MEDICINAL.

BALTIMORE LOCK HOSPITAL.
DOCTOR JOHNSON.
THE founder of this Celebrated Institution offers the most
Certain, Speedy, and only effectual remedy in the world for
Palsy, Stiffness, Seminal weakness, Pains in the Neck and
Cervical Debility, Headache, Weakness of the Back and
Limbs, Affections of the Kidneys, Palpitation of the Heart,
Dropsy, Nervous Irritability, Disease of the Head,
Throat, Nose, or Skin; and all those serious and melancholy
Disorders arising from all those destructive habits of Youth,
which destroy both body and mind. These secret and solitary
practices more fatal to the victims than the worst of the
tyranny to the Mariners, blighting their most brilliant
hopes of anticipations, rendering marriage, &c.,
impossible.

Young Men.
especially, who have become the victims of Solitary Vice,
that dreadful and destructive habit, which annually sweeps
to an untimely grave thousands of young men, the most
exalted talents and brilliant talents, might otherwise
have entranced listening Senates with the thunders of elo-
quence, or waked to ecstasy the living lyre, may call with
all confidence.

Marriage.
Married Persons, or Young Men contemplating marriage,
being aware of Physical Weakness, Organic Debility, Deform-
ing Curvature of the Spine, or any other serious and
hereditary disease, should immediately consult Dr. J., and be restored
to perfect health.

He who places himself under the care of Dr. Johnson may
reliably confide in his honor as a gentleman, and confidently
rely upon his skill as a physician.

Organic Weakness.
Immediately cured, and full vigor restored.

Persons who are usually must frequently pay by those
who have become the victims of improper indulgence.—
Young persons are too apt to commit excesses from not be-
ing aware of the dreadful consequences that may ensue.—
Now, who that understands the subject will pretend to deny
that the power of Procreation is lost sooner by those falling
into improper habits than by the prudent. Besides being
deprived of the pleasure of healthy conjugal intercourse, and
suffering from the most distressing symptoms to both body and
mind arise.—The system becomes deranged, the physical and mental
powers weakened, nervous debility, dyspepsia, palpitation
of the heart, indigestion, a wasting of the frame, cough,
symptoms of consumption, &c.

Nervous Debility.
Weakness of the system, Nervous debility and premature
decay generally arise from the destructive habit of youth,
that solitary practice so fatal to the healthful existence of
man, and it is the young who are most apt to become the
victims from an ignorance of the dangers to which they sub-
ject themselves. Parents and Guardians are often misled
with respect to the cause or source of disease in their sons
and wards. Alas! how often do they ascribe to other causes,
the wasting of the frame, Palpitation of the Heart, Dyspepsia,
indigestion, derangement of the Nervous System, Dropsy,
and Symptoms of Consumption, also, those serious Mental affec-
tions, such as loss of memory, depression of spirits or peculiar fits
of Melancholy, when the truth is they have been caused by
indulging in pernicious and alluring practices, destructive to
both body and mind. These are swept from existence thou-
sands who might have been the glory of their country, a
pleasure to their friends and ornaments to Society.

your windows, and the name on the door and win-
dows. A Cure Warranted or no Charge Made, in from

NO MERCURY OR NAUSEOUS DRUGS USED.
DR. JOHNSON.

Member of the Royal College of Surgeons, London, Graduate
from one of the most eminent Colleges of the United States,
and great part of his life spent in the first
Hospital of London, Paris, Philadelphia, and elsewhere, has
effected some of the most astonishing cures that were ever
known, many troubled with ringing in the head and ears
when asleep, great nervousness, being alarmed at sudden
sounds, and bashfulness, with frequent blushing, attended
sometimes with derangement of mind, were cured immedi-
ately.

A Certain Disease.
When the misguided and imprudent votary of pleasure finds
he has imbibed the seeds of this painful disease, it too often
happens that an ill-timed sense of shame, or dread of dis-
covery, deters him from applying to those who from educa-
tion and responsibility, can alone bestir him, delaying till the
constitutional symptoms of this horrid disease make their
appearance, such as altered sore throat, disordered
nocturnal pains, in the head and limbs, dimness
of sight, deafness, nodes on the shin bones, and arms, blotches
on the head, face, and extremities, progressing with
trifling rapidity, till at last the patient, in the midst of
the most fatal, and the victims of this awful disease
becomes a horrid object of commiseration, till death puts
a period to his dreadful sufferings by sending them to "that
bourn from whence no traveler returns." To such therefore
Dr. Johnson pledges himself to preserve the most inviolable
secrecy, and from his extensive practice in the first hospitals
in Europe and America, he can confidently recommend a
safe and speedy cure to the unfortunate victim of this horrid
disease.

