He who places himself under the care of Dr. Johnson may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Organic Weakness immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.— Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.— Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those failing into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.—The system becomes deranged, the physical and mental powers weakened, nervous debility, d) spepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

mption, etc. Nervous Debility. Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the the truth is, they have been caused by indulging in perucious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to society.

NO MERCURY OR NAUSEOUS DRUGS USED.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured tended sometimes with derangement of mind, were cured immediately.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from edoration and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as dicerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with fright-ful rapidity, till as last the palate of the mouth or the bones of the none fall in, and the victim of this awful disease be-comes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." To such, there-fore, Dr. Johnson pledges himself to preserve the most in-violable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recom-

mend a safe and speedy cure to the unfortunate this horrid disease. It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulness of ignorant pre-tenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate suffer-er to an untimely grave, or else make the residue of his life

Take Particular Notice. Dr. J. addresses all those who have injured themselves by

Dr. J. addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and meiancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsis, Nervous Irritability, Derangement of the Digestive Functions, General Deblity, Symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitade, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their decilining health. Losing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of consumption.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of

deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating Marriage should reflect that a sound mind and body are the most ne cessary requisities to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, becomes

To Strangers.

The many thousands cured at this Institution within the last twelve years, and the numerous important surgical Operations performed by Dr. JOHNSON, witnessed by the reporters of our daily papers and many other persons—notices of which have again and again appeared before the public—is a sufficient guarantee, that the afflicted will find a skillful and honorable physician.

Take Notice.
