A STATEMENT OF THE KILLED, WOUNDED AND CAPTURED IN THE SEVERAL BATTLES AND OTHER ENGAGEMENTS IN THE

The following table exhibits an approximation to the losses of both parties by the coveral engagements during the year. The Confederate losses are compiled from the official reports of the commanding officers, (when such reports were published.) Of course, we can only guess at the losses of the enemy. The Northern papers seldom publish the official reports of the Federal Generals, and the latter have generally proved themselves such monstrons falsifiers that but little confidence can be placed in their reports when they are published. For instance, Picayone Butler stated his loss at Bethel at about thirty, when it is a notorious fact that one small squad of Magruder's men alone buried thirty-two Federal bodies after the battle.—In estimating the Federal losses, we have adopted the opinions of the Confederate officers commanding, who are gentle men, and upon whose statements reliance may be placed.

the following extract from the Washington correspondence of the New York Times, of a late date.

By returns at the War Department up to the 20th December, I learn that the mortality in our army since the war broke out will reach 22,000. The number killed in battle. skirmishes, Ac., is about 11,000, the number wounded 17,000. The number of prisoners in the South and deserters amount to 6000.

amount to 6000.

If we had the means of ascertaining the Federal losses by the sumerous smaller engal ements, picket skirmishes, e.c., during the year, we might easily earry the number of killed and wounded up to the figure indicated in the New York
