

JOB PRINTING.

We call the attention of all classes who wish printing executed neatly, expeditiously, and upon reasonable terms, to the facilities offered at the People's Press Printing Establishment...

THE CHANGE OF GAUGE.—We notice some of the State papers are considerably exercised relative to the change of gauge of the North Carolina Railroad.

We have not much reason to complain of the Richmond & Danville Railroad Company, except that we are rather doomed to play "second fiddle" up here, just now, as it is somewhat annoying to have our Eastern mail matter delayed at Greensboro, and at length dragged along by an old worn-out engine, puffing and blowing like a wind-blown horse, all of which we hope, will be remedied shortly.

We will publish the letter from Col. Buford, President of the Richmond & Danville Railroad Company, on the gauge question, which we find in the Goldsboro Messenger, next week. It appears that the intention was not to stop the change of gauge at Greensboro, and that but for the action of the Legislature the change would have been extended eastward at least as far as Raleigh, and perhaps to Goldsboro.

The New York Tribune of April 10th, comes to us with 16 full pages, one of them containing a large and correct engraving of their new building which was occupied by them on last Saturday. We saw the exterior last winter and admired its magnificent and harmonious proportions even in its then unfinished state. It is a fit domicile for the great journal which issues from within its walls. We have a lively recollection of its establishment 34 years ago, and have now before us several numbers of the weekly, of its first year, published by Greeley & McElrath, 30 Ann Street. It was then considered a most excellent journal. It succeeded The New Yorker, and was by far the most growing journal of that day. It has been steadily growing since then, and now we have before us one of the largest and best newspapers of our country. Its circulation is rapidly and deservedly increasing.

JUDGE DICK ON THE CIVIL RIGHTS BILL.

The Greensboro Patriot says, in his charge to the Grand Jury, at the present sitting of the Federal Court, Judge Dick fully expounded the Civil Rights bill. It says: The charge to the Grand Jury was elaborate, and the Civil Rights bill fully expounded. He declined expressing an opinion as to the constitutionality of the act, deeming such expression premature. He gave about the same construction to the operation of the law as is set forth by the judges in Ohio and elsewhere, holding that the act gives the colored man no rights in this State that he did not possess before under the old state laws, with the exception of trial in the Federal Courts, if he so elects. He was positive as to the right of the State to regulate the marriage question; and held that the law only applied to railroads, steamboats, hotels and theatres, and did not necessarily place negroes and whites together in these, but only entitled the colored man to the same accommodation as the white man if he can afford it. Separate apartments and coaches could be designated for each race, and neither would infringe upon the rights of the other. This is substantially as we understood it, the position of the Judge.

THE CONNECTICUT ELECTION.—The election in Connecticut last week, resulted favorably to the Conservatives, by an increased majority. The total vote for Governor was 44,301 Republican, 33,789 Democrat, 2,809 Prohibitionist and 14 scattering; leaving the Democratic majority 6,661. The total vote for Congressmen in the State is 47,311 Republicans, 51,093 Democrats, 1,909 Prohibitionist. The Prohibition vote is almost wholly drawn to the Republican party. The total vote for Governor is larger by 1,684, and that for Congressmen by 986 than any previous vote in the State.

RESIGNED.—Mr. Spinner retires from the Treasury. He has served under six Secretaries of the Treasury, having been in office about fourteen years. The reason assigned for his resignation, is disagreement with Secretary Belstow, who, in Spinner's view, interfered with matters that should have been left to the Treasurer's own judgment. Gen. Spinner was notified that his resignation would be in order. The new Treasurer is Mr. John C. New, Cashier of a bank at Indianapolis.

STORMS.—Accounts of destructive storms still reach us. On the 9th inst., a tornado passed over Ellinburg, Illinois, destroying a church and five dwellings.

They are still after the ring in New York.—Notice of attachment of Tweed's property has been filed, embracing everything known to be in possession of Tweed at the time of his exposure and which he passed into the hands of other persons.

OHIO.—The recent municipal elections in Ohio have gone Democratic. We have received the monthly report of the Department of Agriculture from Washington, for February and March. The report contains interesting facts and figures.

HON. M. W. RANSOM.—On our first page will be found an extract from the great speech of Senator Ransom, from this State, delivered in the U. S. Senate. The pamphlet copy of this speech, duly received, contains 68 pages.

