resolutions adopted by the meeting will convince all excited people, that the Southern Rights Party of North of North Carolina was a question of time only. Said Carolina aims only at the accomplishment of legal objects by legal means. We say we trust that all excited people will be so convinced, but we cannot flatter ourselves that the clamor and outcry which interested aspi- with the North or the South-that the day of comprorants have raised, will be at all suspended or put a stop to. We do trust, however, that the people will be enabled more fully to estimate the character of the charges and wait," but act ! act !! Act !!! Let North Carolimade, and to appreciate the course and the motives of na wheel into ranks and join the Confederate States, her those making such charges. And to the end that the natural allies, and thus protect herself against Northern ple should do so, we trust that between now and the 20th day of May next, efforts may be made to present the truth openly and candidly to the view of the citizens Northern Black Republican government, or go with her of every county in the State by the publication of doc- friends of the South? [Applause by the crowd, and crics uments, by the holding of meetings, and by the making of speeches. Facts and arguments used to be constitutional and legal weapons in a free country .--Who will assert that they are not so now, and if they are who shall deny to us the right to use them ? If any, then those who would deny this right must be those who fear the truth. Let this be borne in mind when depunciations are burled upon the Southern Rightsimen of North Carolina. These last indulge in no rancourous denunciations of those differing from them in opinion. They simply appeal to their judgments.

We are pleased to learn from the Newbern Progress of Monday, that Goy. Ellis' indisposition is far less serious than had been reported. The Progress says :-"We saw Governor Ellis on the street yesterday (Sunday) and though not looking us though he enjoyed his accustomed health, he seemed to be far removed, as we thought, from consumption.

We think our own surmises are about correct. Gov. Ellis has not recovered from the effects of the close conforement during the last session of the Legislature, but, relaxation and the influence of the opening senson will soon restore him to his usual health. His chest and throat appeared to be, and no doubt were more affected when he started on his first canvass for Governor, but the open air and exercise relieved both very soon."

We learn from the Fayetteville Observer, that the annual meeting of the Stockholders in the Fayette- o'clock. ville and Western Railroad Company was held in that town on Saturday last.

The act of the late Legislature, to aid in the extension of the Road to the N. C. Road, was unanimously accepted as an amendment to the charter. The survey of several routes from Deep River to the N. C. Road, will be commenced forthwith.

C. B. Mallett, Esq., was unanimously re-elected President. The former Board of Directors was also reelected.

Fort Sumter has not yet been evacuated. The report that it will be to-morrow is the latest out. That Mr. Lamon, Mr. Lincola's late law partner, was in Charleston yesterday is no doubt true, as the despatch comes to us from two sources.

Meeting of the Southern Hights Party of North

A large number of the people of the Southern Rights' party of North Carolina convened in Mass Meeting, in the Court House, in the town of Goldsboro', on the 22d inst., at 12 o'clock, when, on motion of Victor C. Let there be light and knowledge. The most dazzling artificial lights took like dark black specks when held up between the eye and the sun, so much more brilliant is the latter. It would require the concentrated brightness of nearly six thousand wax candles at the distance of a foot to equal the light which we receive from the sun at the distance of ninetyfive millions of miles.

Your ob't servant, D. M. BARBINGER. Mr. Craige, from the committee to wait on the Hon.

Mr. Moses, of S. C., reported that that gentleman would address the meeting at once if it be their pleasure. Being introduced to the meeting, the Hon: Mr. Moses

delivered an able and eloquent address, of which the following is a very imperfect report. He said :

Although not of the same Government, I think I can on the present occasion call you fellow citizens, from your faces, I judge that we are one in heart and in sentiment. I come from the much abused State of Sonth Carolina, now a proud member of the Confederate States of America. Paid a compliment to Nat. Macon,

Carolina to vote, she would certainly secede-called attention to the great contrast between President Davis and Lincoln-North Carolinians hate the North and love the South-the North loves the Eagle, but it is the Eagle on the half dollar-the Confederate States are waiting for you-South Carolina extends her hand to North Carolina-referred to the tariffs of the two governments-that England and France were obliged to recognize the Confederate States-referred to the new Constitution-said it was better than the old one-he doubted not but that the sons of North Carolina were

as patriotic as those of any other State, but that old party issues must be crushed out-it was useless to talk about re-construction of the Union-hoped North Carolina was slow, but sure, &c. Having been introduced to the meeting by Mr. Ashe

the venerable Edmund Ruffin, late of Virginia, responded to the enthusiastic call which had been made upon him : He said he came as a spectator. He explained how North Carolina could not remain in the Union .-Referred to the forts, and said they ought to be taken and held quietly by North Carolina-showed how diffi-cult it would be to retake them, if the North was allow-

ed to fill them with men, &c., &c. Mr. Myers, of Mecklenburg, said lest it might be supposed that the 6th District was not represented, he moved a call be made upon his friend, Gen. Young, of Iredell, for an address.
