BALTIMORE LOCK HOSPITAL.

THE founder of this Colebrated Institution offers the most Cortain Speedy, and only effectual remedy, in the world for Gleets, Strictures, Seminal weakness, Pulus in the Loins, Constitutional Debility, Imposency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitations of the Head, Throat, Nose or Skin; and all those serious and melancholy Describes arising from all these Destructive habits of Youth which destroy both heafy and mind. These sections and collitary pearliess more fatal to their victims than the song of the Syrees to the Marinera Ulysses, blighting their must brilliant hopes of auticipations, rendering marriage, &c., impossible, Young Men.

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who night otherwise have entranced listening Sciates with the thunders of sloquence, or waked to ecstacy the living lyre, may call with all confidence.

Marriage. Married Persons, or Young Men contemplating marriage, being awars of Physical Weakness, Organic Debility, Defor-milies, &c., should immediately consult Dr. J., and be restur-

He who places himself under the care of Dr. Johnson may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physcian.
Organic Weakness

immediately cured, and full rigor restored.

This discuss is the penalty most frequently paid by those who have become the victims of improper indulgences.—Young persons are too as to commit excesses from not being aware of the dead of the committeness that may custe.—Now, who that understands the subject will pretend to deay that the power of Procreation is just sooner by those falling into improper habits than by the prodont. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.—The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of communities, etc.

Nervous Bebility.

Weakness of the system, Nervous Debility and premature

Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often mis-ied with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous Sys-tem, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the the truth is, they have been caused by indulging in pernicious but allur-ing practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to society.

A Certain Disease.

When the misguided and imprudent votary of pleasure finds he has implied the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from ed-noation and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as alcerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with fright-ful rapidity, till as last the palate of the mouth or the bones of the nose fail in, and the victim of this awful disease beomes a horrid object of commisseration, till death puts

period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most in-violable secresy, and from his extensive practice in the first hospitals in Europe and America, be can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that dreadful poison, mercury, rulu the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life misserable. Take Particular Notice.

Dr. J. addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects

duced by early habits of youth, viz: Weakness of the Back and Limbs, l'ain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the

Dr. Johnson's invigorating Remedy for Organic Weakness. By this great and important remedy, weakness of the or-gans are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope,

have been relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Dr. Johnson.

immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating Marriage

should reflect that a sound mind and body are the most ne-cassary requisities to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, be-comes blighted with our own.