A REMARKABLE CASE.—We make the statement, upon unquestionable authority, that a woman in Wilkes county has given birth to triplets (three children) five times in succession. The children of each birth have been raised, and the whole number are now alive—fifteen. The children are all well developed, and without the least malformation. This is certainly one of the most remarkable cases on record.—Statesville Landmark.

THE BIRD LAW IN CERTAIN COUNTIES.

The following is the law adopted at the recent session of the General Assembly, concerning certain counties: SECTION 1. That it shall be unlawful to kill or shoot, trap or net any partridges, quails, doves, robins, larks, mocking birds, or wild turkeys in the counties named between the first day of April and the first day of October in each and every year, and any person so offending shall be guilty of a misdemeanor, and on conviction thereof shall be fined not exceeding ten dollars for each and every offense.

THE LEGISLATIVE ENACTMENTS CONCERNING THE LISTING OF POLL TAXES.

The following act, passed at the late session of the General Assembly, will be found of interest to a large class of persons: An Act to direct the jurisdiction of the Superior Courts, over misdemeanors, in failing to list polls and property, and for other purposes. The General Assembly of North Carolina do enact: SECTION 1. That section 19, of chapter 115 of the laws of 1872-73, and section 19, of chapter 102 of the Revisal, and section 19, of chapter 123 of the laws of 1873-74, be amended by striking out "thirty days" whenever it occurs in said sections, and inserting in lieu thereof the words "one month."

SECTION 2. That no part of the costs, upon any indictment, under said sections, shall in any case be taxed against the county, in which the same may be found, nor shall said county, in any event be held liable for the same, or any part thereof.

SECTION 3. That the Solicitors of the several districts are hereby required to dismiss all indictments, now pending under the sections referred to in section 1 of this act, upon the exhibition by the defendant of his tax receipts for such year or years, for which indictments have been found against him, and the payment of costs which shall be fifty cents each to the Clerk and Sheriff and fifty cents to the Solicitor.

SECTION 4. That all parties who fail to comply with the provisions of this act, as contained in section 3, shall be proceeded against, as if this act had been passed.

SECTION 5. This act shall be in force from and after its ratification.

THE WEATHER has afforded the newspapers, North, South, East and West, occasional items during the winter and spring, and even now, although we have had a few warm spring days, it is cool again, and we learn there is yet plenty of snow and ice to be seen North.

In Southern Georgia and Florida they have had ripe strawberries for weeks, and have been shipping green peas from Florida to the North, for a month past, at four dollars a bushel in the pod.

Strawberries and green peas have made their appearance in Charleston. The celebrated farmer and agricultural writer, David Dickson, Esq., died at his home in Oxford, Ga., on the 10th ult., after a protracted illness. Mr. Dickson was the best known of American planters. He was the originator of the noted "Dickson Cotton," so extensively used in the South, and wrote several works on agricultural subjects.

The last chance to get the Benbow House or some other large gift for two dollars, and fifty cents! The drawing of the Grand Gift Contest in Greensboro, N. C., has been deferred until April 19th, when it will, without any further delay, be proceeded with. Those wishing to invest can do so by sending to the Manager, C. P. Mendenhall, box 8, Greensboro, N. C., or of the agents at different places.

CAROLINA HOUSEHOLD MAGAZINE.—We occasionally receive a number of this interesting periodical published monthly by J. A. Bonitz, in Goldsboro. The March number, on our table, contains a good portrait of Hon. Wm. A. Graham, with a biographical sketch of this distinguished gentleman, by Maj. Seaton Gales, of Raleigh. This number also contains other well written articles, and the enterprise of Mr. Bonitz is certainly worthy of a liberal support.

The publisher says: Hereafter we propose to give two portraits of North Carolina's most prominent men, instead of one. Subscribers can thus obtain an attractive picture gallery of our great men for a very small sum of money. As there are many who do not care for premium pictures, we have concluded to offer the Magazine at \$1 50 a year, without premium, or single copies for 25 cents.

OUR LIVING AND OUR DEAD.—We are in regular monthly receipt of this well conducted magazine, in which appear well written and authentic sketches of the events, campaigns and battles of the late civil war. The literary department is well supplied by Mrs. C. W. Harris, Oakesmith and Christian Reid (Miss Fisher, of Salisbury). This publication contains a great deal of historical and statistical State information interesting to North Carolinians. Address Col. S. D. Pool, Raleigh, N. C. Price \$3 a year.

