MEDICAL.

BALTIMORE LOCK HOSPITAL

DOCTOR JOHNSON.
THE founder of this Celebrated Institution offers the most Certain Speedy, and only effectual remedy, in the world for Glects, Strictures, Seminal weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness of the Sack and Limbs, Affections of the Kidneys, Palpitations of the Heart, Dyspepsia, Nercons Irritability, Disease of the Head, Throat, Nose or Skin; and all those serious and melancholy Disorders arising from all those Destructive habits of Youth which destroy both body and mind. Transanters and solitary practices more fatal to their victims than the song of the Syrens to the Mariners Liyanes, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible, Young Ren.

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of elequence, or waked to ecstacy the living lyre, may call with all confidence.

Married Persons, or Young Men contemplating marriage, being awars of Physical Weakness, Organic Debility, Defor-mities, &c., should immediately consult Dr. J., and be restor-

d to perfect health. He who places himself under the care of Dr. Johnson may religiously confide in his honor as a gentleman, and confi-

doubly refy upon his skill as a physeian.

Organic Weakness
immediately cured, and full vigor restored. immediately cared, and rail vagor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgrances.

Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.

Now, who that understands the subject will pretend to deny that the converse of Proportion is less than the converse of Proportion in less than the converse of Now, who that understands the subject will pretend to dony that the power of Procreation is lost sooner by those falling into improper babits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes defanged, the physical and mental fowers weakened, nervous debility, dispepsia, palpitation of the heart, indigestion, a weating of the frame, cough, symptoms of consumption, etc.

Servous Debility. Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its ricilins, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source, of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, decangement of the Nervous System, Cough, and Symptoms of Consumption, also, those aerious mental effects, such as loss of memory, depression of spirits, or psculiar fits of melancholy, when the the truth is, they have been caused by indulging in pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been due to their country, a pleasure to their friends and even of use to their country, a pleasure to their friends and orna

ments to society.

DR. JOHNSON,
Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing curves that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at and ears when asleep, great nervousness, being slarmed at sudden sounds, and hashfulness, with frequent blushing, at-tended sometimes with derangement of mind, were cured

A Certain Disease. When the misguided and imprudent votary of pleasure fluds he has imbibed the analy of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till as last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recom-mend a safe and speedy cure to the unfortunate victim of

this horrid disease.
It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulness of ignorant pre tenders, who, by the use of that dreadful poison, moreoury ruin the constitution, and even send the unfortunate, suffer er to an untimely grave, or else make the residue of his life miserable.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by private and improper induigences. These are some of the and and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Ner rous Irritability, Derangement of the Digestive Punctions General Debility, Symptoms of Consumption. &c.

MENTALLY—The learful effects upon the mind are much t-

be dreaded : Loss of Memory, Confusion of Ideas, Depres sion of Spirits, Evil Forebodings, Aversion of Society, Sei Distrust, Love of Solitude, Timidity, &c., are some of the Thousands of persons, of all ages, can now judge what is

nce about the eyes, cough and symptoms of consumption.

Dr. Johnson's Invigorating Remedy for Organic

Weakness. By this great and important remedy, weakness of the or-gans are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physica

or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speed ily cured by Dr. Johnson. Young Men, Who have injured themselves by a certain practice, in dulged in when alone -- a habit frequently learned from evil

companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain

secret habit. Such persons, before contempiating Marriage should reflect that a sound mind and body are the most ne cessary requisities to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, be-

comes blighted with our own.

The many thousands cured at this Institution within the last twelve years, and the numerous important surgical Operations performed by Dr. JOHNSON, witnessed by the reporters of our daily papers and many other persons—notices of which have again and again appeared before the public—is a sufficient guarantee, that the afflicted will find a skillful and honorable physician. Take Notice.

N. B. -There are so many worthless Quacks advertising hemselves as Physicians, ruining the health of the already afflicted, that Dr. Johnson deems it necessary to say, espe cially to those unacquainted with his reputation, that his oredentials or diplomas always hang in his office.
