[THIRD DISEATOR ] RICHMOND TO BE DEPENDED AT ALL HAZARDS. BICHMOND, VA., May 15th, 1862. The following proclamation was issued to-day by the

Governor of Virginia: A Proclamation.

The General Assembly of this Commonwealth having resolved that the capitol of the State shall be defended to the last extremity, if such desence is in accordance with the views of the President of the Confederate States; and kaving declared that whatever destruction and loss of property by the State or individuals shall thereby result, will be cheerfully submitted to, and this action being warmly approved and seconded by the Executive, I do therefore request all officers who are out of service from any cause, and all others who may be willing to unite in defending the capi tol of this State, to assemble this evening at the City Hall at 5 o'clock, and proceed forthwith to organize a force, &c. Prompt and efficient action is absolutely necessary. We have a gallant army in the field, upon which we fully and confidently rely, but no effort should be spared which can egatribute to the noble object in view. The capitol of Virginia must not be surrendered. Virginians must rally to the rescue.

Given under my hand and under the seal of the Common wealth, this 15th day of May, 1862, and in the 86th year of the Commonwealth.

(Signed.) JOHN LETCHER. In accordance with the above proclamation, there was a large assemblage at the City Hall at 5 o'clock this afternoon, and the finest spirit prevailed. A brief address was delivered by Gov. Letober and another by Mayor Mayo .-They both declared that they would never surrender the city. This appouncement was received with loud cheering. Resolutions were adopted for the organization of a regi-

ment to defend the city. Latest reports from the river state that the Monitor and

MOBILE, ALA., May 15th, 1862. The Advertiser's special despatches from Corinth state that skirmishing had continued throughout the day without results of importance on either side. The Confederates today captured one hundred and fifty beeves. The advance of the Confederates had captured seventy Federals near Paris, Tenn.

European intelligence has been received up to the 27th n't. The London Times considers the check to the Federa advance at Shileh equivalent to a Confederate victory, and finds in it confirmation of its opinion that the military difficulties of the North had just begun-with the attempted invasion of the Cotton States.

The steamer Tabal Cain had left Liverpool with a heavy esrgo of arms and ammunition.

The London Times speculates on the prospective fate of the negro population of the South, and in any result of the war, sees for them only slavery extermination or extinc-

MORILE, May 16th, 1º62. A special dispatch to the Advertiser, from Corinth, May 15th, states that the Missouri Bipublican contains the particulars of the capture of New Orleans, and editorially considers the Confederate cause as gone.

A dispatch from Nashville to the Republican, says that Morgan had a narrow escape at Carthage, northeast of Nashville, on the Cumberland river, with twenty of his men, the remaining one hundred and eighty being made prisoners. On the 8th inst., one hundred and fifty sick and wounded Federals, of Hallech's army, were shipped from Pittsburg Landing to St. Louis.

The Missouri river has fallen two feet in the last twenty four hours.

The London Times, of 23d mit, says that the battle of Shiloh has given ground for far more apprehension than hope in the North.

There is nothing new in warlike movements this evening. The enemy still hesitates in his threatened advance. Sixty-one paroled prisoners were sent off to-day. As cacort which went with them found the Federal pickets within four miles of Cor nth.

WASHINGTON, May 9, 1862 .- The preliminaries for the opening of the port of New Orleans to foreign and loval domestic trade have been arranged, and only the official announc ment of the Union occupation of that city was waited for before the issue of the proclamation. This official intelligence was received to-day, and the announcement of the opening of this important Southera port will be made immediately after the return from Fortress Monroe of the President and Secretaries of

War and the Freasury, who are hourly expected.
