DOCTOR JOHNSON.

THE founder of this Celebrated Institution offers the most Certain Speedy, and only effectual remedy, in the world for Glosts, Strictures. Seminal weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitations of the Head, Throat, Nose or Skin; and all those serious and melaneboly Disorders arising from all those Destructive habits of Youth which destroy both body and mind. These secrets and solitary practices more fatal to their victims than the song of the Syrens to the Martners Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, do., impossible. Young Hen ospecially, who have become the victims of Bolliary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of elequence, or waked to ecstacy the living tyre, may oall with all confidence.

Asyrons Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, indigestion, derangement of the Nervous Byatem, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the the truth is, they have been caused by indulging in pernicious but alluring practices, desiructive to both Body and Mind. Thus are swept from existence thomasnic who might have been of use to their country, a pleasure to their friends and ornaments to society. ments to society.

Dit. JOHNSON.

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A Certain Disease. When the misguided and imprudent votary of pleasure flows he has imbibed the receive of this paintal disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as pleasand agree throat, diseased their appearance, such as nicerated sore throat, diseases nose, nocturnal pains, in the head and limbs, dimness of sose, nocturnal palns, in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with fright-ful rapidity, till as last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease be-comes a horfd object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most in-violable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recom-mend a safe and speedy curs to the unfortunate viotim of

this horrid disease.

It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulness of ignorant pre-tenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life

Take Particular Notice. Dr. J. addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects produced by early habits of youth, vis: Weakness of the Hack and Limbs, Pain in the flead, Dimness of Sight, Loss of Painting of the Heart, Dysperals, News Muscular Power, Palpitation of the Heart, Dyspepala, Nervous Irritability, Derangement of the Digestive Punctions

General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to
be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self
Distrust, Love of Solitude, Timidity, &c., are some of the evils produced. Thousands of persons, of all ages, can now judge what is the cause of their declining health. Losing their vigor, be-coming weak, pale and emaciated, have a singular appear-

ance about the eyes, cough and symptoms of consumption Dr. Johnson's Invigorating Remedy for Organic Weakness. By this great and important remedy, weakness of the or-gans are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speed-ity aread by Dr. Johnson.

and Weakness, or exhaustion of the most fearful kind, speedily cured by Dr. Johnson.

Young Men,

Who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country.

immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating Marriage should reflect that a sound mind and body are the most necessary requisities to promote communial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, becomes blighted with our own.
