DOCTOR JOHNSON.

THE founder of this Celebrated Institution offers the most Certain Speedy, and only effectual remedy, in the world for Gleets. Strictures. Seminal weakness. Pains in the Loins, Constitutional Deblity, Impetency, Weakness of the Rock and Limbs. Affections of the Kolneys, Palpitations of the Heart. Dyspepsis, Nervous Irritability, Disease of the Head, Throat. Nose or Skin; and all those privace in hits of Youth which destroy both hody and mind. Tursus scenar and solitary practices more fatal to their victims than the song of the Syrens to the Mariners Ulysses, blighting their most brilliant hopes of anticipations, remdering marriage, Ad., impossible. Young Men.

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which assumily sweeps to an untimoly grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thumbers of eloquence, or waked to ecolacy the living lyre, may call with all confidence.

Marriage.

Married Persons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Defor-mities, &c., should immediately consult Dr. J., and he restored to perfect health.

He who places himself under the care of Dr. Johnson may religiously confide in his honor as a gentleman, and confi-

dently rely upon his skill as a physcian. Organic Weakness
immediately cured, and full vigor restored.
This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.— Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.

Now, who that understands the subject will pretend to deny that the power of Procreation is lost somer by those falling

into improper habita than by the predent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.—
The system becomes deranged, the physical and mental powers weakened, firevous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, asymptons of consumation, etc. symptoms of consumption, etc.

Nervous Debility.

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other WILMINGTON MARBLE WORKS.

A Certain Disease.

When the misguided and improdent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from edncation and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limits, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with fright-ful rapidity, till as last the palate of the mouth or the bones of the nose fall in, and the victim of this awfil disease be-comes a horrid object of commisseration, till death puts a comes a normal object or commisseration, till death puts a period to his dreadful safferings by sending him to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy curs to the unfortunate viction.

It is a meiancholy fact, that thousands fall victims to this dreadful disease, owing to the unakfillfulness of ignorant pre-tenders, who, by the use of that dreadful polson, mercury, ruin the constitution, and even send the unfortunate suffer-

Thousands of persons, of all ages, can now judge what is
the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of consumption.

should reflect that a sound mind and body are the most ne-cessary requisities to promote communal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the

melancholy reflection, that the happiness of another, becomes blighted with our own.

Purifier of the Blood, and certain cure for Scrofula or King's Evil, Lumbar Abscess, Hip Disease, White Swelling, all Diseases of the Skin, Diseases of the Liver, Diseases of the Kidneys and Spine, Chronic Sere Eyes, Scald Head, Salt Rheum, Scarvy, Chotea or St. Vitus' Danes, Asthuu, Jauudice, Chronic Rheumatism, Chronic Debility

following Intermittent or Malarious Fevers, and all dis-cases arising from the excessive use of Mercary.

The Vegetable Alterative is offered to the public as a radi-cal cure for the above named discases, arising wholly or in part from impurity or vitintion of the bloods—the basis of its-success rests upon the well-known alterative properties of Spanish Saramorilla, which is imported expression for the Spanish Sursaparilla, which is imported expressly for the compounder of this medicine in all its purity; it is then, with the addition of other medicinal plants—alteratives and tonic in their action—manufactured with great ware, and concen-trated in a palatable form, making by the combination one of the best Alterative Medicines ever used. It is mild, yet active, in its operation; it renovates, while it removes the cause of disease, and may be used by all with confidence and

It is an Alterative Tonic, and is peculiarly adapted to malarious sections of the country—it eradicates thoroughly all traces of chronic debility which so often follows an attack of severe or protracted cases of intermittent fever. In the South and West it has been thoroughly tried, and has never failed to restore the invalid to health, sometimes after all other remedies have failed. In diseases arising from an excessive use of mercury or

other mineral medicines, it is unsurpassed in the thorough and prompt manner in which it cradicates all diseased mat-ter from the blood and glandular system. In all cutaneous diseases it acts like a charm, and in such diseases as Scald Head, Salt Rheum, and Skin diseases of every kind, it is without an equal in its curative effects.

In the combination there are remedies that act directly on the Liver and Kidneys, and therefore it proposes to relieve these organs when in a torpid or inactive state. In re-lieving these and other organs, and being a purifier of the blood, it claims to be a cure for that loathsome disease,

All Agents and others who have the Alterative for sale are supplied with these pamphlets for distribution. Ask for one and read it.

This medicine has been extensively used by many physicians of eminence throughout the South, and we have letters from many of them, speaking in the highest terms of its action as an Alterative Tonic Remedy.
