TELEGRAPHIC.

REPORTS BY THE PRESS ASSOCIATION.

NORTHERN NEWS—LINCOLN RE-ELECTED.

RICHMOND, Nov. 12.—New York and Baltimore papers of the 9th are at hand. The Herald editorially announces the re-election of Lincoln. The Baltimore American, of the afternoon contains the latest returns from New York by telegraph which says the Tribune claims for Lincoln all the New England States, Pennsylvania, New York, Delaware, Maryland, Ohio, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa and Kansas, making a total of 190 electoral votes. The New York Congressional Delegation stands, 22 Union, 9 Democrats. The Herald says Fernando Wood is defeated. Brooks' majority 125. The Herald concedes Lincoln's election, claiming, however, New York, New Jersey, Kentucky and Missouri, for McClellan. The Tribune claims only 300 majority in New York.

The Florida was captured by surprise, in harbor, at Bahia, early in the morning, when a number of her officers and crew were on shore. A gunboat of her surrender was immediately acceded to, when a hawser was made fast to her and she was towed out to sea. The Herald says the capture of the Florida will doubtless be denounced as a violation of the right of asylum in a neutral port, and may become a subject of international discussion.

The journals the capture.

Gold in New York on the 9th was quoted at 257½.

SECOND DISPATCH.

RICHMOND, Nov. 12.—It was reported yesterday, on good authority, that the authorities at Washington have issued an order prohibiting the communication of intelligence with the result of the election returns by telegraph, railroad, stage coach or otherwise. This news was confirmed by a note from an officer of the lines below Richmond, who has heretofore received newspapers for the Richmond press. He says upon going out for papers this morning, he was informed by Yankee officers that orders had been received forbidding the exchange of papers. How long it would last he could not say. He said the general belief was that Lincoln was elected, but the returns were very unreliable.

PETERSBURG, Nov. 13.—All quiet along the lines. The enemy pickets yesterday unable to exchange papers, they said the results of the 10th were taken from them by the officers after distribution and thought it a strange proceeding, but could not tell the cause.

Latest dates here embrace the 9th only.

On the 9th, three of Hamptons scouts were captured by 26 yankees two nights since near the James river and brought in 23, and 3 escaped. The Herald of the 10th inst. received, which says Lincoln is certainly elected. The vote close in New York and Pennsylvania. McClellan carried New Jersy, Deleware and Kentucky.

Capt. Arago from New Orleans reports a fight engagement off the North Carolina coast on Tuesday by three Federal war steamers and the rebel is believed to be the Tallahasse, the rebels had long ranged guns and was apparently cornered, when Arago left.

Scouts from Sheridan's army say Early is actively preparing for another defensive movement at New Market.

Mosby is still annoying the Federals between Winchester and Washington and had hung several federals in retaliation for a like number of Confederates hung by Custer.

It is reported that Sherman had destroyed the Railroad between Chattanooga and Atlanta, and had burned the latter place, and is at the head of four corps marching on Charleston. The report is not credited in military circles in Washington.

Hardee is fighting Forrest.

The fleet was pursued out of Bon Bon bay by two Brazilian war steamers but could not be overtaken.

Gold sold in New York on the 9th at 257½.

SAVANNAH, Nov. 13.—About 2000 of our prisoners were received last night and to-day from Millen. Thirteen are looking well, from most parts, and in fine spirits. Many are ready for the front without furloughs.

TAX-IN-KIND.

OFFICE POST QUARTER MASTER,
9th Con. District, N. C.

STATESVILLE, N. C., Nov. 8, 1864.

FOR the benefit of the farmers of the 9th Congressional District, I publish the following régulations in regard to the Tax in Kind.

The receipts of Agents of Tax in Kind, and of bonded Quartermasters and Commissaries, will be only receipts valid to the producer, for the dues and even when the tithe is delivered to such bonded officer, the receipt is not valid except such bonded officer leave, at the same time, with the producer, duplicate receipts for the Post Quartermaster of the Congressional District.

In all cases when the producer fails to deliver or tithe within thirty days from the day the Agent notifies him (either by publication or otherwise) of his readiness to receive it, he (the producer) becomes liable to pay five times the estimated value—and as Assessors will be directed to assess all produce in future at *market prices*, it will be greatly the interest of the farmer to deliver promptly to the regular Tax agents, his Tax in Kind.

