Marriage.

Married Persons, or, Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Defor-mittes, &c., should immediately consult Dr. J., and be restored to perfect health. He who places himself under the care of Dr. Johnson may

religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physcian.

Organic Weakness
immediately cared, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.

Young persons are too apt to commit excesses from not be-ing aware of the dreadful consequences that may casue.— Now, who that understands the subject will pretend to deny that the power of Procreation is lest somer by those falling into improper habits than by the prodent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.

The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsis, paintitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

of the heart, indigestion, a wasting of the trame, cough, symptoms of consumption, etc.

Nervous Debility.

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their soms and wards. Alas' how often do they ascribe to other sens and wards. Alas! how often do they ascribe to other causes the wasting of the frame, l'alpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the the truth is, they have been caused by indulging in perticious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thomands who might have been of use to their country, a pleasure to their friends and ornaof use to their country, a pleasure to their friends and ornaments to society.

the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most autonishing cores that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being starmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cared A Certain Disease.

When the misguided and imprudent votary of pleasure finds he has imbilied the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limbs. dimness of sight, deafness, nodes on the shin bones and acous, blotches on the head, face and extremities, progressing with fright-ful rapidity, till as last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease beof the nose last in, and the victim of this awt it disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending hen to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

this horrid disease.

It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulners of ignorant pre-tenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life

niserable.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Heard, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

Dr. Johnson's invigorating Remedy for Organic Weakness.

By this great and important remedy, weakness of the or-gans are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speed ily cured by Dr. Johnson.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and rejoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating Marriage should reflect that a sound mind and body are the most necessary requisities to promote communial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, becomes blighted with our own.
