

FOR EDITOR: THOMAS BRAGG, OF Northampton County.

Democratic Nominees for Commissioners of Navigation.

N. N. NIXON, GEO. W. DAVIS, GEO. HOUSTON, MILES COLEMAN, L. E. HUGHES.

FIRE.—At about half-past 12 o'clock on Sunday morning, our citizens were again roused by the cry of fire.

A short time before the occurrence of the above fire, some shavings under the wheelwright shop of Wm. Kellog, next east of the new jail, were found to be on fire.

We cannot avoid the conclusion that incendiaries had some connection with these two fires occurring simultaneously in different parts of town.

INQUEST.—Coroner A. A. Hartsfield held an inquest yesterday over the body of the negro boy Robert, the property of Dr. A. J. DeRosset, Sr., who was drowned on Wednesday last.

BLACKING.—Among the "documents" on our table we find a tin box, bearing the following inscription: "John J. Steen's Improved Boot and Shoe Polish and Leather Preservative, Manufactured in Wilmington, N. C. by Charles Blaney."

AN APRIL SHOWER.—Would that we had one to refresh the parched earth—to restore verdure to the plants and freshness to the air.

62- In New York, Philadelphia, and elsewhere, Mr. Buchanan has been received with respect and enthusiasm. The Board of Trade of Philadelphia, and the leading citizens of that metropolis, all joined in a spontaneous tribute to a distinguished statesman, and a favorite son of Pennsylvania.

63- The Know-Nothing papers dwell with considerable emphasis upon the fact that Mr. Gilmer is descended from Scotch-Irish ancestry, but take good care to denounce the Scotch-Irish themselves as "cursed furrin'ers."

64- The Bentonites in Missouri, have nominated Hon. Thomas H. Benton as their candidate for the gubernatorial chair of that State. No go.

According to previous notice, a portion of the Democratic citizens of Upper Black River District, met at their usual muster ground on Saturday, 26th inst.

Resolved, That we cordially approve the proposition of our Democratic brethren to hold a Convention at Long Creek on the 29th of May, to nominate candidates for the approaching session of the Legislature.

Resolved, That past experience proves, beyond a doubt, that nominations alone can suppress factious oppositions and sectional divisions among members of the same party, and concentrate their suffrages upon candidates in all cases safe and reliable in every emergency which may arise.

Resolved, That the Chairman appoint three delegates to represent this electoral precinct in said Convention.

Resolved, That in view of the great importance of the office of Sheriff for this county, and the many aspirants it is likely to draw into the canvass, it is to be feared it will prove an apple of discord, exciting confusion and distraction in our ranks; and as a remedy for this prospective evil, that our delegates be and they are hereby instructed to insist, with all reasonable pleas, upon the nomination of some sound and capable Democrat for said office.

In compliance with the third resolution, the Chairman appointed L. Highsmith, John A. Corbett and C. T. Henry, delegates to the Convention.

Resolved, That the Secretary forward a copy of these resolutions to the Wilmington Journal for publication.

On motion, the thanks of the meeting were tendered to the Chairman and Secretary for the manner in which they had presided over the deliberations of the meeting.

On motion, the meeting adjourned. JAMES KERR, Chairman.

NEW HORSE SHOES.—The Philadelphia correspondent of the Baltimore American says that a new horse shoe, that requires no nails, and can be put on by any one without the aid of a blacksmith, is an exhibition in that city.

To the Voters of the County. Since my return from Raleigh, last Spring, I have received from all parts of the county numerous applications to run for the office of Sheriff.

Thanks to a kind Providence, my health has already improved in such a degree as to encourage the hope of its complete restoration.

April 28, 1856. T. H. WILLIAMS.

CINCINNATI, April 26.—The Maysville and Lexington railroad, with all its appendages, was sold yesterday at Lexington for \$500,000.

Disturbance in Kansas.—The Military Called Out. CHICAGO, April 26.—A despatch from Leavenworth, Kansas, states that on the 22d Sheriff Jones, while attempting to arrest a man who was implicated in the late difficulties, was resisted by a body of three hundred men.

We translate from the Presse d'Orient the following letter, dated Wronoff, describing the spectacle witnessed on the banks of the Tchernaya on the 14th of March, when the definitive signature of the armistice by the Allied and Russian Generals took place.

The monastery of our existence has been disturbed by a long-looked for event. Yesterday, March 14th, the armistice was signed.

Yesterday, then, a large French tent was pitched at the end of the Traikir bridge, on the left bank, on our own territory.

The scene was a peculiar one. The Russian General was escorted by several platoons of Don Cossacks, with their brilliant red uniform and long lances.

A brilliant young Russian officer, with his left arm in a sling, was followed by two soldiers carrying a heavy basket.

Upon our right, in the rear, the scene was magnificent. To the right were seen the Fedouchine mountains, covered with troops who had come down en masse from their encampments.

This is one of the curiosities of London which every stranger visits. Its interest arises not so much from anything very odd or striking in its appearance as from the fact that it exists.

The existing tunnel was projected by Sir I. Brunel in 1823. It is about two miles below London Bridge, between Wapping and Rotherhithe.
