THE founder of this Celebrated Institution offers the most Certain Specify, and only effectual remedy, in the world for Gliests, Strictures, Seminal weakness, Pains in the Lains, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitations of the Heart, Dyspeysia, Nervous irritability, Disease of the Heart, Dyspeysia, Nervous irritability, Disease

especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which animally sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who night otherwise have entranced listening Sonates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with all confidence. Marriage.

Married Persons, or Young Men contemplating marriage, being aware of Phraical Weakness, Organic Debility, Defor-mities, &c., should immediately consult Dr. J., and be restored to perfect health. He who places himself nuder the care of Dr. Johnson may religiously confide in his honor as a gentleman, and confi-

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.—Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.

Now, who that understands the subject will pretend to dray
that the power of Procreation is lost sooner by those failing into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.—
The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, avenutoms of communities, etc.

symptoms of consumption; etc. Servous Debility. Weakness of the system, Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their some and wards. Alas I how often do they ascribe to other causes the wasting of the frame, l'alpitation of the Heart, Dyspepsia, indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, also, those se rious mental effects, such as loss of memory, depression of spirits, or puculiar its of melancholy, when the the truth is, they have been caused by indulging in permissions but altur-ing practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and orna-

the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at andden sounds, and bashfulness, with frequent blushing, at tended sometimes with derangement of mind, were cured A Certain Disease.

When the minguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid discase make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dinness of sight. sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till as last the palate of the mouth or the hones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourns from whence no traveler returns." To such, therefore, Dr. Johnson pledges himself to preserve the most in-violable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of

It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulness of ignorant pre-tenders, who, by the use of that dreadful poison, mercury, rain the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life miserable.

Take Particular Notice. Dr. J. addresses all those who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects pro duced by early habits of youth, viz : Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Ner-
