Imposency, Weakness of the Back and Limio, Affections of the Kitneys, Palpitations of the Heart, Dyspepsis, Narvons Irritability, Disease of the Heart, Threat, Nose or Skin; and all those serious and melancholy Disorders arising from all those bestructive habits of Youth which destroy both body and mind. These weakness and solitary practices more fatal to their victims than the song of the Syrom to the Mariners Ulysses, blighting their most brilliant happen of authorizations, rendering marriage, &c., impossible. Young Hen

especially, who have become the victims of Suitary Vice, that dreadful and destructive babit, which annually sweeps to an untimely grave thousands of young men of the most exalted tabels and brilliant intellect, who might otherwise have entranced lutening Senates with the thunders of elo-quence, or waked to ecstacy the living lyre, may call with all confidence.

Organic Weskness
immediately cured, and full vigor restored. This disease is the penalty most frequently paid by those who have become the victims of improper includences.

Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, whathat understands the subject will pretend to deay that the power of Procreation is lost sooner by those falling that the power of Procreation is load sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and montal powers weakened, nervous debility, dispepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

symptoms of consumption, etc.

Nervous Debitty.

Weakness of the system, Nervous Debitty and premature decay generally arise from the Destructive habit of youth, that solltary practice so fatal to the healthful existence of man, and it is the young who are most apt to become its rection, from an improvement of the desawater or which they man, and it is the young who are most apt to become its victims, from an iguerance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alast how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart. Dyspepsia, indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, also, those serious mental effects, such as less of memory, depression of spicits, or pseuliar fits of melanchuly, when the the truth is, apirits, or peculiar fits of melancholy, when the the truth is, they have been caused by indulging in pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and orns ments to society.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, Gradu-ate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when saleep, great nervousness, being slarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A Cextain Disease. finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from eddiscovery, deters him from applying to those was, from etucation and respectability, can alone befriend him, delaying
till the constitutional symptoms of this horrid disease make
their appearance, such as ulcerated sore throat, diseased
nose, nocturnal pains, in the head and limbs, dimmess of
sight, deafness, nodes on the shin bones and arms, blotches
on the head, face and extremities, progressing with frightful rapidity, till as last the palate of the mouth or the bones
of the nose fall in, and the victim of this awnil disease becomes a horrid object of commisseration, till death puts a
period to his dreadful sufferings by sending him to "that period to his dreadful sufferings by sending him to "that bourne from whence no traveler returns." To such, there fore, Dr. Johnson pledges himself to preserve the most in-violable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of

this horrid disease. It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that dreadful poison, mercury, ruin the constitution, and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life

Take Particular Notice. Dr. J. addresses all those who have injured themselves by

private and improper indulgences.

These are some of the sad and metancholy effe duced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspopaia, Nor-

wous Irritability, Derangement of the Digestive Functions, General Deblity, Symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self District, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is
the cause of their declining health. Losing their vigor, becoming weak, pale and emacated, have a singular appear

ance about the eyes, cough and symptoms of consumption, Dr. Johnson's Invigorating Remesty for Organia Weakness. By this great and important remedy, weakness of the By this great and important remedy, weakness of the origans are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Dr. Johnson.

Young Men.

Young Men. Who have injured themselves by a certain practice, in dulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and hody, should apply

immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be anatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain second ball. Such persons, before contemplating secret habit. Such persons, before contemplating
Marriage

should reflect that a sound mind and body are the most ne should reflect that a sound mind and body are the most ne-cessary requisities to promote commissal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hearly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection, that the happiness of another, be-comes blighted with our own.
