that he desired to trammel the press. Here under the very shadow of his office the press was as free as air. He moved a reference of the resolution to the Military Committee.

Foote responded, expressing his views at considerable length and with great emphasis.

Barksdale's motion agreed to. House resolved into secret session.

RICHMOND, Nov. 9.—New York and Philadelphia papers of the 7th received Correspondents of the Herald, Gayleville 29th, says Sherman's head quarters to-day are at Gayleville. His army has been here five days, subsisting off the country around. Telegram from Nashville on the 5th says that on the 3d the rebels attempted to cross the Tennessee river at the mouth of Blue Water, but was repulsed with considerable loss. Other Nashville telegrams of the same date say yesterday at day light, the gunboat Audie, captured a few days ago by the rebels, came through sheets at Reynoldsburg Island and landed rebel troops who destroyed her and left at 1 o'clock. Two gunboats steamed down near the west side of Reynoldsburg Island from Johnsonville and engaged the rebel batteries with 24 pounder parrots. Gunboats were driven back badly damaged at 2 o'clock. The enemy's batteries opposite, above and below Johnsonville, opened on and disabled the gunboats. They responded until ammunition was exhausted and were then blown up. Crews are at Johnsonville this morning. The rebels are crossing five miles above Johnsonville. Gunboats from Paducah are in sight.

Schofield takes command of Post. Intelligence from below Florence states that a large part of Hood's army is still south of the river, subsisting on the country. River rises four feet deep on the shoals.

Steamer "Lucy" and "Anna," each laden with cotton and tobacco, were captured off Wilmington last week.

Butler has issued an order stating, by direction of the President that he assumed command of troops detailed for duty in the State of New York to preserve peace. The United States will protect public property and prevent and punish incursions into the borders and insure calm and quietude.

The Herald intimates that Sherman will return to Atlanta and inaugurate an active campaign from that point leaving the 4th corps to operate against Hood.

RICHMOND, Nov. 9.—Yankee pickets at the front to-day assert that a telegram was received at Head-quarters announcing the capture of the Florida off the coast of San Salvador.

CHARLOTTE, Nov. 9.—Yankee videttes report that Warren's 5th corps voted overwhelmingly for McClellan on Tuesday, and that the army of the Potomac was thought to have voted the same way.

New York city gave forty thousand majority for McClellan, and Kentucky has gone for him by an immense vote.

Lincoln officers in the army are evidently uneasy.

All quiet here.