THE MINERS' STRIKE.—The Pennsylvania miners' strike has broken down, like all such movements generally do. The privy in the Baptist and Methodist churches in Raleigh continue. There have been some 155 conversions in the Baptist and some 30 in the Methodist churches.

In "Sunny Italy" the winters are now quite severe. They have had heavy snow storms there and ice four inches thick. The Virginia Legislature refused to pass a dog law, for the protection of sheep, and now the people of that Commonwealth set deadfalls, with spikes in them, to entrap sheep killing dogs.

A HINT TO ALL.—It has been the practice among many newspaper subscribers, after receiving their paper, to mail it to some friend. The new United States law now in effect makes the paper third-class matter, and inflicts so high postal rates (two cents each) that it is now cheaper and better for each person who desires that his friend should have the paper to subscribe for it directly at the office of publication, and have it sent from there. This will save all the trouble of wrapping and mailing, and the extra cost of postage, and the paper will be sent promptly.—Democrat.

A Texas paper asserts that sheep valued at seven million dollars are annually destroyed in that State by dogs. This seems almost incredible, but it is certain that the destruction of sheep by dogs in the whole country involves an enormous loss. Maryland, Virginia and North Carolina are great sufferers from this cause. The destructive propensities of the dog in this respect more than counterbalance any service he renders. It is pleasant to have the affection ever of a dog, but his affection for sheep is often stronger than for his master. The agriculturists will have to choose between the sentimental estimation of dogs and the value of mutton and wool.

STATE ITEMS.

A bill, for the benefit of disabled N. C. soldiers, passed the late General Assembly, effective from the 1st of January, 1875. It provides that the Governor shall furnish each soldier who was furnished with an artificial limb under a previous act of the Legislature, and which has been worn out or become useless, another limb, and that any disabled or maimed soldier, who has not received an artificial limb or commutation therefor, and all who have received heretofore commutations for the same, shall be entitled to an artificial limb or commutation therefor. Those who have lost both eyes are authorized to receive \$100.—Democrat.

Mr. Belknap, Secretary of War, writes to Gov. Brogden for a list of all the representatives elected to the 44th Congress, specifying each Congressional District where there is likely to be a contest over the seat. Gov. Brogden replied to him there was no contest and forwarded a list of the representatives.—Raleigh Sentinel.

SUCCESSFUL SURGICAL OPERATION.—Dr. E. Burke Haywood, assisted by Drs. B. F. Haywood, Hines, James McKee, Little and Royster, removed what is known as a fatal tumor from the right breast of Mrs. O. A. Smith, of Raleigh, on Friday. The tumor was very large, and its removal, leaving the patient in good condition and now improving, attests the skill of our medical profession. The operation was borne with a Christian fortitude, and an exhibition to be envied for patience under affliction won the admiration of the skilled surgeons. We are glad to know that her complete restoration to health is considered certain.—Raleigh News.

A number of ladies of North Carolina, after consulting together on the subject, have issued a circular dated at Chapel Hill, in which they breathe the praiseworthy scheme of raising funds for the support of the aged, the poor and infirm among their own sex in the State. The circular says: "These ladies propose to raise such a sum as will purchase a house, with land attached, fit it up for occupation and leave a sum to be invested for an income. An appeal is made to all parties and all denominations, and it is hoped the appeal will not fall on listless ears. Communications on the subject may be addressed to Mrs. C. P. Spencer, Chapel Hill, and references may be made to W. H. Battle, W. A. Graham, B. F. Moore, and W. N. H. Smith.

The Norfolk Virginian says: The sad fisheries of the Carolina coast, and adjacent waters this season have lost money heavily on account of the protracted floods. All the seines have been taken out of the Roanoke river, and unless the herring catches turn out profitably these dire straits will be the lot of the fisherman. In the sounds the gill-nets are doing fair, and all the shad coming to market are taken this way. The result is shad are high, though the run is nearly over, and will continue so until the expiration of the season.

Hutelens, charged with killing Alex. Matthews, in York, last Christmas, was tried at Davis Court last week, and convicted of manslaughter, and sentenced to ten years imprisonment in the penitentiary.

