MEDICINAL.

BALTIMORE LOCK HOSPITAL

DOCTOR JOHNSON.

THE founder of this Celebrated Institution offers the most Certain, Speedy, and only effectual remedy in the world for Gleets, Strictures, Seminal weakness, Pains in the Loins, Constitutional Behility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys' Palpitation of the Head, Throat, Nose, or Sking and all those serious and melancholy Disorders arising from all those bestructive habits of Youth, wich destroy both body and mind. These scener and solitary practices more fatal to their victims than the song of the Syrens to the Mariners Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talients and brilliant intellect, who might otherwise have entranced listening Scaates with the thunders of cloquence, or waked to ecstacy the living lyre, may call with all confidence.

Marriage.

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its Victims from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes, the wasting of the frame, Palpitation of the Heart, Dyspepsia, indigestion, derangement of the Nervous System, Cough, and Symptons of Consumption, also, those serious Mental effects, such as loss of memory, depression of spirits or peculiar fits of Melancholy, when the truth is they have been caused by indulging in pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to Society.

DR. JOHNSON.

Member of the Royal College of Surgeons, Loudon, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospital of London, Paris, Philaseiphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being slarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore threat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones, and arms, blotches on the head, face, and extremities, progressing with frigiful rapidity, till at last the palat of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending them to "that bourn from whence no traveler returns." To such therefore Dr. Johnston pledges himself to preserve the most inviolable secrecy, and from his extensive practice in the first hospitals in Europe and America, he can confidently reccommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact, that thousands fall victims to this

It is a melancholy fact, that thousands fall victims to this dreadful diesease, owing to the unskillfulness of ignorant pretenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life

mierable.

Dr. J. addresses all those who have injured themselves by private and improper indulgencies.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pals in the Head, Dinness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dispepsis, Nervous Irritability, Derangement of the Digestive Functions, General Debility, symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded, Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Selitude, Timidity, &c., are some of the evils produced.

ance about the eyes, cough and symptoms of consumption.
Dr. Johnson's Invigorating Remedy for Organic Weakness.

By this great and important remedy, weakness of the &gans are speedily cured, and full vigor restored. Thousands
of the most nervous and debilitated, who had lost all hope,
have been relieved. All impediments to Marriage, Physical
or Mental Diaqualification, Nervous Irritability, Tremblings
and Weakness, or exhaustation of the most fearful kind,
speedily cured by Dr. Johnston.

Young Men.

Who have injured themselves by a Certain Practice indulged in when alone—a habit frequently learned from evil
companions, or at school—the effects of which are nightly
felt, even when asleep, and if not cured, renders marriage
impossible, and destroys both mind and body, should apply
immediately.

What a pity that a young man, the hope of his country.

immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of diviating from the path of nature, and indulging in a certain secret labit. Such persons before contemplating should reflect that a sound mind and body are the most necessary requisities to promote countral happiness. Indeed, without these, the journey through life becomes a weary pilgrisinge, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another becomes blighted with our own.

ALL SURGICAL OPERATIONS PERFORMED.

N. B.—Let no false delicacy prevent you, but apply immediately either personally or by letter.

The many thousands cured at his Institution within the last twelve years, and the numerous important surgical Operations performed by Dr. JOHNSON, witnessed by the reporters of out daily papers and many other persons—notices of which have again and again appeared before the public—is a sufficient guarantee, that the afflicted will find a skillful and honorable physician.

Take Notice.
