PROSPECTUS OF THE DAILY JOURNAL.

THE Subscribers this day commence the publication in the town of Wilmington, of a daily evening paper by the above ply to title. It will be issued every day (Sundays excepted) after the arrival of the mails, so as to give the very latest intelligence from all quarters. The publishers will also avail themselves of every additional facility within their reach for the collection of news.

Particular attention will be paid to the Commercial department of the paper, and full and accurate reports given of the state of our own markets, as well as of all others having any influence upon the trade of this place or section.

The growing importance of Wilmington, and the increasing wants of the mercantile community at large, have seemed to call for and warrant the commencement of this enterprise. North Carolina is almost, if not quite, the only State in the Union in which no daily paper is published. California, which but yesterday was a wilderness, has a flourishing daily press, while North Carolina has not one within her borders .-Such should not be the case. We believe that we can fairly appeal to the State pride, as well as to the interests of our fellow-citizens, to sustain us in our present effort to remove this repreach.

it is searcely necessary to refer to the politics of "THE DAL-LY JOURNAL," as it will be under the same editorial management with the Weekly " WILMINGTON JOURNAL," which paper will continue to be published on the same terms as formerly, deriving, it is to be hoped, additional interest from the use of the more extended facilities which the publication of a daily must render necessary. In polities it will support the doctrines of the Democratic party; yet, while firm and decided in the assertion and maintenance of its own opinions, will be moderate and respectful towards those who may differ

TERMS .- The price of "THE DAILY JOURNAL" will be six dollars per annum, invariably in advance. The heavy outlay attendant upon the publication of such a paper will render a strict adherence to this rule imperative. A tri-weekly paper will also be issued at four dollars per annum, should a sufficient number of tri-weekly subscribers be obtained.

The "DAILY JOURNAL" is now before the public. The labor and outlay which its issue entails is very considerable, and will require a generous support to save us from heavy loss .-In starting it, we have relied upon that liberality which has heretofore been extended to us, and have launched our bark, determined that it shall sink or swim upon his own FULTON & PRICE. merits. WILMINGTON, N. C., September 8, 1851.

for Our cotemporaries with whom we exchange, will confer a favor by giving the above a few insertions.
