MEDICINAL.

BALTIMORE LOCK HOSPITAL.

DOCTOR JOHNSON.

THIS founder of this celebrated Institution offers the most Certain, Speedy, and safe Remedy in the world for Glands, Strictures, Gonorrhoea, Pains in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitation of the Heart, Dropsy, Nervous Irritability, Disease of the Head, Throat, Nose, or Skin; and all those serious and melancholy Disorders arising from all those destructive habits of Youth, which destroy both body and mind. Tanned anatomy and solitary practices more fatal to their victims than the song of the Syrens to the Mariners Ulysses, blighting their most brilliant hopes of anticipation, rendering marriage, &c., impossible.

Young Men.
especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have advanced listening Senates with the thunders of eloquence, or walked to ecstasy the living lyre, may call with all confidence.

Married Persons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Derangements, &c., should immediately consult Dr. J., and be restored to perfect health.

He who places himself under the care of Dr. Johnson may confidently consider it his honor as a gentleman, and confidently rely upon his skill as a physician.

Organic Weakness.
Immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.—Young persons are less apt to commit excesses from not being aware of the dreadful consequences that may ensue.—Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy cohabitation, the most serious and destructive symptoms to both body and mind arise.—The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, &c.

Nervous Debility.
Weakness of the system, Nervous Debility and premature decay generally arise from the destructive habits of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes, the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, &c., when the true cause is such as loss of memory, depression of spirits, or peculiar fits of Melancholy, when the truth is they have been caused by indulging in pernicious but alluring practices, destructive to both body and mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to Society.
