REPORTS OF THE PRESS ASSOCIATION.

AUGUSTA, March, 20.—An officer who was on duty at Fort Moultrie furnishes further particulars concerning the evacuation of the defense of Charleston harbor. He says Sumpter had three ten inch Columbiads which were carefully destroyed and the balance of ordnance, of small Calibre, was destroyed. The large Blakely guns, seven mile range, was completely destroyed. The enemy shelled the Islands furiously, preventing the total destruction of the defences before the evacuation. The situation of the north border, March 8th exhibited Gillmore being reinforced by Thomas with cavalry at Knoxville Tennessee, preparatory to making a move into Western Virginia. Thomas Garrisoned Dalton and Tunnel Hill with three regiments, Chattanooga two, eighty men at Running Water, 40 to each block house at Ends; the brigade three small regiments of negroes dutch and tories at Bridgeport. Two regiments at Stevenson, Garrison very small from Stevenson to Huntsville. The balance of Thoma's army is at Huntsville, Decatur and East Port.

Rosencrants has five brigades in Middle Tennessee Scouring the country for supplies and recruits. The rebel soldiers they catch, have no other alternative than to join the Yankees or be killed. Stokes' brigade is the most conspicuous in the work.

Yankee prisoners from Cahaba to Selma Ala., on account of high water are flooding the country. Their supplies could not reach them at the garrison at Pensacola. Their preparations continue for operations on Mobile and Selma.

RICHMOND, March 20.—The following just received:

HEAD QUARTERS, March 20.

Hon. J. C. Breckinridge, Sec'y of War.

Gen. J. E. Johnston reports that about 3 o'clock p. m. on the 19th inst. he attacked the enemy near Bentonsville and routed him, capturing three guns, and a mile in rear he rallied upon fresh troops, but was forced back slowly, until 6 p. m. when receiving more troops he apparently assumed the offensive which was not resisted without difficulty until dark. This morning he is entrenched. Our loss is small. The troops behaved admirably well. The dense thicket prevented rapid operations.

TO THE PEOPLE OF ROWAN COUNTY.

Office Chief Commissary of Subsistence,

SALISBURY, March 13, 1865.

THE pressing demands upon me for subsistence have exhausted my present supplies at this point, and I must call upon you to assist me in providing for the gallant troops now in our midst, who are on their way to the front.

I beg that every family will send me at once as much flour, meal, bacon, salt pork and potatoes, as can be spared, for which I will pay them, on delivery, market rates, or return the provisions to them in a short time, as they may prefer.

Let none be deterred from sending because their contributions will be small. The smallest contributions will help and will be gratefully received. I trust the people of Rowan will respond with their accustomed liberality and patriotism to this call, and send supplies to me freely and promptly. From the citizens of Salisbury, I hope to receive much assistance to-day.

They earnestly hope that there now being no excuse for holding back the products so necessary to the supply of the army, that farmers and others will come forward with alacrity and offer all that they can possibly from their own consumption to the aid of that army, which is now at last to be recognized as our only safeguard from the unrestrained and grasping despotism of our barbarious enemy:

The Commissioners respectfully suggest that if, it be found practical, the producer should be allowed to retain a fourth part of their surplus to be sold at market rates, to pay for their necessary plantation supplies, which they have to purchase at high market prices. They earnestly call upon the farmers to bring forward their corn now so necessary to the support of the army in their immediate front, and which alone will prevent the loss to the enemy, of all their crops, stock, negroes, &c. The commissioners would also recommend that the impressment should be universal and uniform, leaving out no one.

For the information of all persons concerned, we publish the following instructions, with the hope that they will be strictly obeyed:

"No officer, or agent shall impress the necessary supplies which any person may have for the consumption of himself, his family, employees, slaves, or to carry on his ordinary mechanical, manufacturing agricultural implements."

The next meeting of the Board will be held in the Senate Chamber, in the City of Raleigh, on Friday, the 30th day of September next, unless sooner changed. Impressing agents must furnish good and satisfactory reasons for disapprovals on appeals, or the award of their appraisers will be approved. All communications should be addressed to the Secretary of the Board, Raleigh, N. C.