It is a melancholy fact, that thousands fall victims to this
dreadful disease, owing to the unskillfulness of ignorant
pretenders, who, by the use of that dreadful poison, mercury,
ruin the constitution, and even send the unfortunate sufferer
to an untimely grave, or else make the residue of his life
miserable.

Take Particular Notice.
Dr. J. addresses all those who have injured themselves by
private and improper indulgence.

These are some of the sad and melancholy effects pro-
duced by early habits of youth, viz: Weakness of the Back and
Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular
Power, Palpitation of the Heart, Dropsy, Nervous Irritability,
Derangement of the Digestive Functions, General De-
bility, symptoms of Consumption, &c.

MENTALLY.—The fearful effects upon the mind are such to
be dreaded, Loss of Memory, Confusion of Ideas, Depression
of Spirits, Evil Forebodings, Aversion of Society, Self Dis-
trust, Love of Solitude, Timidity, &c., are some of the evils
produced.

Thousands of persons of all ages, can now judge what is
the cause of their declining health. Losing their vigor, be-
coming weak, pale and emaciated, have a singular appear-
ance about the eyes, cough and symptoms of consumption.

Dr. Johnson's Invigorating Remedy for Organic Weak-
ness.

By this great and important remedy, weakness of the or-
gans are speedily cured, and full vigor restored. Thousands
of the most nervous and debilitated, who had lost all hope,
have been relieved. All impediments to Marriage, Physical
or Mental Debility, Nervous Irritability, Trembling and
Weakness, or exhaustion, of the most fearful kind,
speedily cured by Dr. Johnson.

Young Men.
Who have injured themselves by a Certain Practice Indulged
in when alone—a habit frequently learned from evil
companions, or at school—the effects of which are nightly
felt, even when asleep, and if not cured, renders marriage
impossible, and destroys both mind and body, should apply
immediately.

What a pity that a young man, the hope of his country,
and the darling of his parents, should be snatched from all
prospects and enjoyments of life, by the consequences of
divulging from the path of nature, and indulging in a cer-
tain secret habit. Such persons before contemplating

should reflect that a sound mind and body are the most
necessary requisites to promote conjugal happiness. In-
deed, without these, the journey through life becomes a
weary pilgrimage, the prospect hourly darkens to the view;
the mind becomes shadowed with despair and filled with the
melancholy reflection, that the happiness of another becomes
blighted with our own.

Take Notice.
The many thousands cured at this Institution within the
last twelve years, and the numerous important surgical Oper-
ations performed by Dr. JOHNSON, witnessed by the re-
porters of our daily papers and many other persons, are
evidence which again and again appeared before the public—
is a sufficient guarantee, that the afflicted will find a skill-
ful and honorable physician.

Take Notice.
N. B.—There are many worthless Quacks advertising
themselves as Physicians, and the health of the already
afflicted, that Dr. Johnson deems it necessary to say, espe-
cially to those unacquainted with his reputation, that his
credentials or diploma always have in his office.

TAKE NOTICE. All letters must be post-paid, and con-
tain a postage stamp for the reply, or no answer will be
sent.

CEDER BARK PAPER.
STATE ASSAYER'S OFFICE, 37 BOSTON ST.,
BOSTON, February 24, 1856.
This certifies that I have made a chemical examination of
Cedar Bark Paper, manufactured by Messrs. Warren, Apple-
ton & Co., in Waterville, Maine, and find that it has the
essential qualities of the best quality of Cedar Bark,
which are known to prevent the adulterations of insects and
the growth of Mould, or other Fungus.
I would recommend the stout Cedar Bark paper as suit-
able for protecting Carpets, and woven goods generally, from
the attacks of Moths and other insects, and also for the pre-
servation of Furs from their depredations. It will likewise
serve as a great means to protect cotton goods from Fungus,
since the order of essential oils prevents their growth.
I understand that this Cedar Bark Paper is produced at low
cost and can be made in desirable quantities. It is, therefore,
worthy of a thorough practical trial by manufacturers and
shippers of woolen and cotton goods.
Signed, CHARLES T. JACKSON, M. D.,
Assayer to the State of Massachusetts.

HOUSTON'S PATENT SKEW SCALERS.
THESE SCALERS, for which the inventor has obtained
Letters Patent from the U. S. Government, are intended
to supersede the present cumbersome and objectionable
apparatus used for weighing cylindrical packages, such as
barrels, tierces, &c., containing articles of small weight,
weight. Also for weighing bales of cotton, hay, or other
similar packages. The advantage claimed for them over
the ordinary Scales in use, are that no weighing is required,
as the article to be weighed is immediately supported, by
its own gravity, and without strain, or reaching a given
point beneath the Scales—thus saving a large amount
of time and labor, and preventing injury by accident, or other-
wise, to the freight packages. The patentee will be pleased
to exhibit his invention at the store of S. M. West, and re-
ceive orders for such sizes and quantities as may be desired.
