TO THE VOTERS OF SAMPSON COUNTY. I REG LEAVE to announce my name before you as a candidate to represent this County in the next General Assembly of the State in the Senate. It would afford my very great pleasure to meet with you at the different precincts; but having canvasced the County two years ago, and owing to the peculiar circumstances under which I am placed by the present melancholy condition of our country, attending professionally upon the sick and wounded soldiers daily returning to their homes from the late Richmond battles, I am fully conscious that I can accomplish more good by re malning at home, (at least for a time.) administering to the wants of the sick and suffering. ME TO THE VOTERS OF BLADEN COUNTY. WE When I determined to be a caud date to represent the County of Bladen in the House of Commons in the next Legislature, I also determined not to canvass the county always having been opposed to the pract ce of going f om hone to house for the purpose of electioneering. I have adhered to that determination up to the present. Funder stand that various charges have been preferred against me, which are being industriously circulated for the purpose of defeating my election. No other alternative, being left, I d em t necessary to resort to this expedient. The charges that I will bottoe are—
ist Unsound as to States Rights.

24. Of heing in favor of a reconstruction of the old Union.
33. Opposed to the war and in favor of peace on any

5th, of baying voted to exempt the Quakers from the effections of indicary service; and ch. of having been controlled entirely by the Raleigh

tandard and is Editors in all of my voter and actions visits a member of the State Convention. Now I do not hesitate to say that every one of the above-harges a crousified y false raised and oricalated maji-lously, for the purpose of defeating my election, and to some my standing in the estimation of my fellow-citizens

the suture. To the charge a lanswer 1st. I am Southern in feeling, - and se to State Bights so far as the Confede ate Constitution embraces that doctrine, most cordially a gee. For the last twenty y are I advo-cated the doctrine that North Carolina ought to make hersell independent in every respect, as far as ber resources would justify, by the estab ishment of manufactories within er borders, and by direct importations from foreign mar

24. As to re-construction, I have repeatedly, both in pub c and in private and that I was utterly opposed to any obsection with the Northern government, either political, ommercial or social; and for the reason that the same element will remain after the present war is over, that produced the difficulty at first. I have advocated the doctrine for the last twelve years, that in the event that the Un on would ever be dissolved (of which, I had no doubt,) for North Carolina to set up for hereed, and become a sovereign indo-

as the first of the present difficulty, I was in favor of the employment of all heavable means, by which an adjost ment suight be had and a war avoided; for I have ever remerk singst be had as war avoices; for a new ever regrided war as one of the greatest curses that can happen
to any nation. Pescelul propositions were ineffectual and
bloody war is upon us; now i desire p-ace, but on the condition that if he honorable to the South, and by which her
entire ri, his will be respected as d forever secured.

As to the other charges, let my conduct throughout speak r itself-the jurnals of the Convention will speak for them When "the Peace Congress" that met at Washington Camden, fifth City failed to settle the difficulty between the contending Curritack, sixth parties, and war because the vitable, I he'd my freble services in readiness to defend the South to the last. What was my conduct? This many of you know; others do not Early in April, 1861. I called out the militia asyou are aware without any orders from my uperior officers, for the pur-

pose of calling for volunteers for the detence of the state, which was then thought to be threatened. Yo the morning that the regiment mut at bliz bethtown, I received an order from acit General Hake, authorizing me to call for volunteers. The preliminary steps were taken—addresses d livered—the ranks opened—the call made; and three noble and patrict's companie railed, who have since prives their valor at Hanover Court House and before

As often as it was thought necessary the militia were called out in order to faciliate valuatiering, and that without any orders from a sup-rior offi er. November last, Wilmington was thought to be in imminent danger; a call was made by the author-ties on Bladen for the mil tia; I then had the hoor to command that militia. You have not forgotten the feeble condition of my health at that time, and other circumstances in consexion with that expedition. I leave it to you to say whether or not me conduct indicated loyalty to the government or not. Whenever and whatever has been in my power to contribute to the vigorous prosecution of the war, or the comfort, concutence or rights of the mains under my command has

con cheerfully rendered.

The quaker quastion. The ordinarce referred to was inreduced in April, and seemy one who has taken the trouble examine the Journals will see that that ordinance passed he Convention on the 12th day of May, while I was absent from that body, at home attending to a command of the lovernor, holding an election for field officers for the 55th tegim ht. The ordisance was not perfected, much less ussed, be ore lieft Raleigh.

Now with regard to my votes and conduct, while a member of the Convention, I am alone responsible to my constituency; I can in truth say, that lastead of being control of by the Raleigh Standard, I never have read more than five or six numbers of that paper in my life, and but three of them while in the Convention. With regard to Mr. Hol-den, I will say this: he never did, on any occasion, either directly or indirectly, attempt to exert any inflaence upon ms, individually, in any vote that I gave; but I always pur-end a straight forward course, voting as my own judgment and unde standing dictated. Having said this muca. I leave the charges, attaching the medves to the gallty conciences of those who preferred. I desire that you may all vote as freemen, without constraint, and then whether defeated or success.ul, I will be content.

Your obd't serv't. NEHLL KELLY.
