Married Persons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Defor-mities, &c., should immediately consult Dr. J., and be restor-

ed to perfect health. He who places himself under the care of Dr. Johnson ma religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physcian.

Organic Weakness

Organic Weakness immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.—Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may easine.—Now, who that understands the subject will pretend to deny that the power of Froccastion is lost sconer by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.—The system becomes deranged, the physical and mental powers weakened, nervous debility, dispepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

symptoms of consumption, etc.

Nervous Debility.

Weakness of the system, Nervous Debility and premainre decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous Sys-tem, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or psculiar fits of melancholy, when the the truth is, they have been caused by indulging in pernicious but allus-ing practices, destructive to both Hody and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and orna-ments to society.

DR. JOHNSON, Member of the Rayal College of Surgeons, London, Gradu-ate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spont in the first Hospitals of London, Paris, Philadelphia, and sizewhere, has effected some of the most astunishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfuiness, with frequent blushing, at-tended sometimes with derangement of mind, were cured immediately.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bonce and arms, blotches on the head face and extremities, progressing with fisher. on the head, face and extremities, progressing with frightful rapidity, till as last the palate of the month or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy curs to the nufortunate victim of this borrid disease.

this horrid disease.

It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskiilfulness of ignorant pre-tenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate sufferer to an notimely grave, or else make the residue of his life

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating Marriage

should reflect that a sound mind and body are the most necessary requisities to promote combibial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage. The prospect hourly darkens to the view; the mind becomes shalowed with despair and filled with the melancholy reflection, that the happiness of another, be-
