REPORTS OF THE PRESS ASSOCIATION

AUGUSTA, Ga., April 4.—Late Montgomery papers state that Gen. Clanton was wounded three times in the late fight with the Yankees around Pollard and was captured and died in the hands of the enemy.

A terrible accident occurred on the Railroad near Columbus, Georgia; a freight train ran off the track and five thousand pounds of powder exploded with terrible effect. Five of the seven cars attached to the engine were knocked to pieces. The clay beneath the cars was plowed to the depth of from four to five feet. One gentleman of Macon, and his negro boy killed—the former was blown fifty feet, horribly mangled. Several thousand pounds of torpedo faces exploded from falling, when the cars ran off. The noise was heard at the distance of fifty miles. Several persons were wounded.

The news from Savannah reports that a large quantity of goods were being re-shipped to New York for want of a market. Large numbers of runaway negroes are shot daily by scounts in the vicinity of Savannah. The garrison of the city is twenty-five hundred troops—two thirds of them being negroes.

The Yankees took from Mr. Lamar his Confederate money and securities, and paid him with it for his own cotton. Fatal epidemic prevalent among negroes in the city—thirty die daily.

The yankees have erected a new line within the old line of fortifications; they ran them through the Catholic Semetary; they have not permitted the removal of remains by relations.

DANVILLE, April 4.—The evacuation of Richmond commenced on Sunday afternoon. President Davis and his Cabinet arrived here on Monday. Very few people were able to leave the city, except Government officials, in consequence of the suddenness of the movement.

The enemy broke through Gen. Lee's lines near Petersburg, on Saturday night after several days' hard fighting, and made it necessary for him to withdraw, so as to uncover the Capital.

The position of the army is now unknown. No telegraph beyond the Junction.

The Richmond Arsenal was removed. The valuables of the Banks in Richmond and specie belonging to the Government were freighted away.

Late passengers report great mob in the city—burning mills and warehouses and plundering stores. This was done by Foreigners and the low class.

The rolling stock of the Richmond and Danville Railroad is all saved. The enemy had not occupied the city at last accounts.

The President will probably remain here for the present. All of the Richmond newspapers were left in the city. Gov. Smith went towards Lynchburg. Archives of the State Government were left behind.

The Commissioners respectfully suggest that if, it be found practical, the producer should be allowed to retain a fourth part of their surplus, to be sold at market rates, to pay for their necessary plantation supplies, which they have to purchase at high market prices. They earnestly call upon the farmers to bring forward their corn now so necessary to the support of the army in their immediate front, and which alone will prevent the loss to the enemy, of all their crops, stock, negroes, &c. The commissioners would also recommend that the impressment should be universal and uniform, leaving out no one.

For the information of all persons concerned, we publish the following instructions, with the hope that they will be strictly obeyed:

"No officer, or agent shall impress the necessary supplies which any person may have for the consumption of himself, his family, employees, slaves, or to carry on his ordinary mechanical, manufacturing agricultural implements."

The next meeting of the Board will be held in the Senate Chamber, in the City of Raleigh, on Friday, the 30th day of September next, unless sooner changed. Impressing agents must furnish good and satisfactory reasons for disapprovals on appeals, or the award of local appraisers will be approved. All communications should be addressed to the Secretary of the Board, Raleigh, N. C.

TO THE PEOPLE OF ROWAN COUNTY.

Office Chief Commissary of Subsistence,

SALISBURY, March 18, 1865.

THE pressing demands upon me for subsistence have exhausted my present supplies at this point, and I must call upon you to assist me in providing for the gallant troops now in our midst, who are on their way to the front.

I beg that every family will send me at once as much flour, meal, bacon, salt pork and molasses, as can be spared, for which I will pay them, on delivery, market rates, or return the provisions to them in a short time, as they may prefer.

Let none be deterred from sending because their contributions will be small. The smallest contributions will help and will be gratefully received. I trust the people of Rowan will respond with their accustomed liberality and patriotism to this call, and send supplies to me freely and promptly. From the citizens of SALISBURY, I hope to receive much assistance to-day.