Capt. & A. Q. M. 9th Con. Dist.

TO THE PEOPLE

Of Iredell, Alexander, Catawba, Caldwell and Burke Counties.

THE Farmers of the foregoing counties are hereby informed that in consequence of the pressing necessity existing in our Armies for Forage and Stock Forage—Corn, Oats, Hay and Fodder I have instructed my Agents to exert all their energies in securing at once the entire surplus of these supplies; and, while I sincerely trust that the farmers of these counties will spare my Agents and themselves the unpleasant necessity of impressment, by selling to me on them at the Schedule prices fixed by the Commissioners of Impressment for the North Carolina; yet, if parties refuse to sell at these prices, thereby making impressment necessary, it is a duty, which, in all such cases my Agents will proceed to *execute promptly without discrimination.*

The following persons are my authorised Agents:

W. H. Markland, Agent, for Iredell county.
Rufus Watts, " Alexander county.
W. N. Clark, " Caldwell county.
J. W. McElrath, " Burke county.
R. P. Reinhardt, " Catawba county.

Also, W. R. Markland, Bonded Agent for the whole District.

Very Respectfully,
M. ROGERS,
Captain and A. Q. M.

PROSPECTUS OF "THE AGE."

A SOUTHERN MONTHLY MAGAZINE.

The undersigned has commenced in the City of Richmond the publication of a Monthly Magazine, under the above title.

It will present to its readers, selections from the best European Periodicals, of Literary and Scientific articles, of Novels and Sketches, which, having already received the imprimatur of an enlightened taste, cannot but prove acceptible to the Southern public. The effort will be made to keep the readers of the Magazine as nearly as possible abreast of the literary progress of the age. Arrangements have been made which, it is hoped, will enable the proprietors to secure this end.

The Magazine will also present original articles from our best writers, in all departments, and a special aim of the proprietors of this periodical will be to foster Southern authorship by offering an adequate and remunerative field for its exercise. They will not, however, under the plea of this design, encourage, by reproduction in its columns, that class of compositions which create a vivid and unhealthy taste, to be stated only by that hybric literature which Yankee ingenuity has contrived, under the name of sensational romance.

The Industrial Resources and the Educational Interest of the Confederacy—the twin foundations of true Independence—will receive the important share of attention they deserve. In the development of these questions, its object will be to make a practical application of the doctrine of States Rights to the policy of the country. It will endeavor to explain the mission of the Confederacy, which is to demonstrate liberty regulated by law, to exhibit a system of States each supreme within its foundation, and only bound by a voluntary alienation of powers. It will indicate those elements of National Independence which are secured by a high standard of intelligence and refinement, by accumulated capital, varied industry and by abundant facilities of intercommunication. It will promote the adoption of all those measures in which the Confederate States are now deficient. And, whilst the Constitution of the Confederate States forbids the General Government to organize and operate enterprizes of a nature calculated to attain these results, the projectors will consider it their duty to urge upon the States the development of interests so indispensable to the national welfare. It is thus that, through the aggregate ability of the separate States, the power of the Confederate States will be made manifest. It is thus that the collision of sectional interest and the oppression of a common head will be avoided.

In the fourth section, it is the design to afford to Teachers information needed in their profession, and a field for the interchange of ideas on that subject, to which end, their assistance and collaboration is invited. Southern School Books will be noticed and reviewed; and the Southern system of Education as opposed to New England empiricism and practicalism, dwelled, developed and defended.

TERMS—Each number $1.50. For three months $4. For six months $8.

The trade will be supplied by GEORGE L. BIRGOOD, 16 Main Street.

Proprietors.

SCHEDULE OF PRICES IN NORTH CAROLINA.

THE Commissioners appointed by the Governor of North Carolina, again present their schedule of prices to govern the purchasing officers of the Government for the next sixty days—unless in the interval facts and circumstances should arise to induce an alteration. Every item has been carefully revised and with the valuable aid of Hon. George W. Mordecai, they trust the schedule now presented will prove satisfactory to both the Government and the people. They would respectfully urge the people to hasten on with their supplies to maintain and feed our gallant army now assembled just on our borders, and in whose gallantry and fortitude, under God, we alone owe our exemption from the horrors of a revolution of our homes and families by the barbarous, inhuman foe, who have constantly shown they only want the power and not the will to devastate us and take *all* we have.
