Profits of Cotton Manufacture.

We have before alluded to the large profits of Northern Cotton Manufacturers, as Zachariah Chandler r an inducement to Southern men, who have Jacob M Howard, r any surplus capital to invest, to engage in that enterprise in the South. The Journal of Commerce points to the

enormous dividends the New England manufactures received last year as a proof of the groundlessness of their present clamor for higher tariff. The exhibits of the Journal of Commerce may serve another purpose, in making manifest to the people of the South the advantage of entering largely into manufactures, a branch of business in which, for reasons frequently pointed out 11 Chas H Van Wyck, r by us, they should be far more successful or county, reported by bill recommending than the people of the North. The compa-nies mentioned by the Journal of Commerce 15 J A Griswold, r are mostly engaged in the production of 16 Orange Ferris, r cotton, woolen and worsted goods, upon a large scale, as will be seen by the capital 19 Wm C Fields, r invested :

> COMMUNICATION. BARNWELL C. H., 28th January, 1867. Editors Charleston Mercury:

My DEAR SHES-I have just learned with great regret, that Mrs. Sarah Rowe, of Orangeburg C. I am sure this announcement will touch the heart of every soldier who has passed on the road from Orangeburg to Branchville during the war. Her devotion, her tenderness, her self-sacrifice, can never be forgotten. From the first to the last years of the struggle she was ever to be found on the railroad ministering to the wants and necessities of the troops :- the sick and wounded first, the hungry next; and many a poor soldier has prayed the good God to bless the kind heart and the generous hand that ministered to his wants. Nothing deterred her from this duty of love and pabill, urging the peculiar claims of Chapel Hill, triotism, because she was laboring in the and the advantage to be derived from a transfer cause of her country. Without consulting her (and I am sure North Carolina, and for the relief of the Univers no one will be more surprised than she when she reads this note in your paper,) I propose that every soldier who feels that she has cheered and comforted him on his as such, was a reflection upon the Trustees of the University. THE

QUESTION. GREAT by spending a small portion of my in-come for a Policy on my Life!"

30,000 Persons have Insured in the ETNA LIFE INSURANCE CO.

OF HARTFORD, CONN.,

And others are Daily Applying. THE principle of LIFE INSURANCE has become so well demonstrated, that it is hardly necessary at this day to go into an argument in its support. Every individual who has a family or dear ones dependent upon his existence, is in fact, overlooking, if not violating, one of the most important duties of life, in not guarding them against want, and protecting them from poverty, should death deprive them of his support and assistance.

On an INSURANCE POLICY, procured at a small death, to provide them with subsistence through life. Securing such a policy not only makes life pass more pleasantly, but will bring to the deathbed the happy consolation that your wife and children will not be left destitute, or to THE COLD, CHEERLESS SYMPATHY OF AN UNCHARITA-BLE WORLD. To those whose good impulses are moved to this accomplishment for their family's

future protection, THE ÆTNA LIFE INSURANCE CO. is most cordially recommended for the carrying out of these desires. The Company has been in existence for FORTY EIGHT years, and now, with a

Capital of over \$4,500,000 00 stands as one of the solid monetary institutions of the nation and offers positively the best induce-ments for LIFE INSURANCE in the world. Over five hundred risks have been taken in the last twelve months upon the most influential citizens of North Carolina. Out of this number four have died, making \$23,000 in cash paid over promptly to survivors; and but for this fore-thought and ACTION not one dollar would have been left of their estates for the benefit of their bereaved loved ones. After the 2nd year

holders every year during Life, and at death the Policy is paid to survivors. Risks on ages from 14 to 65 years are taken for a term of years or the WHOLE TERM OF LIFE on amounts from \$1,000 to \$10,000, and the rates are regulated according to age. THIS PROVI-SION CANNOT BE TAKEN FOR DEBT, BUT GOES TO THE FAMILY OR OTHER DEPEND-ENTS FOR THEIR SPECIAL USE AND SUP-PORT. Nothing can possibly be gained by delay in this duty and much may be lost. Of two courses, one of which may leave your family or dependent friends destitute, and the other ASSURES them a comfortable support at your decease; can there be a doubt which is to be chosen? Every one knows that if the pressure of the times bears hard upon a man in the fulness of his strength, it will be far more severe upon a woman and child-ren left at such a conjuncture as this without re-sources or protector, and it is easier for a man to

pay his premium than for his family to live with-out his aid and without means.

It gives to the most harsh and freekled skin both the texture and color of polished ivory, removing all discolorations, whether appearing as freekles, tan. morphew, moth, or black worm specks, and is especially successful in smoothing out the marks left by the SMALL POX. The agents of "L'Email de Paris" most confidently submit to the public the earnest endorse-ments of such distinguished ladies as SIGNORA RISTORI, M'lle FELICITA VESTVALL,