Col. Satterthwaite, old and prominent member of the Washington, Beaufort county, bar, died very suddenly in that place, last week.

Mr. David Woodson, an old type, and a brother of the late Obadiah Woodson, is again in Salisbury, after an absence of 28 years.

The Greensboro Patriot says it is reported that Judge Pearson will be the candidate of both parties in Yadkin county for Convention.

A WHOLE TOWN FULL OF BABIES.—A gentleman writing us from Morganton says: "A private census of the town was taken the other day which developed the fact that in a population of not quite 800, 300 are babies, or if not exactly babies the eldest are not able to keep the youngest out of the fire." "Young man, go West!"—Charlotte Observer.

The four negro robbers of the Barkdale, Va., depot who fled to this State were arrested in Milton last Monday. The goods have not been found.

The Hickory Press says: Many fish have been brought in from the Catawba river this Spring, but the largest caught with a hook this season, was an exhibition at Squire Bruns' last Saturday. It was a "cat fish," weighing 61 pounds, two feet long and six inches between its eyes.

The Greensboro Patriot says: Hodgins Fenner, a highly respected citizen of Randolph county, living near Cedar Falls, died about 53 years, accidentally shot himself in the back of the head and expired on Friday of last week, by carelessly handling a pistol. He was getting some papers from a drawer, preparing to go to Asheboro, and let the pistol fall. No one was in the room with him at the time.

GENERAL NEWS.

BANKRUPTCY IN ENGLAND.—It seems that the United States is not the only country in which most of the bankruptcy cases are handled more to the advantage of the creditors than the anxious creditors. Thus, in a late English paper we find that in 1873, 347 bankrupt estates were wholly absorbed by legal costs; that only 23 bankrupts were discharged out of 4,437 in four years; that 500 trustees were summoned before the courts at the instance of the controller for neglecting duty; that 10 trustees had been removed from office, 16 had been bankrupt, 10 had been committed to prison for contempt of court, and 41 were not yet found; and finally that the average cost of realizing the assets was 88 per cent, while in 138 cases it was 100 per cent. The extent of bankruptcy in England is shown by the aggregate liabilities of the bankrupts, which, in 1872, were £14,287,468; in 1873 they were, £14,184,812.

THE REVENUE.—Referring to the revenue bill as passed, the New York Tribune says: "The effect of levying out the tax on whiskey on hand can hardly be appreciated by those who are unfamiliar with the subject. It puts into the pockets of the owners of spirits a clear profit of twenty cents on every gallon, or \$5 on every barrel of whiskey now made. The profits to the single distiller in the West will be \$1,000,000 each, and the lowest estimate of the aggregate profit is \$5,000,000 to \$7,000,000. The bill as originally reported would have brought this money into the Treasury." "The principal distillers had thirty days in which to produce spirits within this bill was pending, and during that time manufactured 1,200,000 gallons of whiskey, which, according to the estimate made, realized for them \$25,000,000. Louisville and other manufacturing or producing cities did equally as well.

The veto by Gov. Chamberlain of the bill to provide for the liquidation of the floating debt of the State is an evidence that he is determined to act for the best interests of the State. His reasons are: That the extravagance of the Legislature would make it an unpardonable injustice to the people to increase the burden of taxation; that a vast majority of the claims included in the liquidation bill are fraudulent; and the Commissioners appointed by the Legislature to pass upon the claims, do not command the confidence of the Executive or that of the public. This is the truth in a nutshell.

FANATICISM IN CUBA.—A terrible case of fanaticism super-induced by spirit rappings is now undergoing investigation in Pinar del Rio. A mother, believing she was actuated by the orders of the spirits, tore out the eyes of her son and afterwards attempted to tear out her own. This she did openly, as a solemn sacrifice, in the presence of the other women of the family, who prayed in a loud voice while it was going on. All the parties have been arrested and are now on trial.

A BIGAMIST'S PREFERENCE.—John Bingham was tried in the New York Court of Quarter sessions on Monday, on a charge of bigamy. Both his wives were in the court-room. He pleaded guilty and refused to change his plea. The recorder asked him which he would prefer, to be discharged to live with his two wives, or sentenced to State prison for three years. The prisoner preferred to be pressed a preference to be locked up, and the judge sentenced him to the State prison for three years at hard labor.

