A CURE WARRANTED OR NO PAY.

The many thousands cured at this Institution, and the very extensive practice of Dr. Johnston, (exceeding all others) besides his standing as a gentleman of character and responsibility, is a sufficient guarantee that he is the only proper Physician to be consulted.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astenishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great norvousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended, semotimes, with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

TAKE PARTICULAR NOTICE.

Parents and Guardians are often misled with respect to the cause of source of disease in their sons and wards. Alas! how often do they asserbe to other causes the wasting of the frame. Palpitation of Heart, Dyspapaia, Indigestion, descongement of the Nervous System, Cough, and Symptoms of Consumption, also those serious mental effects, such as loss of Mamory, Depression of Spirits or peculiar fits of melanchoily, when the truth is they have been caused by indulging in Pernicious but alluring practices, destructive to both body and mind.—Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to society.

DR. JOHNSTON'S INVIGORATIVE REMEDY FOR ORGANIC WEAKNESS.

This grand and important Remedy has restored strength and vigor to thousands of the most debilitated individuals, many who had lost all hopes, and been abandoned to discrety its complete invigoration of the nervous system the whole faculties become restored to their proper power and functions, and the fallen fabric of life is raised up to beauty, consistency and duration, upon the ruins of an emaciated and premature docline, to sound and pristine health. Oh, how happy have hundreds of misguided youths been made, who have been suddenly restored to health from the devastations of those terific maladies which result from indiscretion. Such persons, before contemplating

fore contemplating MARRIAGE, should reflect that a sound mind and body are the most necessary requisites to promote communial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospects hourly darks ens to the view; the mind is shadowed with despair and filled with the melanchelly reflections that the happiness of another becomes blighted with our own. Let no false delicacy prevent you, but apply immediately. He who places himself under the case of Dr Jehnston, may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.
