BALTIMORE LOCK HOSPITAL

DOCTOR JOHNSON.

Tilk founder of this Celebrated Institution offers the most Certain, Speedy, and only effectual remedy in the world for Gleets, Strictures, Seminal weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kalmays' Palpitation of the Heart, Dispepsia, Nervous Irritability, Disease of the Head, Throat, Nose, or Skin; and all those serious and melancholy Disorders arising from all those Bestructive habits of Youth, wich destroy both body and mind. These secars and solitary practices more faial to their victims than the song of the Syrens to the Mariners Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually aweeps to an untimely grave thousands of young men of the most exaited tallents and briffiant intellect, who might otherwise have entranced listening Senates with the thunders of elequence, or waked to ecstacy the living lyre, may call with all confidence.

Marriage.

Married Porsons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic, Debility, Deformities, &c., should immediately consuit Dr. J., and he restored to perfect health.

He who places himself under the care of Dr. Johnson may religiously confide in his honor as a gentlemen, and confidently rely upon his skill as a physician.

Organic Weakness

ly rely upon his skill as a physician.

Organic Weakness
immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.

Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may easue.

Now, who that understands the subject will pretend to deny that the power of Procreation is lost sconer by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.—

The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

Nervous Debility

Weakness of the system, Nervous Debility and premature

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its Victims from an ignorance of the dangers to which they subject themselves. Parents and Guardiaus are often misled with respect to the cause or source of disease in their sons and wards. Alas? how often do they ascribe to other causes, the weating of the frame, Palnitation of the Heart, Dysponsis, and wards. Alas! how often do they ascribe to other causes, the wasting of the frame, Palpitation of the Heart, Dyspepsia, indigestion, derangement of the Nervous System, Cough, and Symptons of Consumption, also, those serious Mental effects, such as loss of memory, depression of spirits or peculiar fits of Melancholy, when the truth is they have been caused by indulging in pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to Society.

DR. JOHNSON.

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospital of London, Paris, Philaceiphia, and elsewhere, has effected some of the most astenishing cures that were ever known, many troubled with ringing in the head and ears when saleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

ly.

A Certain Disease.

When the misguided and imprudent votary of pleasure finds he has imbibed the seads of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as nicerated sors threat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones, and arms, blotches on the head, face, and extremities, progressing with frigtful rapidity, till at last the palst of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending them to "that bourn from whence no traveler returns." To such therefore Dr. Johnston pledges himself to preserve the most inviolable secrecy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy ours to the unfortunate victim of this horrid disease.

It is a melancholy fact, that thousands fall victims to this

It is a melancholy fact, that thousands fall victims to this dreadful diesease, owing to the unakilifulness of ignorant pretenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life migrable.

micrable.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by private and improper indulgencies.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dispepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded, Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages, can now judge what is the cause of their declining health. Losing their vigor, be-coming weak, pale and emaciated, have a singular appear-ance about the eyes, cough and symptoms of consumption. Dr. Johnson's Invigorating Remedy for Organic Weak-

coming weak, pale and emacasted, have a singular appearance about the eyes, cough and symptoms of consumption. Dr. Johnson's Invigorating Remedy for Organic Weakbass.

By this great and important remedy, weakness of the organs are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physicai or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustation of the most fearful kind, speedily cured by Dr. Johnston.

Woon have injured themselves by a Certain Practice induged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when saleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the conacquences of diviating from the path of nature, and indulging in a certain secret habit. Such persons before contemplating

\*\*Harriage\*\*

ahould reflect that a sound mind and body are the most necessary requisities to promote conubal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect bourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another becomes bignted with our own.
