"The Undiscovered Country."

Could we but know The land that ends our dark, uncertain travel, Where lie those happier hills and meadows low+ Ah, if beyond the spirit's inmost cavil, Aught of that country could we surely know, Who would not go?

Might we but hear The hovering angel's high imagined chorus Or catch, betimes, with wakeful eyes and clear One radiant vista of the realm before us-With one rapt moment given to see and hear, Ah, who would fear?

I used to be right smartly amused hearing the white folks talk. My young master came in one night after a battle, and says he, "Henry, we've just had a big six hours' fight. We whipped the d-d Yankees like smoke and drove 'em thirtysix miles." Thinks I to myself, "Hamph! pretty good driving-all in six hours, too !" But a heap of people think the

nigger is a fool. Well, I sorter thought, maybe, the Yankees were really fighting to free the niggers. But they didn't keep the wool over my eyes long. I watched 'em mighty close. One day the news came into camp that Mr. Lincoln had done issued his proclamation, saying that if Mr. Davis would lay down his arms and come back into the Union and go to paying tariff again the Southern people might have their niggers! Thinks I, humph! Mighty poor chance to get any freedom from you, Mr. Lincoln. [Laughter.] I tell you what I felt mighty bad for a long time. I had the blues so bad I was almost black. [Laughter.] I think in two weeks I must have fell off twenty pounds. I was so 'frad Mr. Davis was going to do do it I couldn't sleep. But by-and-by the good word come that Mr. Davis said "he'd be d-d if he'd do any such thing. I ain't fighting for niggers. Let the niggers go. I'm after my own freedom first before anything else in the world." I tell you my heart jumped right up in my mouth. Thinks I, bully for Jeff. Davis! He's my man! Ab, my friends, if the Yankees had been in Mr. Davis' place you'd a been in the cotton patch to-day with the whip after you, instead of sitting up here in this court-house hearing me speak .--[Laughter.] But don't you see the difference between the Southern man and the Northern man. The Northern man never

missed the chance of taking care of the dimes first. And now the carpet-baggers come here and tell us they are our friends, and the Southern people our enemies. They tell us they set us free. Oh, yes, they've done it all, no doubt. They set us free about like they set the mules free; about like Ben. Butler set the spoons free. [Immense laughter and applause.] They done it all to help the Yankees, and to injure the Southern man. They can't fool this nigger. I know who brought the negro to this 'country, in the first place; the Northern mta brought us here, and when they began to lose money on the nigger they put the neger in their pocket; sold him down Soup, and then, to keep the South in the Union to make her pay taxes, they turn around and set the nigger and, the male and the spoons free ; and ding wouldn't have set anything free (got the the spoons) if they could without it. South back into the User and without it. They promise he the "forty acres and the mule." I show five niggers that starved that forty acres. You all remember the devil took the Lord up into a high have not one drop of white bloc! in my mountain, and promised if he'd fall down veins, (laughter.)
