DOCTOR JOHNSON.

THE founder of this Celebrated Institution offices the most Certain Speedy, and only effectual remody, in the world for Glocis. Strictures, Seminal weakness, Pains in the Loine, Constitutional Behility, Impotency, Weakness of the Rack' and Limes. Affections of the Kidneys, Palpitations of the and Limbs. Affections of the Kidneys, Palpitations of the Heart. Dyspensia, Nervous Irritability, Disease of the Head, Throat. Nose or Skin; and all those serious and melancholy Disorders arising from all those Destructive habits of Youth which destroy both hody and mind. These success and solitary practices more fatal to their victims than the song of the Syrets to the Mariners Ulyases, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible. Young Men especially, who have become the victims of Sofftary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of voting here of the most

to an untimely grave thousands of young men of the most exalted taleuts and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of elo-quence, or waked to costacy the living lyre, may call with all confidence.

Marriage.

Marriage.

Marriage Persons, or, Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Deformities, &c., should immediately consult Pr. J., and be restored to perfect health.

He who places himself under the care of Dr. Johnson may religiously confide in his honor as a gentleman, and confi-dently rely upon his skill as a physcian. Organic Weakness

immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.— Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.

Now, who that understands the subject will pretend to deay that the power of Procreation is lost sooner by these falling that the power of Procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.—

The system becomes deranged, the physical and mental powers weakened, nervous debility, dispensis, palpitation of the heart, indigestion, a wasting of the frame, cough. aymptoms of consumption, etc.
Nervous Debility.

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their seas and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the the truth is, they have been caused by indulging in pernicious but allur-ing practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to society.

dows. A Cure tearranted, or no Charge Made, in from One to Tico Days. NO MERCURY OR NAUSEOUS DRUGS USED. DR. JOHNSON, Member of the Royal College of Surgeons, London, Gradu

stefrom one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and else-where, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, at-tended sometimes with derangement of mind, were cured immediately.

When the misguided and imprudent votary of pleasure linds he has imbited the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from aducation and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limite, dimness of sight, deafuses, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frighton the head, face and extremities, progressing with fright-ful rapidity, till as last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease be-comes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourns from whence no traveler returns." To such, there-fore, Dr. Johnson pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of

dreadful disease, awing to the unskillfulness of ignorant pre-tenders, who, by the use of that dreadful poisou, mercury, ruin the constitution, and even send the unfortweate sufferer to an antimely grave, or else make the residue of his life

Take Particular Notice. Dr. J. addresses all those who have injured themselves by private and improper indulgences.

private and improper indulgences.

These are some of the sad and melanchely effects produced by early habits of youth, viz: Weakness of the Hack and Limbs, Pain in the Head, Dimpess of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumptions, &c.

MESTALLY—The leaful effects upon the mind are much to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of consumption, Dr. Johnson's invigorating Resnety for Organic Weakness.

By this great and important remedy, weakness of gans are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physical or Mental Pisqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speed-

ily cured by Dr. Johnson.
Young Men,
Who have injured themselves by a certain practice, induiged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly impossible, and destroys both mind and body, should apply immediately.

immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contempiating

should reflect that a sound mind and body are the most necessary requisities to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, becomes blighted with our own.

MEDICINAL

A Purifier of the isosod, and vertain cure for Scrofula or King's Evil, Lumbar Abscess, Hip Disease, White Swell-ing, all Diseases of the Skin, Diseases of the Liver, Diseas-es of the Kidneys and Spine, Chronic Bore Eyes, Scald Head, Salt Rhoum, Scurvy, Chorea or St. Vitus' Dance, Asthma, Jaundice, Chronic Rheumatism, Chronic Debility following Intermittent or Malarious Fevers, and all diseases arising from the excassive use of Mercury.

The Vegetable Alterative is offered to the public as a radi cal cure for the above named diseases, arising wholly or in part from impurity or vitiation of the blood—the basis of its success rests upon the well-known alterative properties of Spanish Sarsaparilla, which is imported expressly for the compounder of this medicine in all its purity; it is then, with the addition of other medicinal plants—alteratives and tonic in their action—manufactured with great care, and concentrated in a palatable form, making by the combination one

of the best Alterative Medicines ever used. It is mild, yet active, in its operation; it renovates, while it removes the cause of disease, and may be used by all with confidence and safety, It is an Alterative Tonic, and is peculiarly adapted to malarious sections of the country—it eradicates thoroughly all traces of chronic debility which so often follows an attack of severe or protracted cases of intermittent fever. In the South and West it has been thoroughly tried, and has never falled to restore the invalid to health, cometimes after all other remedies have failed.

In diseases arising from an excessive use of mercury or other mineral medicines, it is unsurpassed in the thorough and prompt manner in which it wradicates all diseased matter from the blood and glandular system.

In all-cutaneous diseases it acts like a charm, and in suc diseases as Scald Head, Salt Rheum, and Skin diseases of every kind, it is without an equal in its curative effects. In the combination there are remedies that not directly on the Liver and Kidneys, and therefore it proposes to reeve these organs when in a torpid or inactive state. In relleving these and other organs, and being a purifier of the blood, it claims to be a cure for that loathsome disease,

The Alterative is put up in pint bottles. Accompanying each bottle is a pamphiet setting forth the nature and character of the several diseases for which it proposes to be oure.

supplied with these pamphlets for distribution. Ask for one and read it. This medicine has been extensively used by many physicians of eminence throughout the South, and we have be sicia as of erainence throughout the South, and we have let-ters from many of them, speaking in the highest terms of its action as an Alterative Tonic Remedy.
