OMMISSION MERCHANTS,

oompt and personal attention. Oct. 15, 1856.

THE founder of this Celebrated Institution offers the mest Cortain, Speedy, and only effectual remedy in the world for Gleets, strictures, Seminal weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness of the lieck and Limbs, Affections of the Kidneys, Palpitation of the Heat, Dispepsia, Norvous Irritability, Disease of the Head, Throat, Nose, or Skin; and all those serious and melancholy Disorders arising from the Destructive habits of Youth, which destroy both body and mind.—These secast and solitary practices more faul to their victir a than the song of the Syrons to the mariners Ulyssen, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible

especially, who have become the victims of Solitary Vice, that droadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exaited talents and brilliant intellect, who might otherwise have entrance listening Senates with the thunders of cloquence, or waked to eastacy the living lyre, may call with all confidence.

ing aware of Physical Weakness, Organic Dubility, Deformities, &c., abould immediately consult Dr. J., and be restored to perfect health.

He who places himself under the ears of Dr. Johnson may religiously confide in his honor as a geatleman, and confidently rely upon his skill as a physician.

Organic Weakness
immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by these who have become the victims of improper indulgences. Young personal are loo apt to commit excesses from not being sware of the decaffed consequences that may canne. Now, who that understands the authlect will pretent to deay that the power of Procreation is not sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind srise. The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of sonsumption, set.

Nervous Debility.

Weakness of the system, Narvous Debility and premature decay generally arise from the Destructive liability of youth, that so litery practice so fatal to the leathful existence of man, and it is the young who are most apt to become its Victims from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas I how eften do they secribe to other causes, the wasting of the frame, Paintation of the Heart, Dispepsia, indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, sho, these serious Mental effects, such as loss of memory, depression of spirits or peculiar fits of Melancholy, when the truth is they have been caused by indulging in Persicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their Country, a pleasure

DR. JOHNSTON.

Membor of the Royal College of Surgeoue, London. Gradun is from one of the most eminent Colleges of the United States, and the greater part of whose lite has been spent in the first Hospital of Lonbon, Paris, Philadelphia, and elsewhere, has sifected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, gre at nervourness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A Cortain Disease.

When the misguided and unprudent votary of pleasure finds he has tmbified the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those wire from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore thrust, diseased nose, nocturnal pains in the head and limbs, dismose of sight, desfiness, nodes on the ship bornes, and arms, blotches on the head, face, and extensities, progressing with frightful rapidity, till at less the pains of the mouth or the bones of the none fall in, and the victim af this awful disease becomes a herrid object of commisseration, till death puts a period to his dreadful sufferings by sending them to "that bourne from his extensive practice in the first heapitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this herrid disease.

America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this herrid disease.

It is a melancholy fact, that theusends fall victims to this dreadful disease, owing to the anakilfulness of ignorant pretenders, who, by the use of that dreadful poises, mercury, rain the constitution, and either send the unfortunate sufferer to an entimely grave, or else make the residue of his life miserable.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by private and improper indulgencies.

These are some of the sad and melancholy effects produced by

private and improper indelgencies.

These are some of the end and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dinness of Sight, Loss of Muscular Power, Palpitation of the Digestive Functions, Seneral Debility, Berangement of the Digestive Functions, General Debility, symptoms of Consumption, 4c.

Mastrally—The fearful effects upon the mind are much to be dreaded, Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Seff Distrust, Love of Solitude, Timidity, &c., are seene of the evils produced Thousands of persons of all ages, can new judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and smacinical, have a singular appearance about the eyes, cough and symptoms of consumption.

Dr., Johnston's Invigorating Remedy for Organic Weakness.

By this great and important remedy, weakness of the organs are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been immediately relieved. All impediments to Marciage, Physical or Mental Disqualification, Nervous Irrimbility, Tremblings and Weakness, or exhaustation of the most fearful kind, speedily enred by Dr. Johnston.