The three richest men in the British House of Commons are self-made men, with no family arms. One is Sir George Elliott, who made \$2,250,000 last year; the others are Messrs. Fielding and Ilcrmon, worth about \$1,500,000 a year each.

The salary of \$40,000 per annum paid to President Jewett of the Erie Railway, is the largest paid to any railroad official in the United States, and it is believed larger than any paid to any railroad officer in the world.

The residence at Washington in which Bancroft is completing his History of the United States has had for its tenants James K. Paulling, Washington Irving, John P. Kennedy, William Wirt, Peter Force and Jared Sparks.

Citizens of Augusta, Ga., have contributed six thousand dollars to sufferers from the late tornado, which has desolated several counties in the State from Chattahoochee to the Savannah river.

Emigration westward is unprecedented; 9,300 have passed through Omaha since March 1st; 1,000 are waiting there for the cars.

A Mr. Shirley, of Chester County, Pa., was poisoned a few days ago. Having chills, he bought from a clerk in R. J. White's store what was thought to be quinine. Mixing the powder in whiskey, he took a dose, and in three hours was dead. The clerk had sold him morphine through mistake.—Lancaster Ledger.

Gen. W. Hill, nicknamed "Coolie Koya," a noted gambler, passed in his chips in New York last week. He won and lost fortunes, and had the reputation of being the most fastidiously and elaborately dressed man in Gotham. He changed suits three times a day, and sent to Paris for his bonnets that cost \$250 a dozen in gold. His gloves he bought by the \$1,000 worth and threw away four or five pairs a day. He died broke.—Patriot.

The lower house of the Prussian Diet have passed to its third reading the bill withdrawing the State grants from the Roman Catholic clergy.

A dispatch from Venice, dated April 6th says: The festivities attending the meeting of the Emperor of Austria and the King continued today. There was a review of 12,000 troops this morning, which was witnessed by 75,000 persons.

There is not much chance for run-away matches in Prussia under the recently adopted civil marriage act. The consent of the father is necessary before wedlock, up to the end of the young man's twenty-fifth year and the young woman's twenty-fourth; but if the father be dead, then the mother's is required; and if neither parent be living, that of the sponsors is required.

We hear that Col. Buford will institute suit on the bond of indemnity given last year under the injunction prohibiting the change of gauge of the North Carolina railroad, laying his damages to the extent of the bond, which is \$50,000.—News.

We have the largest stock of General Merchandise in either town.

TO THE FARMERS OF THIS AND ADJOINING COUNTIES.

We wish to inform you that by the last of February we will have in our Warehouses a large stock of Peruvian Guano and Standard Fertilizers. Our extensive acquaintance with manufacturers and manipulators and familiarity with nearly all brands of fertilizers, together with several years practical experience in the sale and use of them, and by strict attention and close observation, we are enabled to select such brands as will be remunerative to the farmer. There are but few who know a fertilizer by its analysis. You have to judge of its real value by the character of the manufacturer and agents who make and sell it, and more particularly by the results of it when applied on a crop. We offer this year the same brands as heretofore and guarantee the standard to be as high or higher than ever. These are old and reliable brands that have stood the test for years and increased in popularity each season and it is with pleasure that we refer you to all who have used them on tobacco and other crops. We buy in large quantities for cash at lowest prices and secure lowest rates of freight and sell for a very small per cent., not half what we can get by selling some brands offered in market. Our stock will be—No. 1 PERUVIAN GUANO, direct from Peruvian Agents. "WHANN'S RAW BONE SUPER PHOSPHATE," "PACIFIC GUANO," "GILHAM'S TOBACCO FERTILIZER," "W. & C. SUPER-PHOSPHATE." This is our first season here with W. & C. Phosphate. A large stock now on hand of the best CLOVER SEED, TIMOTHY SEED, and ORCHARD GRASS. Why do all plow makers try to imitate the "WATT PLOW"? Because it is the best plow made. We are sole Agents for Forsyth county and always keep a large stock at Manufacturer's prices. We are agents for "Merchant's and Mechanic's Fire Insurance Company," of Virginia, and Greensboro Cooking Stoves. We invite all to come and examine our stock and prices. WE BUY ALL KIND OF PRODUCE. February 4, 1875.
