BOCTOR JOHNSON.

THE founder of this Celebrated Institution offers the most Certain Speedy, and only effectual remedy, in the world factions. Strictures. Seminal weakness. Pains in the Loine, Constitutional Debility. Impotency, Weakness of the Back and Limbs. Affections of the Kodneys. Paipitations of the Heart. Dyspepsis. Nervous Irritability, Disease of the Heart. Throat. Nose or Skin: and all those serious and methacholy Disorders arising from all those Destructive habits of Youth which destroy both body and mind. Turans accure and solitary practices more fatal to their victims than the song of the Syreas to the Martners Ulyases, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible. Young files

especially, who have become the victims of Bolltary Vice, that desactial and destructive habit, which annually sweeps to an untilmely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to costacy the living lyre, may call with all confidence.

Marriage.

Married Persons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic Bebillity, Defor-mities, &c., should immediately consult Dr. J., and be restor-ed to perfect health.

milies, de., should immediately consult Dr. J., and be restored to perfect health.

He who places himself under the care of Dr. Johnson may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Organic Weakness immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.

Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.

Now, who that understands the subject will pretend to deny that the power of Procreation is lost sconer by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.

The system becomes deranged, the physical and mental powers weakened, nervous debility, dispepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

Regyous Debility.

Weakness of the system, Nervous Debility and premature

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often missisted with remote to the subject themselves. Parents and Guardians are often mis-led with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous Sys-tem, Cough, and Symptoms of Consumption, also, those se-rious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the the trath is, they have been caused by indulging in perulcious but allur-ing practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaof use to their country, a pleasure to their friends and ornaments to society.

DR. JOHNSON, Member of the Royal College of Surgeons, London, Gradu-ate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and else-where, has effected some of the most astenishing cures that were ever known, many troubled with ringing in the head and ears when sulcen, great perconsens. Long slavered as and ears when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, at-

A Certain Disease. When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till as last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a or the lose tail in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life

Take Particular Notice. Dr. J. addresses all those who have injured themselves by private and improper indulgences. These are some of the sad and melancholy effects pro

duced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Paipitation of the Heart, Dyspepaia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self District, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health. Losing their vigor, be-coming weak, pale and emaciated, have a singular appear-ance about the eyes, cough and symptoms of consumption. Dr. Johnson's Invigorating Hemedy for Organic Weakness.

By this great and important remedy, weakness of the or-gans are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedand Weakness, or value on. ily cured by Dr. Johnson. Young Men,

Woung Men,

Woung Men,

Who have injured themselves by a certain practice, indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be statched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating Marriage should reflect that a sound mind and body are the most necessary requisities to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prespect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, becomes blighted with our own.

OPPICE NO. 7 SOUTH FREDERIC ST. Baltsmore, Md. OFFICE NO. 7 SOUTH FREDERIC ST., Baltimore, Md. N. B.—Let no false delicacy prevent you, but apply im mediately either personally or by letter.

The many thousands cured at this Institution within the last twelve years, and the numerous important surgical Operations performed by Dr. JOHNBON, witnessed by the reporters of our daily papers and many other persons—notices of which have again and again appeared before the public—is a sufficient guarantee, that the afflicted will find a skillful and honorable physician.

Take Notice.

Take Notice.

N. B.—There are so many worthless Quacks advertising themselves as Physicians, ruining the health of the already afflicted, that Dr. Johnson deems it necessary to say, especially to those unacquainted with his reputation, that his credentials or diplomas always hang in his office.

IN CALLING THE ATTENTION of the public to this valuable and recently discovered deposit of this fertiliating article, we will merely state, that like all other phosphoric guanes, it's most valuable constituent in phosphoric acid, or bone phosphate of lime; and that its mercantile value, as compared with other guanes of its kind, may be easily determined by the amount of phosphoric soid or bone phosphate of lime it contains. In order, therefore, to give the public a thorough knowledge of what Sombrero guane does contain, we beg to refer to the following list of eminent chemists in different parts of the world, who have analyzed it from average samples taken by themselves from the cargoes just as they arrive from the island, without drying or selection of specimens for analyzation. Each analyzin will be exhibited, if required under the original signature of each chemist named.
